#### **OBITUARY**

#### Mr. W. A. T. Johnson

Formerly a well-known local cricketer who played for Bedfordshire on a number of occasions and was awarded his county tie. Mr. William Alfred Thomas Johnson, of 61, Garden-road, Dunstable, died at his home on Monday of last week. He was 74 and had been in poor health.

Mr. Johnson came to Dunstable about 43 years ago and worked for a time at Bagshawe's. Later he moved to Harrison Carter, where he stayed as secretary until his retirement.

In the 1920s Bill, as he was known to his many friends, played cricket for Luton Town and later for Dunstable. He timally ioined Leighton Buzzard, for whom he played until retiring from the game during the last year.

At one time he was secretary of the Ex-Servicemen's Association and organised a number of Remembrance Day parades.

The funeral service at Dunstable Cemetery Chapel on Thursday of last week was conducted by the Rev. I. Goodfellow,

Mourners were: Mr. and Mrs. R. W. B. Johnson, son and daughter-in-law and sister: Mr. C. Hood, brother-in-law; Mr. E. Johnson, son and daughter-in-law and sister: Mr. C. Hood, hephew.

Wreaths were from: Wife Nell; Bob, Frances and Linda; Eric, Floric and Michael; Bert and Dolly: Lily and Will; May and Charles; Peter. Nancy, Bryan and Ian Hood; Mr. Skinner; Mr. and Mrs. A. D. Ellis; Mr. and Mrs. F. Brown; Ivy Wood; Marjorit Paddled; Vera and Aubrey Janes; Mr. Holt. Tim and George; Bill Halsey; Staff of Hart and Milliam! Mary and Cyill Smith.

Arrangements were by Mr. Cyril D. Smith, of E. Franklin and Co., Dunstable.

#### Death of a Renhold Farmer and Sportsman

The death occurred on Monday of Mr. John Harold Joyce, of Woodlield Farm, Renhold. Born at Woodfield Farm on February 27, 1892, he lived for a short time at Cardington and served with the Royal Engineers in France during he 1914-18 war. On being invalided out, he returned to Woodfield where he farmed until his death.

A great lover of all sport, he played cricket for Bedfordshire before and after the 1914-18 war and he will be remembered for his many fine displays of batting with Fred Redman, Max Page and Wilfred King. He also played for the Club and Ground, Pyghtle Works, and Renhold, being a founder-member and for many years captain of the village side. side.

He was president of the first Renhold Flower Show held on August 1, 1921, and helped to start the building of the Recreation Hall. A keen footballer, he captained the village side for a number of years.

Mr. Joyce was a member of the former Board of Guardians, and of the National Farmers' Union. A widower for eight years, he is survived by two sons and a daughter.

The funeral service will be at Renhold Parish Church today (Friday) at 12 noon.

#### THE VETERAN IN CRICKET

#### S. P. Keech's Long Career Recalled

It is a paradox of cricket that the veteran is so often the best example of the games youthful spirit. Largely because that the veteran is so often the best example of the game syouthful spirit. Largely because of this zest for cricket he arrives at the stage of declining power almost imperceptiply. Maybe his eye is not so keen as once it was; his tingers no longer impart a spin that makes the pitched bail spit viciously away from its line of flight; and in the field he has lost the quickness that makes a catch out of the hardest chance. But these things escape all but the most observant of us. He still has much to give to the lovellest of games. Tried temperament and ripe experience may enable him to stand his ground when the side's innings is falling into ruin around him; or to capture a wicket at the critical moment. So he remains active among cricketers until nature is abused by his exertions—and he does not outstay his welcome. With truth it has been said that a cricketer never really grows old.

Sidney Poole Keech, whose identity the more readily will spring to readers' minds if I call him "Dollar", began playing club cricket with the Bedford Alma before the last war; so to record that in the season now ending he scored a couple of half-centuries for Bedford Town. reached other useful totals, and, when occasion demanded, bowled with all his old spirit, is to substantiate what I have written about the veteran in cricket. "Dollar" has the healthy look of a man who has sought and found his pleasures on cricket's sunlit fields during these many summers past. He began the 1944 season by watching a match from a pavillon seat and saying to all-conners. "I'm too old to play." Doubtless he will try this self-deception again next year. But I suspect that not until the young men return from the wars to home and cricket will "Dollar" lay aside his willow blade once and for all.

from the wars to home and cricket will "Dollar" lay aside his willow blade once and for all.

FOR COUNTY AT THREE GAMES

A fine all-round sportsman, Sid Keech is nevertheless a modest man who declined to help me in preparing this article, and I have had to delve at random into The Bedfordshire Times files for information about his achievements. So obviously the picture presented here is incomplete. Undoubtedly cricket has been his best game, but he and his great friend and Queen's Works clubmate. Stanley Harris, share a unique distinction. They played for Bedfordshire at three games—cricket, football, and hockey. What a splendid contribution Queen's Works made to County cricket, at the time when Keech and Harris were in their prime! Under the captaincy of Tetley, and later of Golding, there were Keech. Harris. Johnny Ratellife. Basil Rogers (afterwards a professional for Glamorgan). "Wicker" Childs, H. Faulkner, and Alec Pacey, all of whom did well in the Bedfordshire side.

So far as I am able to ascertain. "Dollar's" best season in County cricket was 1931, when he finished fourth in the Bedfordshire batting averages and was second at bowling with 12 wickets for under 13 runs apiece. He reached the peak of his form that year in a match memorable for the recovery Bedfordshire made against

Cambridgeshire. He took five for 65 in Cambridgeshire's first innings of 197. At the tea Interval on the first day Bedfordshire had lost six batsmen and scored only 57 runs. Then Queen's Works came to the rescue. Keech (32) and Harris (17) together put on 51, and the batting side made 125. In Cambridgeshire's second mock (173) Keech's figures were four for 38, so that mainly through his work Bedfordshire were able to make a gallant attempt to win the match; they required 245 runs, and at the linish they were 225 for nine.

Another rescue innings played by Sid Keech in the same season was when the County fared badly against Buckinghamshire, whose bowling seems always to be the skeleton in Bedfordshire's cupboard. In reply to a total of 252 the Bedfordshire players had lost seven batsmen by the time 60 runs were up, but Keech (18) and A. B. Poole (57) weathered the storm until close of play. Rain caused the game to be abandoned on the second day.

OFF FIRST-CLASS BOWLERS The highest score made by

Second day.

OFF FIRST-CLASS BOWLERS
The highest score made by "Dollar" for the County appears to have been his 61 (including ten boundary hits) against Sir Julien Cahn's XI in 1934. It was the highest in the Bedfordshire innings, and made off such bowlers as Peebles and Morkel. From the bowling point of view, Keech's memories of that match cannot be amongst his happiest. He and his colleagues in the County's attack suffered terrible affliction. Sir Julien declared at 445 for four, and his side won by an innings. "Dollar" played a handsome part in the same season in Bedfordshire's fine victory by four wickets over Buckinghamshire. In their second imings Buckinghamshire were out for 114, Keech bowling 14 overs, six of which were maidens, and taking four for 29. Scoring 24 not out, he had the satisfaction of making the winning hit.

"Dollar" has always been a fast scorer, and even to-day he makes some younger batsmen look pedestrian by comparison. He made several centuries in club cricket, and his performances for Queen's Works year after year placed on him the stamp of one of local cricket's finest all-rounders between the two wars.

Sid Keech played at outsideleft for Bedford Town F.C. in a period, soon after the last war, when the Club's standard of performance was probably higher than it has been at any time since then, I find in the 1922 sile of The Bedfordshire Times the opinion that the Eagles' attack was the strongest in the Northants. League, who se championship the team came within an ace of winning. Those with memories long enough will recall the grand forwards of those days—Ederton, Keech, Toseland. Lucas, and Sparrow. "Dollar" was said to have played "a great game" against Chelsea—the Eagles lost a close encounter. 6—4—and when Bedford defeated Northampton Reserves 2—i our critic wrote: "The man of the forward lihe was chiefly responsible for the scoring of Bedford's goals, and was generally there when was chiefly responsible for the scoring of Bedford's goals, and was generally there when was even a

note concerning Sid Keech's cricket. A few weeks ago I saw him drop the simplest of catches, and, as cricketers will his team-mates "pulled his leg" mercilessly. One advised him to get the umpire's permission to "take a sack out." And it occurred to me that here was the true measure of a fine sportsman's popularity. Only popular men have their legs pulled.

When the time comes there will be sadness in his leave-taking. But if I had "Dollar's" memories of days in the sun I should be content and envy no man.

#### DEATH OF MR. "DOLLAR" KEECH

#### County Player in Three Sports

Mr. Sidney Poole Keech, 19 Irwin Road, Bedford, who died on Friday at his home, represented Bedfordshire in no less than three fields of sport, cricket, association football, and hockey.

Aged 64, Mr. Keech is survived by his wife. Mrs. Lilian Vived by his wife, Mrs. Lilian E. Keech, one son and one daughter. Born in Bedford, he was educated at the Clapham Road and Goldington Road Schools, and on leaving school went to work for W. H. Allen Sons and Co. Ltd., where he was chief electrical buyer at the time of his death.

Known to his friends as

Known to his friends as "Dollar," Mr. Keech had this nickname from school days, and it remained all through his life.

his life.

During the 1914-18 war, he served with the 1/120 Bedfordshire Yeomanny and was in France. He was a member of the Gun team. During the 1939-45 war he was in the Home Guard, and stories have it that in those days he was referred to Corporal Dollar.

#### FORCEFUL BAT

At cricket, he was a very forceful batsman, a useful change fast bowler, and could perform behind the wicket if necessary. Mr. Keech was a member of the Bedford Alma Club which won the Bedford League Championship in 1913.

League Championship in 1913.

On his demobilization in 1918, he turned his affections to Queens Works, where he joined such company as Basil Rogers, "Wicker" Childs, Stan Harris and Johny Ratcliffe, all county cricketers in their time, and all coached by Jack Board, of Gloucesershire.

Jack Board, of Gloucesershire.

Perhaps his best season in Minor Counties cricket was in 1931, when Mr. Keech finished fourth in the Bedfordshire batting averages, and was second at bowling, with 12 wickets for under 13 runs apiece.

#### SEVERAL CENTURIES

He made several centuries in club cricket, and his performances for Queens Wo.ks year after year placed on him the stamp of one of local cricket's finest all-rounders between the two wars.

between the two wars.

He played at outside left for Bedford Town AFC in the period soon after the 1914-18 war. He also played for Biggleswade and after that turned to hockey. Playing at right back for the Queens Works XI, he was twice chosen to play for the County.

He was also a very useful tennis player, but latterly was more interested in his allotment.

During Bedford cricket week, Mr. Keech could always be found sitting among his friends at Bedford School.

The funeral service took place at St. Peter's Church, Bedford, on Tuesday.

of 71 Sidney Road, Bedford, the County has lost one of its best-known former all-round athletes.

Aged 72, he was a son of the late Mr. and Mrs. Thomas Keens, who then lived at Haynes. Leaving school at the age of ten, by assiduous self-education he became a well-read man. Beginning in the service of the Post Office as a messenger, he was supterintendent of postmen in Bedford at the time of his retirement.

Mr. Keens lived in Bedford at the time of his retirement.

Mr. Keens lived in Bedford as a cricketer, was a stylish batsman, playing for the Post Office for many years, and also for the old Victoria Cricket Club in the Bedford and District League. He is said to have made more runs in Bedford Park than anyone else. A useful spin bowler, he was also a fine swimmer. Among his other activities were reading and gardening.

He is survived by his wife, formerly Miss Mary Maxey, of Bedford, and three children, Miss Mary Keens, a member of the GP.O. staff, Bedford; Group-Captain L. T. Keens, O.B.E., at present at R.A.F. Headquarters, Aden; and Mr. R. Lyall Keens, Secretary of British Chamber of Commerce. The funeral service will take place at Holy Trinity Church to mercen.

The funeral service will take place at Holy Trinity Church to morrow (Wednesday).

The experience gained by the team in the first match of the term was put to good use in this match. The most noticeable example of this was Swift, who fought in a good attacking style to win all his fights. Dawes, unfortunately, has lost his ability to judge the timing of his attacks. It is hoped that this defeat is to be a superscript of the superscript. defeat is temporary, and that he will soon return to his form of last year. In the sabre Bishop and Muller fought with great determination, but Muller must learn to speed up his attacks. (This also applies to the other member of the sabre team.) J. A. J. WREDDEN.

Subject: Richard and Ross Kellett

Hi Gina

I'm after your valuable help please to enable me to sort out the Kelletts who both played cricket for Bedfordshire. I have a lot of the facts including their birth and death details.

A bit of background. Richard is attributed with playing ten matches for Beds between 1925 and 1927 but I'm beginning to have my doubts about how many he actually played. Ross is stated to have played one match in 1933 but I suspect played more not least because a 1927 newspaper article indicates he was selected for three of the matches credited to Richard.

I'm hoping you can help me solve the conundrum!

The school cricket honours board shows Ross Kellett as playing for the school first team in 1923 at the age of 15 and R Kellett playing in 1924, 1925 and 1926. I know 'R' is Ross as Richard was awarded the CBE in 1943 and the press report indicates he was at Bedford from 1910 to 1923.

Richard definitely played cricket once for the RAF but I wonder if your comprehensive records indicate if he ever played cricket for the School XI? A 1940 report states he played for both the school and County but he could have been mixed up with his brother.

Many thanks for your anticipated help,

Kevin

#### A COUNTY CRICKETER

Squadron-Leader [Kellett] was at Bedford School from 1912 to 1923. Both in the classroom and on the playing field he was a spirited boy of energy and diligence. He did well in his studies, and on the athletic side of the School's life he will best be remembered as a cricketer. A left-handed batsman of the punishing type. Kellett played many fine innings for the school and in later years he did good service to the County eleven. He was also a splendid gymnast, perhaps one of the best that the School ever had. He played in the second Rugby fifteen. Four [Kellett] brothers went to Bedford School and their family lived in Waterloo Road.

On leaving Bedford School Richard Kellett proceeded to the RAF. College at Cranwell. He steadily gained promotion, and in July 1938 he broke into the news as the squadron-leader who commanded the unit of four RAF. planes which achieved one of the most notable non-stop flights ever accomplished by an organized military unit. The flight was from Cranwell to Ismailia, Egypt, a distance of 4.300 miles, and it was completed in thirty-two hours. Squadron-Leader Kellett received a congratulatory message from the Air Ministry.

In November of the same year he gained his first RAF, decoration—the Air Force Cross—when he led the squadron which regained for Britain the non-stop long-distance flight record by flying 7.158 miles from Ismailia to Darwin, Australia. His present home is in Carshalton, Surrey. In 1936 Sqdrn,-Leader Kellett was seconded for service with the Japanese Army, and he holds the Japanese Order of the Sacred Treasure.

Dear Mr King

I am writing to you in connection with a 'Who's Who' of Bedfordshire Cricketers that I am compiling and because you are the only King listed in the Bedford telephone directory as living in Broom

Two Kings played for the Bedfordshire County Cricket team before the Second World War. They were:

R H King 1912 - 1924 J D King 1923 - 1924

According to my researches they both played for Southill Park Cricket Club and they may have been brothers. I have been able to find out that R H went to Eastbourne College and was the son of Herbert King. The family address was The Manor House, Broom. I have been unable to find any information at all about J D.

The purpose of this letter is to ask if you are a relative of the family and, if so, whether you are in a position to help me complete some gaps in the information I am collecting.

The data I would like are:

- First names in full
- Date and place of birth
- Schools/university
- Left or right handed batsman
- Type of bowler
- Any details about their career
- Date and place of death

I do hope you can help, but even if you cannot please let me know as I will then explore other leads. A stamped addressed envelope is enclosed to facilitate your reply.

I look forward to hearing from you.

Yours sincerely

Tony Webb

Dear Mr Bush

I am compiling a 'Who's Who' of all those cricketers who have played for Bedfordshire County Cricket Club between 1919 and 1939. In this context I hope that you may be able to provide

me with some information about R H King who appeared for the County from 1912 to 1924 and was a former pupil at the College.

According to Wisden, Rex King was in the Eastbourne College cricket eleven in 1910 and 1911. I believe he was also a good rugby player and according to the Bedfordshire press played for the Harlequins.

The information I am seeking is:

First names in full REGINALD HERBERT
Date of birth 23/02/1893
Place of birth ? Address of his parents and his father's occupation

Any details you may have about his career

Date of death 3 M record of it-

Details of any brothers or sons who also attended the College I don't think so. We record of any.

It would be very encouraging if you are able to supply any of these details. A stamped addressed envelope is enclosed to facilitate your reply and I look forward to hearing from you.

#### CRICKET CHARACTERS.

- H. A. V. MAYNARD (captain).—Has made an excellent captain, both on and off the field. He has nearly always bowled well and he had a great month in the middle of the season. As a bat he was out of form during June, but has played some fine innings since and he can tackle good bowling on his day. Smart and dashing in the field.
- Dalpat Singh.—Has played some fine innings during the term and got runs with great consistency.

  His cutting and leg glides were excellent. He was also a first-rate slip and a bowler who often had a good day.
- R. H. King.—His style is thoroughly up to-date and, as he has an eye, it is curious that he has not got more runs. He also looks a bowler, though he seldom gets a wicket. He has made some excellent catches.
- H. J. COXHEAD.—Has done well at times as a fast bowler but it takes very little to put him off. He has much improved as a bat and has played some valuable innings. Has a safe pair of hands in the field

CASIBONAMAN JORY 1911

starter and has a very weak leg stroke. His slow bowling has been distinctly good. In the field he is very neat and dashing, but his catching is not exactly safe.

- Dalpat Singh.—Has been rather disappointing this season, though he has not had the best of luck. His best strokes are still his cuts and glides; when he drives, he is too apt to put the ball up. He is a useful change bowler with a distinct swerve and he works hard in the field.
- J. L. CORAM.—A hitter who can at all events be trusted to hit something even if it is only the air. He has played several useful knocks but might easily become a better bat if he picked his balls more carefully. His fielding at extra cover has been excellent.
- H. Doughty.—Hit very finely in the early part of the term, but after one or two failures he seemed to rather fizzle out. He has improved as a fielder but is probably better in the slips than in the country.
- R. H. King.—A bowler who can undoubtedly send down some really queer balls and who is always likely to get a wicket, but at present he is deficient in the matter of length. His batting seems to have gone steadily off and he would do much better if he kept his right leg still. He must let his hands give more in the field.
- H. S. Malik.—A promising bat who, but for his flourish, would get a good many runs. At present this does for him on a fast wicket. He has a good action as a bowler but no length. Neat but slow in the field.

Dear Roger

I've been asked by Bedfordshire County Cricket Club to put together an A-Z of all who have played for the County in senior representative cricket since the first match in 1855. The idea is to publish a book, probably in the spring of 2020; most Minor Counties have already done so.

I believe you played one match in the Minor County Championship in 1957 and I'd be really grateful if you could complete the attached form and return it to me at your earliest convenience.

I enclose a stamped addressed envelope and look forward to hearing from you.

Yours sincerely

lleur

#### RUN-SEEKERS MAKE MERRY WITH CENTURIES IN THE SUNSHINE

BRIGHT sunshine and hard wickets produced a feast of runs on local cricket grounds during the week-end. While bowlers and fieldsmen toiled centuries were almost commonplace. And they came at a rare pace.

OVER at Newnham Avenue Harpur's Roger King (pictured left) was hitting his club's highest individual score for many years-126 not out in two hours. Seventyfour of his runs came in boundaries, three clean over it and 14 across.

NORMAN Cooley (right), who last week established a personal best of 132 in Bedford's cricket week at The Bury, was again in cracking form on Sunday, carrying his bat with 103.

PRIDE of place went to R. R. Bailey of Queens Works whose unbeaten 103, scored in 78 minutes at Allen Park, must rate the fastest this season. His 100 came up with a huge six, his third of the innings.

#### But this century was in vain

Yet another century was scored by a visitor to the Bury on Saturday, Aylesbury II's opener Phillips, but his side still lost to the Town II -by five runs.

#### **LOOKED** CONFIDENT

OGER KING soon looked confident against the Peterborough Brotherhoods' bowling.

Runs came at a brisk rate. 117 were on the when board Middleton was back.

Middleton had contributed 61, which included eight fours.

King went on to attack the bowling and raced from 80 to century with 6, 4, 6, 4.

In all, he hit three sixes and 14 fours and enabled a de-claration after only two hours' patting.

Left with 2¼ hours, Brother-hoods were soon in trouble against the spin attack of Williams and Smith, and never recovered.

The rate of two runs an over with conditions entirely on the side of batsmen, was a wrong policy.

#### To Play Biggleswade in Final Next Thursday

Harpur Sports, winners of the Bedford and District Hospital Cup five times and finalists 11 times since the inception of the competition in 1933, achieved a thrilling victory by eight runs over Bedford Town, the holders, in the semi-final in Bedford Park on Wednesday. In the final on the same ground next Thursday, starting at 6 p.m., Harpur will oppose Biggleswade.

August was run out after making the Town's ton score field for the final for the second time. They were beaten at this stage in 1951 by Bedford Town.

Big crowds saw the semi-finals in hot, sultry weather. The collection on Tuesday totalled more than £14 and that on Wednesday £22 16s. 6d.

Harpur's success avenged the defeat inflicted on them by the Town in the final last summer. The teams, incidentally, have met three times in semi-finals—in 1949, 1952 and this year—and on each occasion Harpur have won.

Batting first, Harpur lost King in Jenkins's first over, but with the brothers Webster together, runs came steadily. There were 34 on the board when A. Webster was run out as the result of a fine piece of fielding at short leg.

Greene, next in, allowed R. Webster to have the strike and off one over from Jenkins, he hit 15—three fours, a two, and a single.

After scoring 34, however, Webster was adjudged leg-before J. Newman clouted a quick 16 and the innings ended at 90 for six off 20 overs. The Town's fielding was good and Javis in the gully saved at least 20 runs.

#### Harpur report on a good season

"It was a commendable season from the playing point of view", stated Mr. C. Newman, hon. secretary of Harpur Sports Cricket Club, in his report to their annual meeting at the King's Arms Hotel, Bedford, last week. Of the 58 games arranged for the three teams, 27 were won, 18 drawn, 11 lost, and two abandoned.

During the season the club won the Coronation Shield and the Bedford Town Six-a-side Competition, in the nnal of which Harpur "A" narrowly beat their "B" side.

Congratulations were extended to Tony Ingledew and Phil Gilbert on being chosen to play for Bedfordshire in the Minor Counties Competition. "It is pleasing to note that they both acquitted themselves with credit", commented Mr. Newman.

#### BIGGLESWADE'S WIN IN CUP

FINAL

In one of the greatest Bedford Hospital Cup finals of recent years, full of excitement and played in the finest of spirits, Biggleswade defeated Harpur Sports by seven runs at Bedford Park last night, thus winning the trophy for the first time.

Splendid weather, a splendid cowd, and a record collection of £53 10s. 0d. added to the evening's pleasure.

Biggleswade won the toss and opened with Smith and Williams, the latter having returned from Wales, where he was on holiday for the game. He had not returned for a "duck", and he took six of the seven runs scored off the first of the 24 overs. Only a couple of singles followed from the next two overs, but then smith square cut Gilbert for form and nine came from the over.

AGGRESSIVE HITTING
Harpur's ground fielding was exceptionally good, but the Biggleswade pair backed aggressive hitting with quick running. Williams took wosticcessive fours of King but touched the next ball to wicketkeeper Webster. He had made 28 out of 45 in ninovers.

Mark King joined Smith and the scoring rate of five an over was maintained. Smith treated the square leg spectators to a glorious six before a skied catch ended a fine in nings; of 37 out of 77 in .13 overs.

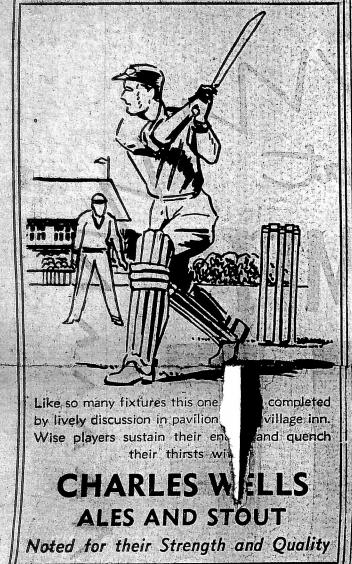

Then came a dramatic change with three wickets going in four balls, Ferguson bowling King and Carr, and Gilbert bowling Humphries (88—five, 17 overs).

Miller and Brunt checked the collapse, Miller putting the fourth of the last of the first of the collapse, Miller putting the fourth of the last of the first of the stream of the square leg spectators to a glorious six before a skied catch ended a fine in nings; of 37 out of 77 in .13 overs.

FOR COUNTY

BEDFORDSHIRE'S desire to give promising young players a chance in championship cricket is further underlined by the choice of two new batsmen for the Minor Counties game against Cambridgeshire at Ely next Tuesday and Wednesday.

They are Bedford-born Roger King, Harpur Sports' 20-yearold opening batsman, and Barry Robinson, aged 25, of lost through rain, Bedford-shire's opening Minor Country of the control of the cont

#### School's Last Pair Force

a Draw

Rain played an important part in Bedford School's annual two-innings match with Tonbridge, which was drawn. The start on Friday was delayed, but Prideaux, a Kent Second XI batsman, played a sound, unruffled innings of 51.

After lunch, hot sun produced a difficult wicket on which the ball "bit", and Bensley and Eldridge bowled particularly well, getting half the Tonbridge side out for 87.

Cooper (four for 20) also bowled his leg-breaks accurately, and Tonbridge were 138 for nine. Then came the turning point, with Tonbridge's last wicket adding an invaluable 41, though there were numerous occasions on which the batsmen played and missed, or edged the ball just wide of fleldsmen. Bensley bowled yery well—three for 32 in 20 overs.

The School innings never settled down, Page and Meredith (who in the two innings took ten for 11) both found more life in the pitch, and unsound strokes saw Bedford's total at 35 for nine. Again a last-wicket stand; this time a very sound one by Cooper and Bensley, brought the total up to 66.

# Argus squeezed

BEDFORD Argus, who lost their unbeaten record in their 13th game against Oakley last week, failed to get back to winning ways when they fell five short of Bromham's total of 164 in a Millman Trophy tie.

Early Bromham bats-men were well contained by Merrill and Buckingham and only 41 runs came in the first 18 overs.

But Coates swung the game in Bromham's favour, having several "lives", and going on to make 66.

With Gill, Frossell and King all showing good form, and with Brian Peters still at the wicket, Argus looked in a comfortable position at 94-3 in reply

But they were denied victory despite some frantic hitting by last man Buckingham in the final

### Stansell 6-28 raps Igranic

Shefford chose to bat in their Trophy game with Igranic and it proved to be a wise decision. After losing the first wicket at 30, Rockall and Swaney added 93 before Rockall

was caught in the deep.

Wickets began to fall a little more regularly after this, although Swaney still scored well. After the 45 overs Shefford had amassed 176.

Igranic started disastrously, with Hazelwood being out second ball. Stansell was bowling well and wickets fell at all-too-regular intervals: at one stage Igranic were 38-7.

Dawkins and Burnage offered a little resistance for the last wicket but Stansell's early venom proved too much for

Stansell was nominated as man of the match.

Ridgmont v. Wilden proved to be one of the highest-scoring matches in the league, as no fewer than 235 runs were scored in 2 hours 10 minutes batting. Ridgmont must have thought that they had scored enough with 117-5. A. Bunker had 26, and then followed a delightful unbroken sixthwicket partnership be-tween M. Wynn (43 not out) and D. RAE continue to set a strong pace, recording their fifth successive win at the expense of Britannia. Batting first they scored 87-5, R. Clark Tyler also remain undefeated in this division. They beat Sainsburys by 53 runs. They were given a great start by their openers P. Darlow (26) and M. Dobson (15), and when the number three batsman, G. Kavanagh, also added his weight with a hefty 33, it was no surprise to see the score leap

to 98-5. Only Ian Breck-nock could shine with the bat for Sainsburys. Opening the innings he must have had mixed feelings as he watched three wickets fall rather quickly. Brecknock was finally out for 22 — almost half of the final total of 45. J. Nelson was the main-cause for these failings

Goldington v. Unigate was a great game with Unigate finally winning by two runs, with everything hinging on the last two balls. Unigate had done well to reach 76-7, and this was mainly contributed by the strong middle batting; C. Berrill (10), E. Baxter (16), M. Jakes (10 not out) and R. Tillotson (15). Goldington lost I. A well-known local sportsman, Mr. Roger Andrew King, was married to Miss Shirley Anne Martin, at St. Peter's Church, Bedford, on Saturday.

Miss Martin is the only daughter of Mr. and Mrs. J. Martin, 40 Queen Street, Bed-ford. She is employed at Telephone House, Bedford.

Mr. King is the younger son of Mrs. King and the late Mr. R. King, 32 Wellington Street, Bedford. He is opening bat for Harpur Sports Cricket Club, and for the past two seasons has assisted Kempston Rovers Football Club. He is now centre half for Potton United Football Club.

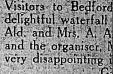

The bride wore white lace over taffeta, with a short circular veil, and a headdress of white net and orange blossom. She carried a bouquet of red roses.

Her two bridesmaids, Miss Jean Lovesey and Miss Jennifer Summerfield (friends), wore white brocade with headdresses of red roses. They wore red shoes and gloves, and carried bouquets of red roses and white carriations.

The best man was Mr. Terry King (brother of bridegroom), and the groomsmen were Mr. Alec Martin and Mr. Tony Martin (brothers of bride).

The service was conducted by the Rev. John W. H. Faulk-ner and a reception was held at the Grosvenor Club, Ashburnham Road.

Their future home is at 200 Foster Hill Road, Bedford.

OFFICIAL PROGRAMME

Whilst we are on the subject of acknowledgements, there are two other people whose contribution and work load in the name of **Bedford Town Football Club** often goes unnoticed.

I am sure that everyone has been more than impressed with the quality of the Programme this season. We are indebted to **Josie Meaney** for her unstinting work in producing a professional programme which must be the envy of many other clubs. *Thanks Josie*.

Thanks also to **Nic Meaney** our own 'Sparky' who has, on more than one occasion, 'kept the show on the road', or (more to the point), 'light on the subject', with his ever increasing knowledge of our temperamental floodlights.

Thank you both for your unwavering support in these and many other ways, for the good of **Bedford Town Football Club**.

### Tribute to Terry King

This season has been what can only be described as *the crowning* glory of Terry King's three year reign at Bedford Town Football Club - and what a way to go - flying high on three promotions and several cup successes. He has certainly gained a rightful place in the history of the Club which owes a debt of gratitude to this man for his contributions over the years.

Terry King became manager of Bedford Town at the start of season 1992/93, having come out of retirement after a 45 year association with *Potton United*. At that time the Eagles had just completed their first season of non-league football after a 10 year break, and had finished the term in 4th position of *Division One* of the *South Midlands Football League*, playing on a park pitch under the management of Tony Sullivan who, on Terry King's arrival, moved comfortably into the position of Assistant Manager.

During his first season with the Eagles, he skippered the side to the Championship of the First Division and claimed the Harry Robinson Trophy which was the icing on the cake, beating Kempston Rovers 1-0. Terry guided players such as Vernon Pedley, Tony Luff, Dave Liddle, Billy Horn, John Friend, Aaron Coker, Jason Reed, John Carmichael, Martin Cox, Ian Phelan, Paul Daniels, Paul Grant and Jamie Hunter to these victories, clocking up 163 goals in 46 games, conceding only 40 goals, losing a mere 4 and drawing 5 matches. Watching eagerly from the dug out, Terry witnessed his players performing brilliantly against such teams as Flamstead, London Colney, Sandy Albion and Bedford United when, after being beaten on Boxing Day, Bedford

put all to rights on the Easter Monday with Jamie Hunter netting a hat-trick against his old club. **Terry** will undoubtedly remember 3rd May, 1993, when **Bedford** won the league in front of a huge Bank Holiday crowd, beating Caddington 6-1 with six different **Eagles** scorers. Also during this season he was eventually named the SML 'Manager of the Month' for April.

The following Season (1993/94) **Terry** experienced a move in two directions, one to the *New Eyrie* in *Meadow Lane*, the other into the *Premier Division* of the *SML*. His name will go down in history as being the first manager to be installed at the new ground. This season also saw the team entering no less than 9 cup Competitions, which, perhaps with hindsight, was a little over the top. However, **Terry** did achieve clinching the *Hinchingbrooke Cup* and the *South Midlands Floodlit Cup*, on the way to securing yet another *championship* in the *Premier Division*. During this term **Terry** led the **Eagles** out three times against his old team *Potton United*, at first unsuccessfully in the *Bedfordshire Senior Cup*, and then later on in the *Hinchingbrooke Cup*, which necessitated being played twice due to a draw in the semi final, this time winning 4-1. These must have been emotional games for him. As was undoubtedly reaching the final in the *Bedfordshire Premier Cup against Endsleigh Division One side Luton Town*, losing 2-1 in the dying minutes of play.

Season 1994/95 has been a real challenge for **Terry**. A season of thrills and spills has ended with promotion bids being closely contested for against strong opposition, a completely different style of football and sadly, the loss of right hand man **Andy Lloyd**. However, **Terry** has risen above all these obstacles, pressing on stoically for a promotion bid to **Division Two** of the **Diadora Football League** and the finals of the *Hinchingbrooke Cup* and the *Bedfordshire Senior Cup*.

**Terry** will always have a special place in **Eagles'** memories, and we hope to see him cheering the **Eagles** teams of the future, as his larger than life view points and personality will always have an audience at the *New Eyrie*.

### COUNTY CRICKET NOTES.

### By "How's That?"

Enthuslasm.

Enthusiasm.

It is only natural that the County Club should be the first to feel the effect of the tremendous growth of enthusiasm for cricket in the County, and it is very pleasing to call attention to what I believe is a record in the history of our shire cricket. So great is the number of applications for games with the Club and Ground that it has been found the Club and Ground that it has been found the Club and Ground that it has been found necessary to arrange a few extra fixtures to relieve the pressure. For the first time, then, next Saturday, the Club and Ground is able to turn out two teams—one against the Bedford and District League champions, Queen's Works, on the Queen's Recreation Ground, and the other against a team representing the League itself on the Goldington road ground. road ground.

### Young Talent,

While the former team will contain most While the former team will contain mestof the seasoned players, the latter match will
be especially interesting as it will include on
both sides some young players of promise.
Tribute must be paid to the League Committee for their ready response to the request to
provide the opposition. It is the only date
on which such a fixture could take place on on which such a fixture could that programme, which starts on the following Saturday. Certainly it is only by such matches as this that promising and keen young players can get a chance of the recognition they deserve.

### The Club and Ground Teams.

The Club and Ground Teams.

The team to meet Queen's Works at Biddenham at 1.45 p.m. will be selected from: E. G. Penstone (capt.), W. E. King, P. Burke, W. Bayell-Jones, Capt. Rait-Kerr, L. Clark, Capt. D. Gaye, E. D. Daunt, J. H. Joyce, W. W. Corfield, H. Makey, and Dilley. Umpire, Capt. Hime.

The other team, which plays on the Club ground against the League at 2.15 p.m., is selected from: A. W. H. Poole (capt.), A. K. Warner, K. Miller, C. Skevington, F. Redman, E. Hill, O. J. J. Lowe, W. H. Piper, H. Worsley, L. Keens, H. Perry, and Penn. Umpire, H. Piper.

### New Men.

New Men.

Just a word about one or two of the young talent appearing for the first time in a Cluband Ground team. Hill is the old ModernSchool captain, who, if I remember rightly, is a batsman, with a stout heart and defence. He lacks a little in physique at present, and this same remark applies to his late schoolfellow, Keens. The latter has a real cricket name and nature; he has a good idea of wicket-keeping, and if he took my advice he would master this department of the game first, and thus leave his batting to take care of itself for the present. Perry is another of itself for the present. Perry is another wicket-keeper, from Henlow, who has written for a trial. W. H. Piper is the Town footballer, a bowler of good pace, who should now concentrate on direction and length. V. Williams, a new-comer to Bedford from South Africa, would have played next Saturday, but has expressed a desire to first make himself familiar with English wickets at the nets. He has never before played on grass wickets.

### Basil Rogers,

Basil Rogers, son of "Dick," and late of Queen's Works, is making his debut in firstclass cricket next week, when he becomes qualified for Glamorganshire. He has been given three games against Surrey next Wednesday, Yorkshire and Lancashire. What mesday, Yorkshire and Lancasnire. where opponents for a bowler to make a start against! Everyone will wish Rogers the best of luck, and "may you often get that one in, Basil, with just that extra 'nip' is it." If the Old Modernian's temperament was a little more "crickety," he would indeed be a great bowler, but perhaps he has mained this qualification in the West. Let gained this qualification in the West. us hope so.

### Whitsuntide Cricket.

A word of advice to those about to make arrangements to go away from Bedford for the Whitsun holiday. Don't; spend a cheap, the Whitsun holiday. Don't; spend a cheap, reatful holiday watching County cricket. On Saturday, May 19th, Beds. receive a visit from the M.C.C., and on the Whit-Monday and Tuesday, Kent II. are entertained. Both matches are to be played on the Goldington-road ground, and hopes are entertained of a record attendance. Evening entertainment will be provided by the Bedford Amateur Operatic Society, who are that week producing Gilbert and Sullivan's "Haddon Hall."

WILFRED E. KING.

BEDFORDSHIRE'S COUNTY CAPTAIN.

What more popular cricketer throughout What more popular cricketer throughout the county could be chosen to inaugurate a new feature than Wilfred King, Bedfordshire's captain, left-handed hitter, and slow to medium bowler? While Wilfred is on the field he is usually the cause of excitement of some kind. He is either thrilling the spectators with his extraordinarily powerful strokes tors with his extraordinarily powerful strokes which send the ball soaring well over their heads, or he is exciting the mind of the padded bataman waiting for one of his predecessors to be beaten and bowled, when he himself will be called upon to face bowling which borders on the art of wizardry, when King gets a wight to his lilium.

Born at Keysoe Park on July 6, 1884, educated at Bodford Modern School, he was blessed, in addition to the services of "Dick" Rogers as a coach, with an enthusiastic cricketing father, and many a time, when a youth, King has taken 50 or 100 runs out of his cricketing "bag" he has placed a similar number of coins in his "every-day bage," the sift of a generous and proud parent. The gift of a generous and proud parent. present captain first turned out for his County

in 1905, against Northumberland, scoring 55 and 12, while in his next County match, which was against Staffordshire, he met and flogged the famous bowler Barnes for 83 of the best. At the end of this season we find King had 1233 runs and 118 wickets to his credit. The next year was his best in aggregate runs and wickets, scoring 1,603 and taking 151. Every year up to 1914 found him making his thousand runs and taking 100 wickets. Here are a few details of several season's work:—

		Runs.	Wkts.	Centurie
1904	 	 1272	194	
1905	 	 1233	118	2
1906	 	 1603	151	2
1907			148	3
1908		1382	134	3
1909		1325	84	1
1910		1686	131	5
1911		1005	58	3

While his post-war totals do not reach the heights of his pre-war records, some of his hoights of his first have been made in recent years. His coven wickets for six runs last year against Bucks., on the School ground, was a feat through which Beds. won their only match of the senson, and for which his fellow players relieved him of the fag of walking off the field, for they shouldered him to the pavilion. Another great performance was against Hertfordshire, when he scored exactly 100 in 50 minutes. To show the condition to which King had reduced the Herts, bowling, Titchmarsh, who has just returned from Australia with Maclaren's team, was put on, and his one and only over was treated by the left-hander thus; 6, 4, 4, 6, 4. Then "Titch" bowled a wide in despair; Wilfred ran out after it, and tipped best County individual efforts have been made was treated by the left-hander thus: 6, 4, 4, 6, 4. Then "Titch" bowled a wide in despair; Wilfred ran out after it, and tipped it for another 6. Altogether, his hundred contained six 6's, eleven 4's, two 3's, three 2's, and only eight singles. For Beds. Farmers against Hunts. Farmers King made last June 177 not out, which included thirteen 6's and fifteen 4's. His best bowling performance in any match was for Club and Ground v. Bedford School, in 1913, when, playing 12 a-side, he took all eleven wickets. These performances are wonderful for a cricketer who has no physical defect, but how much more excepances are wonderful for a cricketer who has no physical defect, but how much more exceptional are they when it is realised that Wilfred can only boast of two fingers and a thumb on his left hand, and cannot raise his right arm above the horizontal position.

One cannot conclude this short sketch without paying tribute to Wilfred King's popularity with cricketers of all grades. He is a sportsman to the backbone, and Belfowlabing

sportsman to the backbone, and Bedfordshire may justly be proud of its cricket captain. Next week I hope to hang in our gallery

Queen's Works Oricket Team, with a short aketch of its history.

Dear Mr Webb,

### **Graham Sidney Leventhorpe**

You have taken me back a long way! You must have done some keen detective work to trace me after all these years.. I will do my best to provide you with some information on my father's cricketing career, but I was only 12 at the outbreak of the Second World War, after which date I don't think he ever touched bat or ball.

He was indeed born in India, at Poona, where my grandfather was in the Indian Civil Service. He was a right handed bat and certainly on occasion kept wicket - he had a remarkably good and quick eye. I cannot help you over the Indian Cricket Board, but he was only out there apart from as a boy. Between 1929-1931. Does that date fit? Could it have been his father?

He certainly played cricket in India, regularly playing with the Maharajah of Patiala, a fanatical player, who, short of a flat area in his domain, took the top off a mountain! My father was a "lazy" bat and preferred to score in boundaries, especially in the heat of India and this was quite costly in balls lost over the edge. He played regularly in R.A. and R.E. fixtures when in England.. He was chosen as an Instructor at Staff College in the '20's because they wanted a good opening bat.

He died in November 1963 at his home Twyford House, Twyford, Winchester, Hants.

He was commissioned in 1910, and served throughout the first World War in France winning a D.S.O., I believe for keeping his guns firing under close attack; he was also Mentioned in Dispatches. He was again Mentioned in Dispatches in World War Two, after Dunkirk where as divisional C.R.A. he instructed his gunners to destroy their guns and take their gun sights home with them. He and Monty fell out and he spent the rest of the war on home staff appointments. Apart from dabbling in market gardening, he did not take up any business interests, but did have a number of local and charitable interests.

Yours Sincerely

R.C.Leventhorpe.

Dear Mr Gould

I am writing to thank you very much indeed for your most helpful response to my enquiry about two former pupils who had played for Bedfordshire County Cricket Club.

By chance, I was put in touch with Graham Sydney Leventhorpe's son who lives on the Isle of Man. In case you want to add the information to the College Register, I can confirm that Graham Leventhorpe was born in India - at Poona - and that he died at Twyford, Winchester.

If I find out anything more about Henry Radice, I will let you know.

Thank you again for your help and please don't acknowledge this letter.

Yours sincerely

Leventhorpe's father (J.B. Leventhorpe) does not add any factual detail on addresses except that he went to the Royal Indian Engineering College in 1875, was with the Public Works Department in India in 1877, an Executive Engineer in 1887 and retired in 1910 as Superintendent Engineer, which means probably that G.S. was born in India.

I hope this is of some help to you. Dr. Rogers will follow up with anything further he might find in the archives.

In 1910 he went as medical officer to Rossall School, where he was for five terms, and in the holidays did his training at Aldershot as a lieutenant of the R.A.M.C. in the Special Reserve.

At the hospital he played cricket, being in the team that won the Inter-Hospital Challenge Cup. At the Inter-Hospital Sports he won the Three Miles, Mile, and Half Mile races, and in a contest between the United Hospitals and Trinity College, Dublin, defeated the Amateur Champion of Iteland in the Three Miles.

In Jan. 1912, he went as Medical Officer to the Kuala Lumpur Rubbet Co., and last August Bank Holiday captained the Federated Malay States cricket team that defeated Singapore for the first time in thirteen years.

He did some very good work on malaria, and a paper embodying the results of his three years' experience is to

be read before the Society of Tropical Medicine.

Having been recalled by the War Office last October, he was gazetted Captain, and sent to Bulford, where the Canadians had many cases of cerebro-spinal meningitis. Having formed a theory that the disease was communicated by horses, he conducted many experiments to test it, and though he cannot be said to have established the truth, he fell ill, and, after appearing to be making a good recovery, had a relapse and died on March 16th. He was buried at Pavenham, Mr. Evans taking the service. Though he did not die on the field of battle he gave his life in the service of his country.

fifth son of Captain Henry Wallish Maclear of the Buffs [East Kent

Regiment], [Major in October 1885], who ended up as practicing as a doctor

in Bedford, and Mary Comerford Maclear, formerly Casey. Killed in action 24 May 1915 North West of Wieltje, near Ypres.

Type of Player Batsman and bowler

**Education** Bedford Grammar School [1893-1899]; Cricket XI [1896-1899]

Royal Military Academy, Sandhurst 1899-1900 [Cricket XI 1900]

Main Teams Bedfordshire 1900-1909 - 5 matches with 3 in 1900 and 2 in 1909.

[Career record 1900-1909 5, 8, 0, 39, 85, 10.62 - - 1 3 - 126, 104, 1, 104.00, 1-67.]

Military Career Royal Military Academy, Sandhurst 1899- 1900 winning Sword of Honour Joined Royal Dublin Fusiliers 1900 as Second Lieutenant. Served in Boer War 1900-1902 and mentioned in Despatches and awarded the Queen's Medal with five clasps. Appointed captain in 1902 and served as second in command and adjutant of the Lagos Battalion West African Field Force (WAFF) in 1903 and to full command in 1905. In that year he returned home and was stationed at Fermoy, Munster and began his international Rugby Career for Ireland. In 1911 he was posted to the staff of the Royal Military College, Sandhurst where he remained until February 1915. He was then sent to the Western Front arriving in France in March. A month later he was dead having been killed in action on 24 May 1915, northwest of Wieltje, near Ypres. He is reported as having died leading a bombing party to beat back some of the advancing enemy when he was shot through the throat. His body was not recovered and he is commemorated on the Ypres Menin Gate Memorial.

Rugby Career He is best known as a rugby player, with 11 appearances for Ireland between 1905 and 1907, being on the winning side six times, including three wins against England. He had been eligible to play for England but had been overlooked by the England Selectors. He is reported as being a forceful rather than a subtle player weighing in 14 stones and just short of six feet tall. He scored a try in his debut match against England in 1905 which Ireland won. In 1906 he scored an 80 metre try against South Africa regarded as one of greatest in the history of Irish Rugby — Ireland lost by 15 points to 12. A persistent knee injury cut short his international career. In 2015 he was inducted to the World Rugby Hall of Fame.

He began his playing career in the Bedford School Rugby XV for five years between 1895 and 1899, the last three seasons as captain. For the school, he had usually played as a forward. He made his debut in club rugby for Blackheath at age 15. Other senior teams played for, usually as a centre or wing, included the Royal Military Academy, Sandhurst; Bedford; Monkstown, Cork County, Munster and the Barbarians.

**Family Connections** Basil Maclear was grandson of Sir Thomas Maclear, the late Astronomer Royal at the Observatory at Cape Town, who was also close friends with David Livingstone, as they shared a common interest in the exploration of Africa. The Maclear crater on the moon is named after Sir Thomas, as is Maclear's Beacon on Table Mountain, the town of Maclear in South Africa, and Cape Maclear in Malawi.

There were five brothers, three of whom were killed in the First World War –Percy in 1914, commanding the Second Nigeria Regiment in the Cameroons; Harry with the Royal Dublin Fusiliers near Loos in 1916; and Basil himself. As part of the events to celebrate the one hundred years anniversary of the First World War a lecture took place on 8 October 2015 at Bedford School on the subject of the Maclear brothers which was given by James Smith and Stephen Walker.

1905 and 1907. One newspaper described him as a "lion of the game." Another suggested he was "one of the greatest three-quarter backs who ever played rugby for Ireland or for any other national XV."

Basil's mother, Mary Comerford Casey Maclear, was born in 1845 in Liverpool, the daughter of a Merseyside soap magnate and the descendant of the Comerford family of Co Wexford and Cork. Her grandmother, Jane Comerford, daughter of Peter Comerford, a wine merchant in Cork in the late 18th century, married her cousin Edwards Casey of Cahirgal and Elmgrove, Cork, in 1792, and the Comerford name was continued through their descendants for many generations.

Edwards Casey, who died in 1827, and his wife Jane Comerford had six sons and three daughters. One of their sons, William Comerford Casey, was a freeman of Cork, and voted in the 1827 election. Soon after, he later moved to Wavertree, Liverpool, and was a soap manufacturer in Liverpool, where he was partner with his brother George Casey in the firm of WC and G Casey.

William Comerford Casey married Susannah (born 1815), daughter of John Hawkins (1791-1877), solicitor, of Hitchin, Hertfordshire, and his wife Susannah Theed Pearse (1791-1847). Her brother, Sir Henry Hawkins (1817-1907) was a barrister and judge, and became Lord Bampton. Susannah and William Comerford Casey were the parents of four sons and four daughters.

William Comerford Casey died in 1852. His daughter, Mary Comerford Casey, was born in Liverpool in 1845, and baptised in Holy Trinity Church, Wavertree, 25 April 1845. In June 1870, she married her cousin, Major Henry 'Harry' Wallich Maclear (1845-1911), an officer in the 3rd Buffs who practised as a doctor in Bedford.

Harry Maclear was born in Cape Town on 31 October 1845. His father, Sir Thomas Maclear, was the Astronomer Royal in Cape Town. Sir Thomas was born in Newtownstewart, Co Tyrone, and studied medicine at the Royal College of Surgeons in London. But he spent much of his life working as an astronomer and in 1860 he was knighted for his scientific excellence. He was a close friend of David Livingstone, and they shared a common interest in the exploration of Africa. The crater Maclear on the Moon is named after him, as are Maclear's Beacon on Table Mountain, the town of Maclear, South Africa and Cape Maclear in Malawi.

Dr Maclear's brother, John Fiot Lee Pearse Maclear (1838-1907), was an Admiral in the Royal Navy, known for his work in hydrography and as the commander of *HMS Challenger*. He has given his name to Maclear Island and Mount Maclear in Queensland.

Dr Harry Maclear died on 6 February 1911. Mary Comerford Casey and Harry Maclear were the parents of five sons; four of their sons were army officers, and three were killed in World War I:

- 1, (Lieutenant-Colonel) Harry Maclear, DSO (1872-1916). An officer in the East Lancashire Regiment, he was killed on 15 March 1916 while commanding the 13th Royal Scots at the Pas de Calais, France, and is buried at Mazingarbe Communal Cemetery.

  2, Arthur Maclear (1873-1945), a miniature painter.
- **3**, (Lieutenant-Colonel) **Percy Maclear** (1875-1914). He was killed on 30 August 1914 in the Cameroons while commanding the 2nd Nigeria Regiment of the West African FF. He married **Ethel Pethean** and they had a daughter:
- **1a, Eileen Mary Maclear** (1910-1989); she was born in Bolton, Lancashire, and died in North Tawton, Devon.
- **4**, (Lieutenant-Colonel) **Ronald Maclear**, OBE, MC (1877-1932), Registrar of Bodmin. He too was noted Rugby player he played rugby for Bedford and the East Midlands, played 48 county matches and played for England v The Rest of England. In 1907, he married Emma Grizel Stronach, daughter of John Stronach of Ceylon and Bedford; she died in Bognor Regis in 1940.

Captain Basil Maclear Royal Dublin Fusiliers Died 24 May 1915 Aged 34 Centre Eleven Caps

'A keen soldier, a great athlete, an honest English Gentleman'

Basil Maclear was born on 7 April 1881 in Portsmouth, England, the fifth son of Major H. W. Maclear (The Buffs) and Mrs Maclear of Bedford and grandson of Sir Thomas Maclear, late Astronomer Royal, Observatory, Cape Town who was also close friends with David Livingstone, as they shared a common interest in the exploration of Africa. The Maclear crater on the Moon is named after him, as is Maclear's Beacon on Table Mountain, the town of Maclear, South Africa and Cape Maclear in Malawi. Two of his brothers were also killed during the war. Lieutenant Colonel Percy Maclear, Royal Dublin Fusiliers, Commanding 2nd Nigeria Regiment, in the Cameroons on 30 August 1914 (commemorated on the Lokoja memorial), and Lieutenant Colonel Harry Maclear DSO near Loos on 16 March 1916 (commemorated in the Mazingarbe Communal Cemetery). His other two brothers fortunately survived the war.

He was educated at Bedford Grammar School where he did exceptionally well and captained the first XV. E. A. Rolfe in the 1929 Old Bedfordians' yearbook wrote of him:

As a youngster at the Priory School he signalized himself by winning every event in the athletic sports ... At the early age of 15 he played for Blackheath and the records of the time describe him as 'a promising forward, tall, heavy, strong and fast, a resolute tackler and a reliable place-kick.

After leaving school he went to the Royal Military Academy Sandhurst, winning the Sword of Honour. He was gazetted as second lieutenant in the Royal Dublin Fusiliers. served throughout the Boer War, 1899-1902, and was Mentioned in Despatches. He was appointed second in command and adjutant of the Lagos Battalion West African Field Force (WAFF) in 1903, and to the full command 1905.

On returning home he continued with his rugby career. He weighed in at fourteen stone and was just short of six feet in height with a magnificent physique. Described

rather than subtle player, he was dangerous in attack and formidable in running straight and hard, and handing off with a force, which was only the tremendous vigour of his tackling. He captained Munster against the 1905. Munster lost thirty-three to nil. He also played for the Officers of the Officers of the Royal Navy in February 1907.

Maclear converting ten tries out of twelve at Richmond watched by the selectors and, despite the fact that they had no place kickers of repute, he still be selected. As a result of being stationed at Fermoy, County Cork, he became play for Ireland. In his first international he formed part of the Irish team England by the resounding score of seventeen-three Rowland Hill, President Commented after seeing him play against England:

In mid-morning Maclear was leading a bombing party to beat back some advancing enemy when he was shot through the throat and killed. After the action, only twenty-one men returned from the trenches, all that remained of the seventeen officers and 651 men who had been 2nd Royal Dublin Fusiliers. Maclear was once again Mentioned in Despatches for his bravery.

Capt Basil Maclear is commemorated on the Ypres (Menin Gate) Memorial, Ieper, West-Vlaanderen, Belgium (Panels 44 and 46).

He was the first Irish International to be killed in the Great War.

Dear Basil

I've been asked by Bedfordshire County Cricket Club to put together an A-Z of all who have played for the County in senior representative cricket since the first match in 1855. The idea is to publish a book, probably in the spring of 2020; most Minor Counties have already done so.

I believe you played two matches in the Minor County Championship in 1953 and I'd be really grateful if you could complete the attached form and return it to me at your earliest convenience.

I enclose a stamped addressed envelope and look forward to hearing from you.

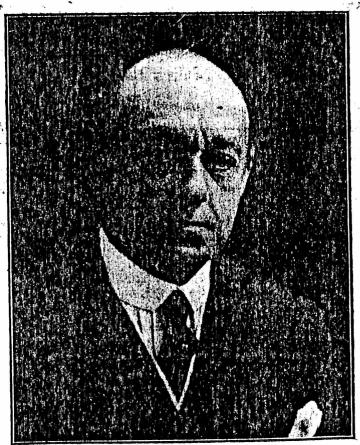

Yours sincerely

Two gentlemen spending the evening at a mutual friend's house some twenty-four years ago—in 1899, to be precise—happened to start a conversation on cricket, when cue suggested that the particular County in which they both lived would be better if it could boast of a Cricket Club.

To this conversation the Bedfordshire County Cricket Club owes its origin, and the two gentlemen in question, Mr. W. W. Marks and Mr. R. W. Allen, became the joint Honorary Secretaries. The latter gentleman resigned some three or four years ago, but, luckily for the Club, the remaining founder still retains his office and incidentally boast of a Cycket Club.

ago, but, luckily for the Club, the remaining founder still retains his office and incidentally his wonderful enthusiaem.

Mr. Marks' first effort to put the Club on a sound financial basis was at its birth, when he secured four yearly rubscriters of 525 each in the persons of Mis Grace the Duke of Bedford, Colonel Shuttleworth, Mr. Bob Sievier (the famous racehose owner), and he also subscribed £100 himself.

The case put forward by the internt Hon, Secretary of the Club for the su port of a County Cricket Club, is, that it focus a cond of interest between the various towns. Homaintains, without county institutions such as this, a town like Luton would probably display as much interest in its nearer neighbour, St. Albans, than in the county capital. To put the idea in the typical plain language of Mr. Marks himself. "A County Cricket Club is a valuable institution: it is a training ground for ideal manhood: as an educative factor it blends pride of the with true nobility of character; it is also a stimulus to county loyalty."

One dare not think of the consequences to our County Cricket if, through any cause whatever, Mr. Marks felt compelled to relinquish the honorary office he has held with such signal success for twenty-four years. His judgment, enthusiasm and personality make him the backbone of the Club, and I venture to say that no other cricketing county in England, either first or second class, could match him with any of their officials. ### CRICKET SCORING IN THE MODERN WAY

### Bedford Bowler Invented a New System

This summer there has appeared on the local cricket scene one Kenneth McCanlis, who, from 1934 to 1936, played regularly for Surrey 2nd XI as a fast bowler. Married to a Bedfordian, formerly Miss Vera Mathers, he now lives in the town, and on Saturday aftermoons he sends down rather slower deliveries to the opponents of Bedford Town CC. Strained leg muscles compelled him to give up fast bowling, but he remains a fine cricketer and also a keen student of the game.

His keenness is not confined to the arts of cricket. Years ago McCanlis turned his attention to the statistical side and found it so fascinating that, in cellaboration with his brother, he evolved a far more comprehensive system of scoring than had hitherto been known. The score book commonly in use tells you a lot—but by no means everything. The McCanlis system enables you to see, from the mere record, a match in retrospect with a greater degree of accuracy. Nowadays numerous English county clubs and every other cricketing country, with the exception, strangely enough, of Australia, favours the system. The late Mr. Rogers, Bedfordshive Cricket Club's scorer, used it for several seasons up to the war.

It differs in various ways from the old score books, yet the

sons up to the war.

It differs in various ways from the old score books, yet the scorer's work is simplified as soon as he has taken due note of the instructions given. The fundamental change is in the matter of recording a batsman's runs and a bowler's analysis. The McCanlis brothers have merged the two processes. Instead of long lines opposite the batsman's name there are squares wherein his runs and the balls delivered to him are recorded at the same time.

Thus it is possible to see at

recorded at the same time.

Thus it is possible to see at a glance the number of balls received, and the runs scored therefrom, by any batsman from my bowler. Here is the incontrovertible truth about a player's rate of scoring. Mr. McCanlis thinks that the time a batsman spends at the wicket is, in most cases, misleading. The important factor is the number of deliveries he actually receives.

AT THE BOWLER'S END

Explaining his system to me (writes II. J. D.). Mr. McCanlls showed me instances, from his records of county matches, where balsmen have been at the bowlers' end for almost every ball of several overs in succession. There are other circumstances to be taken into account. Mr. McCanlis recalled how a famous England cricketer won the Lawrence trophy for the fastest hundred a few seasons ago. He appeared to be two or three minutes faster than another batsman who made a hurricane century in the same season. The point overlooked was that the trophy winner made his runs in one partnershir, whereas the other man saw four wickets fall. And each fallen wicket meant a delay of at least two minutes.

It would need more space then is available to deal in de-

fallen wicket meant a delay of at least two minutes.

It would need more space than is available to deal in detail with the McCanlis scoring system. But here are a few prints. The cumulative score is shown above each over; so, too is the number of overs bewied by each man sharing in the attack and the number of runs scored in an over. There is a space for notes. Against the batsman's name are two squares marked "time in" and "time out", and another space in which is written the position of the fieldsman who may catch him. At a glance the score sheet tells you all; and, what is important for the scorer, the calculations to be made at the end of an innings are considerably minimized.

K. McCanlis, grandson of a Kent County cricketer, had the wickets with his first and last deliveries for the Surrey 2nd XI. His best performance was six for 13 against Suffolk eleven years ago.

Born 14 August 1918 At the School 1930 to 1934 Died 12 November 1991

Tom 'Brookie' Brooke-Smith exemplified the opular image of a test pilot. He was a jovial. arger than life figure, and his exploits spanned the pre-war period of flying for fun and the jet age. His father was a fenland armer, and at the age of four young Tom was nuch impressed by the sight of a helmeted pilot, who had landed in one of his father's ields in order to ask the way. While he was a oupil at Bedford, he would eagerly cycle out o watch the flying at the airship station at ardington and at RAF Henlow. He began to zarn to fly at Brooklands in his teens, and left edford at 16 to study aeronautical engieering at Chelsea College. The day after his 7th birthday, he went solo. He became a est pilot in 1941, and by the age of 23 he ad flown 83 different aircraft types. He did ot actually qualify formally as a test pilot ntil after the war, in 1947, but became chief est pilot at Shorts the following year. He is robably best remembered as being the first ılot to make a jet-powered vertical take-off a fixed wing aircraft, translate into aeroynamic flight, then return to the hover for a ertical landing. He said, when faced with ie task, that he was 'on a collision course ith Sir Isaac Newton'

He was elected a Fellow of the Royal Aernautical Society in 1961, held the Derry and chards Medal for experimental test flying, is Britannia Trophy, the Segrave Trophy, the Sunder's Medal of the Air League of the Brith Empire, and was a former Master of the uild of Air Pilots and Navigators.

### **ENRY FRANCIS HARPUR-CREWE**

orn Henry Francis Jenney – 25 February 1921 t the School 1929 to 1936 ed 11 November 1991

The Squire of Calke in Derbyshire was the central figure in the greatest heritage 'cause célèbre' of the 1980s - the saving for the nation of his family seat. Before 1981 Calke Abbey had been one of the great unknown houses of England, for the Harpur-Crewes had long been of a distinctly reclusive nature. Faced with a bill of £8 million for capital taxation incurred by the death of his brother, Henry Harpur-Crewe could easily have sold up the handsome 18th century house and its gloriously landscaped 14,000 acre estate, not to mention the extraordinary magpie hoards of unchanged (and often unpacked) contents. Calke was termed a 'time capsule'; it would have been the dispersal sale of the century. Instead, this shy private man gallantly exposed himself and his house to the full glare of the media in order to draw attention to Calke's plight. Eventually, after a sensational campaign to preserve this precious piece of social and architectural history, the Chancellor of the Exchequer dramatically announced in his 1984 Budget speech that he was giving £4.5 million to the National Heritage Memorial Fund in order to save Calke. The property then passed to the National Trust, which carried out a sensitive restoration, preserving Calke's singular atmosphere. Credit was rightly given to the heritage lobby for saving Calke, but not enough recognition was given to the personal contribution of Henry Harpur-Crewe.

### G.M. MOLL

Born 11 October 1911 Died 24 May 1991

Gerry Moll (Crescent House) attended the School from Christmas Term 1923 to Summer Term 1930. He was an outstanding athlete and in 1929 created a new public schools' high jump record of 5ft 11in. He also excelled at hurdling, discus and javelin throwing and captained the School at cricket and fives.

He achieved many further success in athletics – notably high jumping and pole vaulting – at Pembroke College, Cambridge and at county level for Bedfordshire. After university he returned to Bedford for a short time to teach, thereby marking the start of a long and dedicated career as a preparatory school master. Throughout his retirement he continued to pursue his lifelong interests in sport, music and ornithology. He was also a prolific diarist.

He leaves behind his wife, Hilary, two sons and three grandchildren.

### LETTER TO THE EDITOR

Dear Sir.

It was with great interest that I read David Heald's article, 'A Tale of Two Schools – Bedford School and Victoria College' in the December issue of The Ousel for, as V. Thorn II ('V' for Victoria College) I was one of those evacuees from Jersey who were so kindly befriended by Bedford School and it was my mother, Mrs 'Bunny' Thorn who offered a home to a number of exiled Victoria College boys in our house, 19 Lansdowne Road, Bedford . . .

Not being Channel Islanders by birth, my mother decided to take the family back to the mainland rather than face the very real possibility of our being interned later on in German-occupied France which, as it turned out, was the right decision, but it did mean leaving behind everything we possessed, except for what we could carry in just one suitcase each.

One of the last things we boys did before packing our suitcases and hurrying to the harbour at St Helier, was to take a cricket stump and make a deep hole in the garden in which we each in turn solemnly buried one of our most precious possessions.

As far as I can remember, my elder brother Michael (the C.M. Thorn mentioned in David Heald's article) dropped a half-crown down the narrow hole. I left a small model Spitfire behind, minus its propeller, while my younger brother David decided to bury one of his best marbles, all safely hidden from those foreign invaders who were about to occupy not only the Channel Islands but, as we then thought, our own house with all our possessions as well...

During that first year back in England, we went to a preparatory school called 'Holmwood' in Formby and then, when my father was posted to Scotland, it was decided to take the three of us to Bedford to join the other boys from Victoria College who had already arrived there before us.

In those days we all had the school initial 'V' placed before our surname to show that we were Victoria College boys and throughout the war we also wore grey suits with maroon Victoria College caps and ties.

Being dayboys, we were all put into Paulo

at The Oval in 1895, scoring 27 and 100. Born at Tamworth, Staffordshire, on October 8, 1867, he was taken to live at Brighton when a month old, and returned to play for his native county from 1887 to 1890, heading the batting averages in the last season when making 133 v. Northamptonshire at Stoke. In 1891 "Billy Marlow began to qualify by residence for Sussex, being contemporary with such famous players as "Ranji," C. B. Fry and Sir Aubrey Smith. Against M.C.C. and Ground at Lord's in that season, his first match for his new county, he hit 144, and as a stylish, forcing opening batsman and brilliant fieldsman at mid-off and third man he continued till he retired from the game in 1904. Later he became a first-class umpire.

His highest innings for Sussex was 155 against Somerset at Hove in 1895, when he and K. S. Ranjitsinhji added 226 for the second wicket, and he hit 130 from the Oxford University bowling on the same ground when sharing in an opening stand of 303 with G. L. Wilson. Next year, also at Hove, he and George Bean made 211 for the first wicket against Gloucestershire. Altogether he scored

MARTIN, Mr. Austin Walter, who died on December 23, aged 80, was from 1924 to 1940 head groundsman at The Oval, in which time he was responsible for the preparation of many Test match pitches, including that upon which in 1938 Hutton scored his record 364 against Australia. He was a member of the Surrey C.C.C. ground staff for fifty-one years. Well-known to all in the cricket world as "Bosser," he was an authority upon the subject of the destruction of insect pests. In 1935, when the turf at Lord's suffered so considerably from a plague of "leather-jackets," he was called in with successful results to act as general in the "war." His son is head groundsman at Lord's.

MATTHEWS, THE HON. R. C., who died on September 20, aged 81, was a great cricket-lover and worker for the game in Canada. He financed the Canadian side that toured England in 1936. A visit to Canada by an M.C.C. side that followed had much to do with the formation of the Canadian Cricket Association.

MICKLEM, Mr. LIONEL OFFLEY, who died at Kettering on February 7, aged 78, was in the Winchester XI from 1890 to 1892, being contemporary with such was in the windlester At Iroth 1990 to 1992, being contemporary with social players as J. R. Mason and H. D. G. Leveson Gower. At one time he owned a cattle station in Queensland, Australia

MONTGOMERY, WILLIAM, who died at Oundle on November 14, aged 74, was cricket coach at Oundle for some thirty years before retiring in 1946.

Morcom, Dr. Alfred Farr, who died in London on February 12, four days before his 67th birthday, did great work for Cambridge University in the early part of the century. After three years in the Repton XI from 1901 to 1903, he gained a Blue in 1905 and helped in a remarkable win by 40 runs in the University match. Cambridge, 101 behind on the first innings, recovered after being seemingly set for defeat and left the Dark Blues to get 164. Then Morcom got to work with fast-medium right-arm bowling and, by taking six wickets for 41 runs, brought about the dismissal of Oxford for 123. Next season, when Cambridge again won, Morcom achieved little in the big game; but in 1907 he once more came into the limelight. He took five wickets for 69 in the first innings and four for 29 in the second, and Cambridge, after getting the worst of the pitch in a match much interfered with by rain, won by five wickets. In three University matches he dismissed twenty-one batsmen at a cost of 14 runs apiece, a remarkable feat. His best performance for the University was in 1906 when at Fenner's he took twelve Northamptonshire wickets for 98 runs. Nearly always accurate in length, he brought the ball down from a good height, making it come quickly off the turf and introducing an occasional break-back or yorker. With G. G. Napier, fast-medium, and P. R. May, fast, he comprised a most formidable bowling combination for Cambridge. Later he assisted Bedfordshire, but the exigencies of his profession limited his appearances. He was born on February 16,

MURRELL, MR. HARRY ROBERT, who died at his home at West Wickham, Kent, on August 15, aged 71, was for forty-six years associated with Middlesex, first as wicket-keeper and afterwards as scorer. Born at Hounslow, Middlesex, on November 19, 1880, "Joe" Murrell, as he was always known, began his first-

class career with Kent, playing for them in twenty-seven matches between 1899 and 1905. As Fred Huish was then in his prime, Murrell found the opportunity and 1903. As Free runsh was men in ins prime, matter found the opportunity to keep wicket on only six occasions during that period, but he caught seventeen batsmen and stumped three. He took part in the "tie" between Kent and Surrey at The Oval in 1905, of which match Lord Harris, in his History of Kent County at the Oval in 1903, or which match Lord Harris, in his training of New Country Cricket, wrote: "To show the coolness of some of our team, when the match was a tie and Smith skied the ball to Murrell"—at third man—"the latter quietly rubbed his hands on his trousers and then caught it, while I am told that Blythe said, before the ball was in Murrell's hands, 'This is the first tie-match I have ever played in!'

The following season Murrell joined Middlesex, and he retained his place in the county side until 1926. In that time he helped in the dismissal of 749 hatsmen for the county. A first-class wicket-keeper, specially good on the leg-side because he was left-handed, he would undoubtedly have gained higher honours had he not been contemporary with E. J. Smith and H. Strudwick. Twice he helped Middlesex to win the County Championship, in 1920 and 1921, and of him Wisden of the time said: "In Murrell, Middlesex had one of the best of wicket-keepers—never estimated at quite his real value."

His best performance was when, in 1926, he dismissed six batsmen in the second innings of Gloucestershire at Bristol, catching four and stumping two Sir Pelham Warner, the former Middlesex captain, paid a high tribute to Murrell's loyalty, judgment and advice in critical situations, particularly when in 1920 Middlesex beat Kent at Canterbury by four runs and Yorkshire at Bradford by five runs. A fast-footed, tall and lean right-handed batsman, Murrell could hit extremely hard. For M.C.C. and Ground against Kent in 1905, he scored 67 out of 89 in forty minutes, and, going in No. 9 for Middlesex at Leeds in 1906, he punished the Yorkshire bowling for 63 in just over an hour.

NEWTON, Mr. ARTHUR EDWARD, who died at his home at Trull, Somerset on September 15, three days after his 90th birthday, was a famous wicket-keeper who continued his activities in club cricket until the age of 81. When 74, having cycled to the Taunton ground to turn out for Somerset Stragglers, he demonstrated that his ability had not seriously declined by stumping five batsmen. While at Eton in 1880 he began an association with Somerset which lasted for thirty-four years. "A.E.," as he was affectionately known to so many, helped S. M. J. Woods to take a wicket with the first ball he bowled for Somerset. This was at Edgbaston in 1886. C. W. Rock, batting for Warwickshire, missed a very fast yorker on the leg-side, and Newton stumped him brilliantly.

Born on September 12, 1862, he played against Harrow at Lord's in 1879 and the two following years. The matches of 1880 and 1881 were noteworthy for the fact that, though P. J. de Paravacini took twelve Harrow wickets on each occasion, he was twice on the losing side. When at Pembroke College, Oxford, Newton gained a Blue in 1885, and he appeared for Gentlemen against Players at The Oval in 1897, conceding only two byes in a total of 431, and at Lord's in 1902. He took part in two tours abroad. In 1885 he was a member of a team of amateurs who went to the U.S.A. under E. J. Sanders, finishing second in the batting averages, and in the winter of 1887-88 he visited Australia with G. F. Vernon's side. Cricket grounds in the Antipodes in those far-off days left much to be desired. Newton used to relate how one of his team-mates refused to field in the deep during a match in Tasmania because he had seen a snake to here in the deep during a material resinant occause he had seen a shake wriggle into a hole close to where he was placed! Altogether in first-class cricket Newton caught 297 batsmen and stumped 119. Until the last ten years of his life he hunted regularly with the Taunton Vale Foxhounds and the Taunton Vale Harriers. He was a member of the M.C.C. from 1884.

Norden, Mr. Richard Watts, who died at Johannesburg on February 20, aged 73, played as a slow left-arm bowler for Transvaal between 1904 and 1907. In a Currie Cup match against Rhodesia at Johannesburg in 1905 he look twelve wickets for 33 runs, his second innings analysis reading 12-8-12-8

NAWAB IFTIKHAR ALI OF PATAUDI, who died after a heart attack while playing polo at New Delhi on January 5, at the age of 41, will always be associated with Ranjitsinhji and Duleepsinhji as three great Indian batsmen who became leading figures in English cricket. Pataudi, known as "Pat" throughout the world, achieved the rare distinction of representing England and India in Test cricket.

## BEDFORDSHIRE TIMES: FRIDAY 18 NOVEMBER 1966

## Was Mayor for three terms

A former High Sheriff of Bedfordshine and three times Mayor of Bedford Mr. Horace R. Neate. 4 Rothsay Gardens, Bedford, died on Baturday. He was 75

Mr. Neate was brought up in the West Country but came to Bedford shouth after the 1914-18 war. He soon became interested in local affairs and was elected to Bedford Town Council in 1928. He was Mayor for three successive terms beginning in 1933, and became an Alderman of the Borough.

Later Mr. Neate threw his energies into County Council

work, and was a County Alderman and Vice-Chairman of the Council. His local government career was crowned when he became High Sheriff in 1955 and he retired as "father" of the Council.

A former president of Bedfordshire County Cricket Club, he became honorary treasurer and later chairman of the Minor Counties Cricket Association. He was a former governor of Middlesex Hospital and vice-chairman of the North-West Metropolitan Hospital Board. He was also chairman of the Police Committee for England and Wales.

Among his other interests were Rotary, the Chamber of Trade, the Royal Geographical Society, and the Harpur Trust.

A family service was held on Tuesday at St. Paul's Church, Bedford, where there will be a memorial service on November 22.

## Cricket loses a true friend

At the Advisory County Cricket committee meeting on Wednesday the President of MCC, Sir Alec Douglas-Home, paid warm tribute to the late Mr. Horace R. Neate and members stood in silence.

Mr. Neate served on the Advisory Committee from 1958-64 and gave a life-time of service to cricket.

An honorary life member of the Bedfordshire Cricket Club, he first became a member in 1919. He played as an opening bat in the Club and Ground (Extra) X1 and served as chairman of the County Club from 1938 55, then becoming president until ill health compelled his retirement in 1964.

served the Minor He Counties Cricket Association for 40 years, being honorary treasurer from 1945-57, and in 1958 was appointed chair-man, holding the position until 1964

Supporters at Bedford School and the Bury—and at the Town rugby ground—will miss a courteous and knowledgeable friend.

## BEDFORDSHIRE STANDARD, FRIDAY 4 AUGUST 1911-1.

#### F. C. W. NEWMAN.

#### A PROLIFIC SCORER.

Of the many excellent cricketers who have Of the many excellent cricketers who have-learnt the science of the game at the Bedford Modern School, F. C. W. Newman bids fair to eclipse all who have gone before him. The son of Mr. H. P. Newman, who has for some seasons past played for Bedford Victoria, our hero first saw the light of day on February 2, fifteen years ago, at Luton. Entering the Modern School early in life he took to cricket as a duck does to water, and soon gained directions. as a duck does to water, and soon gained di-tinction. He won his first colours last season, although it cannot be said he did anything remarkable beyond playing a good sound

Newman, who is now a very free hitter, was at one time a batsman of the barn-door description—content to keep his end up and nothing more. His conversion to freer and more attractive methods has been amply justified, and his name will now go down in the annals of Modern School cricket as the most consistently successful bat the School has

possessed. He should prove a treasure for Bedfordshire in years to come, and this season he has been seen in the ranks of the Bedford Victoria, and is bound to be heard of again in League cricket before the season expires.

ineral service was held in St Catherine's ch, Blairgowrie, on Monday for Lt Col es Lightbrown Oakley, of Wagtails, Blair-Drive, Blairgowrie, who died on Wednesday last week (July 17); he was 71.

'At the service a close friend, Major Pat Henderson, said the life of Lt Col Oakley was a life full of action and achievement, and blessed by a happy marriage.

'Lt Col Oakley was born in India, then went to Bedford School. He was a brilliant cricketer, captaining the school team, and his batting records stand to this day. He was also an outstanding rugby player.

'He was commissioned into the Royal Artillery, in which he served for 36 years. He saw active service first in war-time France, later in Palestine and North Africa, Cyprus, Germany, and the USA.

'Before retiring in 1974, he was posted to the Outer Hebrides and Perth. It was at this time that he developed a deep love for Scotland and decided, with his wife Barbara, to retire to Rosemount.

'He soon made many close friendships and took a keen interest in all field sports, accompanied by his dog, Rocket, but golf was his main interest. He was a member of Blairgowrie, the Royal and Ancient, and the British Seniors. His golf, when he retired, was of a high standard, and he played off a six handicap. 'He ran the Royal Artillery golf in Scotland, and arranged a number of other competitions.

'Always ready to give anyone a helping hand with any worthwhile cause, his cheerful disposition and joviality made him a much sought-after companion.

'He is survived by his wife Barbara, two daughters, Charmian and Cherry, and a son, Charles, also in the Army.'

#### CYRIL NORMAN REED

Born 10 July 1906

At the School from 1920 to 1925

Died 26 July 1991

Cyril spent his early childhood days in India. After the First World War he returned with his family to Bedford, where he finished his education. He became a Sergeant CCF, Senior Monitor, and Head of Crescent. Cyril also started to make a name for himself as an allround games player. He was Captain of Cricket and Vice-Captain of 1st XV Rugby.

After leaving the School, he joined the Commercial Union Insurance Company and, after a short period of working in England, he was posted to India – firstly to Bombay, then to Karachi, and on to Lahore. He was then moved to Penang, and during his time there he achieved the highest ever score in a cricket match. His final move was to Madras. where he stayed until his retirement from Commercial Union. At one period he was elected President of the British Insurance Companies in India.

After his retirement Cyril still continued to play cricket and tennis and even played squash into the 1970s. In addition, he had become greatly interested in horses, and he jointly owned a stud farm, breeding and training horses in southern India, before returning to this country.

Cyril was always very much a family man. and after his wife Ena's death in July 1990, his health deteriorated rapidly. He leaves three married daughters and five grandchildren.

#### THE LATE MR. H. W. **OCLEE**

#### Teacher, Cricketer, and Footballer

An all-round sportsman who was at the peak of his career in Victorian days, died on Thursday at the age of 82 years. He was Mr. Herbert William Oclee, of "Minlaten". The Green, Bromham, one of Bedfordshire's best fast bowlers in his day and a member of the Luton Town F.C. team when that club first played professional football.

He leaves a widow, formerly Miss Emity Carr, of Marston, whom he married nearly 53 years ago at St. Martin's Church, Kentish Town. Their only child, Harold Vernon, was killed in 1916 in the Battle of the Somme. Mrs. Oclee was organist at Flitton Parish Church for many years before her marriage, and was also a keen parish worker.

Mr. Oclee was known and remembered by many hundreds of people in Bedford and the County, not only because of his sporting activities but through his very long association with the Harpur Trust Boys' School. He was appointed to the teaching staff in 1885, having received his education in Middlesbrough, and remained a master there until his retirement in 1923. During his 381 years' service he taught most of the classes from Standard II to Standard VII and he must have had upwards of 2,000 boys pass through his classes. On the formation of the Evening Institute he took a class of second-year continuation boys. Mr. Oclee was absent from his duties only once, and this was on account of illness.

Bowling Successes

#### **Bowling Successes**

Bowling Successes

Mr. Oclee played for Bedfordshire at cricket in the 'nineties and early years of this century, and numerous were his bowling successes in teams captained by those grand cricketers, Mr. C. R. Thring and Mr. H. R. Orr. Mr. Oclee outlived nearly all his cricket contemporaries, who often talked in after-years of his performances. In club cricket he took many wickets season after season for Bedford Town, Bedfordshire Club and Ground, and a County Teachers' eleven, who had a very successful run under Mr. G. M. T. Bates, Mr. Oclee's first "chief" at Harpur Trust School. He was also a useful batsman.

Mr. Oclee was one of Bedford's finest footballers in the latter years of the last century. He captained the Town A.F.C. in 1890-01, when the team lost only two matches of the 20 played, and afterwards played for Luton.

Born at Maidstone on 20th September 1863, he was the son of the late Mr. and Mrs. William Oclee, his father being Head Master of Maulden School. He lived at Putnoe for many years before moving to Bromham 14 years ago.

136, FA Cup 8, Football League Cup 25, Full Members' Cup 6.

After seven years with Wrexham, he came to Stamford Bridge, immediately won his place in the first team and became a vital member of the Second Division championship team of 1983-4. An outstanding goalkeeper, respected and liked throughout the game, he proved to be an excellent handler of the ball with fine anticipation as well as being agile and courageous.

The recognized deputy to Neville Southall in the Welsh goal, his career suffered a major set-back in March 1986 when he severely injured a knee and was incapacitated for six months. He resumed, still some way short of full fitness, before being forced to retire in May 1988. Chelsea received £125,000 in insurance compensation. Appointed to the Chelsea coaching staff after his retirement, he then moved to Reading as coach and was assistant manager (1990-91).

NUTTON, Michael William (1977-1983) Central defender Born: St John's Wood, 3 October 1959. 5ft 11in: 10st 12lb.

Career: Chelsea (October 1977), Reading (loan), Millwall (March 1983), Fisher Athletic (cs 1987).

Chelsea debut: 23 December 1978. Appearances: League 77(2), FA Cup 3, League Cup 1.

Nutton joined Chelsea as a schoolboy and graduated to the full-time professional ranks after 18 months as an apprentice. A competent defender in the middle of the back-four, he had several spells in the first team without ever establishing himself as an automatic choice. His misfortune was to come into a struggling team virtually doomed to relegation and in an era of

many comings and goings. He lacked the height to dominate in defence but was a useful foil in partnership with Micky Droy.

OAKTON, Albert Eric (1932-1937) Winger Born: Kiveton Park (Yorkshire), 28 December 1906; Died: 5 August 1981. 5ft 9in: 11st.

Career: Grimsby Town (amateur) (November 1927), Rotherham United (August 1930), Worksop Town, Sheffield United (November 1927), Scunthorpe United, Bristol Rovers, Chelsea (May 1932), Nottingham Forest (June 1937).

Chelsea debut: 27 August 1932. Appearances: League 107, FA Cup 5; Goals: League 27, FA Cup 1.

At home on either flank, Oakton was a fast, direct winger with a flair for scoring goals. For two seasons he was a regular choice in the first team but the arrival of Dick Spence and Willie Barraclough restricted his opportunities after that.

O'CONNELL, Seamus D. (1954-1956) Inside-forward Born: Carlisle, 1 January 1930.

Career: Sligo Rovers, Queen's Park, Middlesbrough (amateur) (May 1953), Bishop Auckland, Chelsea (amateur, August 1954), Crook Town, Carlisle (amateur, February 1958).

Honours: England Amateur international, Football League Championship medal 1955, FA Amateur Cup winners medal 1955, 1956, runners-up 1954.

Chelsea debut: 16 October 1954. Appearances: League 16, FA Cup 1; Goals: League 11, FA Cup 1.

O'Connell marked his debut with a hat-trick in the 6-5 home defeat by Manchester United and, when available, proved himself a prolific goalscorer at the top level. Well-built and a fine mover with the ball, his accurate shooting was his greatest asset. How much he might have achieved in the professional game will never be known, since he left soccer, to help his father in his cattle-dealing business, and made only spasmodic appearances thereafter for Crook Town and Carlisle United. He never relinquished his amateur status.

ODELL, Leslie Frank (1924-1937) Full-back Born: Sandy (Bedfordshire). 6ft: 13st 4lb.

Career: Sandy, Biggleswade Town, Luton Town (amateur), Chelsea (amateur, August 1924; professional, September 1924), Bedford Town (player-manager, September 1937).

Chelsea debut: 20 December 1924. Appearances: League 101, FA Cup 2; Goals: League 7.

Curiously, this tall, commanding full-back could never claim a regular place throughout his 12 seasons at Stamford Bridge and this despite chalking up a century of appearances. He began in the Smith-Harrow era, partnered Scottish internationals Law and Macaulay, and finished as Barber and O'Hare were becoming established. A loyal servant whose strength was, not least, the length and power of his kicking, which was also put to good use from the penalty-spot.

O'DOWD, James Peter (1931-1934) Centre-half Born: Halifax, 26 February 1908; Died: 8 May 1964. 5ft 11in: 10st 5lb.

Career: St Bees GS (Bradford), Apperley Bridge, Selby, Bradford (amateur 1926), Blackburn Rovers

(December 1926), Burnley (March 1930), Chelsea (November 1931, £5,250), Valenciennes (September 1934), Torquay United (March 1937).

Honours: England international (3 caps).

Chelsea debut: 14 November 1931. Appearances: League 80. FA Cup 7.

Those who were fortunate enough to see O'Dowd's all-too-brief Chelsea career mostly agree that he was the club's finest-ever centre-half. Quietly spoken, he was a stylist, an intelligent player with time in which to use the ball constructively, and always with an eye to move forward to lend weight to the attack. His performance for England against Scotland in 1932 was universally admired. Then, at the height of his powers, he fell out with the Stamford Bridge management, and went off to play in France for much greater financial reward.

OELOFSE, Roelf J. (1951-1953) Centre-half Born: Johannesburg, 12 November 1926.

5ft 11in; 12st 4lb. Career: Berea Park (SA), Chelsea (October 1951)

Watford (July 1953), South Africa football (1954). Chelsea debut: 1 March 1952. Appearances: League 8. One of several South African players who tried their hand in English football after World War Two, Oelofse was a dominating figure in defence. He played a few games as a deputy for John Harris before moving to Watford, then in the Third Division South.

O'HARA, Francis (1905-1906) Centre-forward Born: Coatbridge.

5ft 5½in: 9st 4lb.

Career: Albion Rovers, Chelsea (August 1905), not retained (May 1906).

Chelsea debut: 7 October 1905. Appearances: League 1, FA Cup 2; Goals: FA Cup 3.

One of the large squad assembled to launch Chelsea into the Football League. 'Pat' O'Hara was unable to force his way into the first team and was at Stamford Bridge for only one season.

O'HARE, John (1932-1941) Full-back

Born: Armadale. 5ft 8in: 11st 4lb.

Career: Shawfield Juniors, Chelsea (June 1932), Retired (1941).

Chelsea debut: 24 February 1934. Appearances: League 102. FA Cup 6.

O'Hare was a fearless tackler who lacked the pace to become a top-class full-back. Nevertheless, he was a dependable player who was a peripheral first-teamer in the four seasons leading up to World War Two, despite competing for his place with the likes of George Barber, Ned Barkas, Tommy Law and Jack Smith. A centre-forward at school, he was converted to his defensive position by chance.

ORD, Thomas (1972-1973) Midfield Born: Woolwich, 15 October 1952.

5ft 9in; 11st 7lb.

Career: Erith and Belvedere, Chelsea (December 1972), Bristol City (loan), Montreal Olympic (May 1973), Rochester Lancers (May 1974), New York Cosmos (July 1975), Vancouver Whitecaps (April 1976), Seattle Sounders (July 1977), Tulsa Roughnecks (April 1980), Atlanta Chiefs (July 1980).

Chelsea debut: 7 April 1973. Appearances: League 3; Goals: League 1.

Despite scoring on his debut, Ord never succeeded in winning a first-team place at a time when the professional staff was being pruned for financial reasons. He played for a few seasons in the North American Soccer League.

ORMISTON, Andrew (1909-1918) Centre-half Born: Paisley, 1 March 1884; Died: 1952.

5ft 11½in; 12st 6lb.

Career: Hebburn Argyle, Lincoln City (1901), Chelsea (cs 1909), Lincoln City (1918).

Chelsea debut: 4 September 1909. Appearances: League 95, FA Cup 1; Goals: League 1.

'Alec' Ormiston was a commanding centre-half and a particularly fine header of the ball. One of several players who followed manager David Calderhead from Lincoln City to Chelsea at that time, he never quite succeeded in coming to terms with the demands of a higher class of football, although he played in the majority of the games in the promotion season of 1912-13.

O'ROURKE, John (1962-1963) Centre-forward Born: Northampton, 11 December 1945.

5ft 8%in; 10st 10lb.

Career: Arsenal (amateur), Chelsea (April 1962), Luton Town (December 1963), Middlesbrough (July 1966), Ipswich Town (February 1968), Coventry City (November 1969), Queen's Park Rangers (October 1971), Bournemouth and Boscombe Athletic (January 1974).

Honours: England Youth international.

Chelsea debut: 25 September 1963. Appearances: League Cup 1.

One of soccer's nomads, O'Rourke topped the Combination goalscorers list in 1962-3 but failed to win a first-team place at a time when Barry Bridges and Graham Moore were the recognized choices for the central attacking positions He went on to score some 150 League goals with six different clubs.

#### OSGOOD, Peter Leslie (1964-1974 & 1978-1979) Striker-Midfield

Born: Windsor, 20 February 1947.

6ft 2in: 12st 9lb.

Career: Spital Old Boys, Windsor Corinthians, Windsor Eriths, Chelsea (September 1964), Southampton (March 1974, £275,000), Norwich City (loan), Philadelphia Fury (December 1977), Chelsea (December 1978, £25,000), Retired (September 1979). Honours: England international (4 caps), England Under-23 (6 caps), England Youth, Football League XI (3 appearances), FA Cup winners' medal 1970, 1976, European Cup-winners' Cup winners' medal 1971, Football League Cup runners-up medal 1972. Also I FA Charity Shield appearance 1970.

Chelsea debut: 16 December 1964. Appearances: League 286(3), FA Cup 34, League Cup 30, Fairs Cup 14(1), European Cup-winners' Cup 11; Goals: League 105, FA Cup 19, League Cup 10, Fairs Cup 4, European Cup-winners' Cup 12.

An immensely talented player, whether as a striker or operating in midfield, Osgood arrived on the Stamford Bridge scene as an unknown amateur in March 1964. He scored two goals on his debut, nine

## **COUNTY CRICKETER'S** DEATH

## Mr. W. Odell's Promising Career Cut Short

Sportsmen throughout the County will regret to learn of the death on Tuesday of Mr. Wilfred Odell, O.B.M., eldest son of Mr. and Mrs. S. Odell, of High Street, Clophill, who had been ill with pneumonia. Mr. Odell, who was twenty-three years of age, was an all-round athlete of great promise and was very popular. Cricket was his greatest love and his all-round ability won for him a place in the County eleven on several occasions. One of his proudest moments was when he caught the illustrious Jack Hobbs in Bedfordshire's match with Cambridgeshire at Bedford a few summers ago. He played for Clophill and the Vauxhall club at Luton, and more than once topped the century. He also played in representative club cricket conference matches.

Mr. Odell also played football for Clophill and Silsoe as centre-half.
Since leaving the Bedford Modern School he had been employed as a cashier at the Vauxhall Works, Luton.

The funeral takes place on Saturday.

#### DEATH OF REV. E. Y. **ORLEBAR**

ORLEBAR

A member of one of the oldest families in the County, the Rev. Edward Yarde Orlebar, aged 76, died at his home, Crawley House, Crawley Park, Husborne Crawley, Suddenly on Saturday. Mr. Orlebar, who was a son of the Rev. A. Orlebar, some-time Vicar of Willington, had lived at Husborne Crawley since his retirement from the living at Castle Ashby, Northamptonshire. Educated at Radiey College, Abingdon; New College, Oxford; and Ely Theological College, Mr. Orlebar was ordained in 1896 and became a priest three years later. His first appointment was as curate of Christ Church, Southgate, from 1896 to 1897, and then curate of Bickley, 1898-1902. Among other appointments were: Vicar of Steeple Morden 1902-20, Rector of Oakley Parva and Perpetual Curate of Oakley Magna 1923-24, Rector of Bobbingworth 1924-27 He leaves a widow and three children, Mr. Godfrey Orlebar, who lives in Canada, Mrs. Rachel Wyldbone-Smith, and Mrs. Diana Streatfield who resides in the U.S.A. A requiem service took place at Husborne Crawley Church on Wednesday.

## DEATH OF MR. H. R.

#### Bedfordshire Cricket Captain

We regret to record the death of Mr. Herbert Richard Orr, O.B., of "Stanning-hall", Pemberley Avenue, Bedford, which occurred at Carrick Grange, Sevenoaks, on Wednesday at the age of seventy-five

Mr. Orr's name will always be associated with the history of Bedfordshire cricket, for he was captain of the County Eleven from 1899 to 1912 and played many a great innings and took many a wicket for the side. He played his first game for for the side. He played his first game for Bedfordshire while still at Bedford School in 1882, and ever since his interest in the County team, to which he gave invaluable service, off the field as well as on, had been undiminished. He was a Vice-President of the County Club and a member of the Selection Committee.

#### CRICKET IN AUSTRALIA

resident of the Selection Committee.

CRICKET IN AUSTRALIA

Mr. Orr was at Bedford School from 1875 to 1884; and for five of these years he was in the cricket eleven and captained it in 1884. He was in the Rugby fifteen in 1882-1883-1884 and was a fast, strong wing-threequarter. At Cambridge he just missed getting his Blue for cricket; he played for the University against Yorkshire and the Gentlemen of England. On leaving the University he went to Australia, where his ability with both bat and ball was soon recognized, and he played for the Melbourne Club under the captaincy of Mr. J. M. Blackham, the Australian wicket-keeper. He also captained the first Western Australian team in 1892. He was a personal friend of many of the Australian Test cricketers. He was also proud of the fact that he had had the unique experience of witnessing Test cricket in Australia, South Africa, and Jamalea; as well as in England. He highly valued a small silver casket which held cigarette ash, this casket commemorating his victory for the "Ashes" in a game of deck quoits against famous Australian cricketers.

In 1899 Mr. Orr returned to England and then ensued his most fruitful association with Bedfordshire cricket. Until 1912 he was captain, and his colleagues during that period included Dr. A. F. Morcom, Mr. R. W. Rice, Mr. B. L. Peel, Mr. L. G. Stileman-Gibbard, Mr. E. E. Apthorpe, the evergreen Tom Brown and George Wharmby, Mr. W. Rice, Mr. B. L. Peel, Mr. L. G. W. Newman (Bedford Modern School), and Messrs. L. Parbury, A. E. Holmes-Brown, and We. Southwell, who were the bright particular stars of cricket at Elstow School when Mr. Orr was a master for several years during the headmastership of the late Rev. C. F. Farrar Under Mr. Orr's leadership the Bedfordshire Eleven more than once went very near to winning the Minor Counties Championship, notably in 1906, and he had the honour of skippering the side when they défeated Northamptonshire.

#### A PRESENTATION

when they défeated Northamptonshire.

A PRESENTATION

In 1912 Mr. Orr went to British Columbia and 234 people, including 124 members of the Bedford and District League, subscribed towards a presentation to him as a mark of appreciation of his notable services. At a dinner held in his honour at Bedford in October 1912 and presided over by Mr. R. E. Prothero (afterwards Lord Ernle), inany fine tributes were paid to Mr. Orr, who was presented with a watch and a cheque. It was stated that during his thirteen seasons as captain of Bedfordshire he made 4.043 runs, with an average of 23.3 per innings, and took 190 wickets at a cost of 19.16 runs per wicket. In British Columbia Mr. Orr went on playing cricket and was soon elected captain of the Vancouver Island Club.

On his return to England he played Club cricket; in Norfolk until he was sixty-five. Then he had "Stanninghall" built and returned to Bedford. He at once renewed his keen interest in Bedford School and County cricket and was a familiar and popular figure at the matches with his great friend and fellow-cricketing enthusiast, the late Mr. R. W. Rice. He was a generous supporter of the School, and his family helped to provide a school cricket pavilion. The handsome pavilion now on the School ground bears a plate to the memory of a sister of Mr. Orr and also commemorates the captaincy of

School elevens by two Orr brothers and of the pleasure they found at the School. Mr. Orr offered an annual prize for fielding, and it is interesting to note that this was won last year by Roy Crempton, son of Mr. Frank Crompton, the County Club honorary secretary. One of the last gifts made to the School by Mr. Orr consisted of benches to enable spectators to sit in comfort at the School end of the cricket table and watch the games. He had arranged to get together an eleven in July to play the School.

At his home, "Stanninghall", he had a well-appointed bowls green, which was laid out by Mr. "Dick "Rogers, of Modern School cricket fame, and here a match was played annually during Old Bedfordian Week. Mr. Orr's team also entertained the Borough Police side annually. A feature which always captivated the new visitor was the weather vane, which embodied the figure of Father Time with a scythe and hour-glass. This vane is a replica of the famous one at Lords, a ground where Mr. Orr, himself a long-standing member of the M.C.C., found much pleasure

#### GREAT FRIENDS OF BEDFORD SCHOOL

SCHOOL

Mr. Orr, who was unmarried, was the second son of the late Mr. Henry Adair Orr and Mrs. Orr, whose home was at Pemberley, off the Kimbolton Road. As stated above, all the family were great friends of Bedford School. Mrs. Orr, who was born in 1832, died in May 1907. Her five children were Stanley, Herbert, Rowland, Laura, and Florence. Miss Florence Orr, who died in July 1924, was known in Bedford for her manifold charitable activities and particularly for her work in connexion with Hospital Week, of which she was President. Mr. Rowland Frederick Augustus Orr, who died on 1st January 1930, aged sixty-three, was an all-round sportsman and captained the Bedford School Cricket Eleven in 1885. The other sister, Miss Laura Gertrude Ida Orr, died in August 1930.

The home of the Orrs at Pemberley originally covered a large expanse of ground near the Bedford School field. Pemberley was subsequently used as the Head Master's residence and it was eventually purchased by the Harper Trust to allow of an extension to the School Field. The site of the School Chapel was at one time the orchard of Pemberley.

The funeral is to take place privately and Mr. Orr's remains are to be cremated in Kent.

secretary of the Bedford Musical Society. also been for more than forty years a Churchwarden of St. Paul's parish.

These varied pursuits and enthusiasms made a full and fruitful life of hard work seasoned by cultured leisure; and Harvey Goldsmith's quiet, kindly personality will be long remembered by friends and patients, and not least by those who benefited by his many unseen acts of kindness.

His affection for the School has been shown in many ways—by the History Prize which has made his name so familiar on Speech Day; by the gift of the fine young trees planted in front of the Fives Courts and the Biology Building; by his recent gift of French books to the Memorial Library; and by the generous legacy to which reference is made below.

By his will, Dr. Harvey Goldsmith left £5,000 to Bedford School (subject to two life interests) to found a Scholarship to be awarded at the discretion of the Head Master for the time being to any deserving scholar of Bedford School, other than an elementary exhibitioner, to continue his education at Gonville and Caius College, or such other college as he may decide upon, preference being given to such scholar as could not otherwise do so.

Herbert Richard Orr.
Born, 3rd February, 1865.
Entered the School, January, 1875.
Left, July, 1884.
Died at Sevenoaks on 22nd May, 1940.

We regret to record the death of Mr. Herbert Orr on May 22nd at the age of seventy-five years.

Mr. Orr's name will always be associated with the history of Bedfordshire cricket, for he was captain of the County Eleven from 1899 to 1912. He played his first game for Bedfordshire while still at Bedford School in 1882, and ever since his interest in the County team, to which he gave invaluable service, off the field as well as on, had been undiminished. He was a Vice-President of the County Club and a member of the Selection Committee.

Mr. Orr was at Bedford School from 1875 to 1884, and for five of these years he was in the cricket eleven and captained it in 1884. He was in the Rugby fifteen in 1882-1883-1884 and was a fast, strong wing-threequarter. At Cambridge he just missed getting his Blue for cricket; he played for the University against Yorkshire and the Gentlemen of England. On leaving the University he went to Australia, where his ability was soon recognised, and he played for the Melbourne Club. He also captained the first Western Australian team in 1892.

In 1899 Mr. Orr returned to England, and then ensued his most fruitful association with Bedford-shire cricket. Until 1912 he was captain, and his shire cricket. Until 1912 he was captain, and his colleagues during that period included Dr. A. F. Morcom, Mr. R. W. Rice, Mr. L. G. Stileman-Gibbard, Mr. E. E. Apthorpe, the evergreen Tom Brown and George Wharmby, Mr. W. E. King, Messrs. F. G. Brooks, H. Grierson, P. A. Foy and B. L. Peel (Bedford School), Messrs. N. B. T. Oliver and F. C. W. Newman (Bedford Modern School) and and F. C. W. Newman (Bedford Modern School), and Messrs. L. Parbury, A. E. Holmes-Brown and W. G. Southwell, who were the bright particular stars of cricket at Elstow School when Mr. Orr was a master for several years under the headmastership of the late Rev. C. F. Farrar.

In 1912 Mr. Orr went to British Columbia, and was soon elected captain of the Vancouve\* Island

Club.

On his return to England he played Club cricket in Norfolk until he was sixty-five. Then he returned to Bedford. He at once renewed his keen interest in Bedford School and County cricket and was a familiar and popular figure at the matches with his friend and fellow-cricketing enthusiast, the late Mr. R. W. Rice. He was a generous supporter of Mr. K. W. Rice. He was a generous supporter of the School, and his family helped to provide its first cricket pavilion. This is recorded in the present pavilion by a plaque which reads: "The original Pavilion, which stood to the north-east of the present building, was presented to the School in 1881 by John Govett in order to record his appreciation of the thoughtful and supportation of the thoughtful and supportations of the thoughtful and supportations are supportations." ciation of the thoughtful and sympathetic conduct of the members of the School during the fatal illness of his niece, sister of three Captains of Cricket—Stanley, Herbert and Rowland Orr'."

Mr. Orr offered an annual prize for fielding. One of his last gifts to the School consisted of benches to enable spectators to sit in comfort at the School end of the cricket table and watch the games. He had arranged to get together an eleven in July to play the School.

At his home, "Stanninghall," he had a wellappointed bowls green, and here a match was played annually during Old Bedfordian Week.

Mr. Orr, who was unmarried, was the second son of the late Mr. Henry Adair Orr and Mrs. Orr, whose home was at Pemberley, off the Kimbolton Road. The third son, Mr. Rowland Frederick Augustus Orr, who died on 1st January, 1930, aged sixty-three, was an all-round sportsman and captained the Bedford School Cricket Eleven in 1885.

The home of the Orrs at Pemberley originally covered a large expanse of ground near the Bedford School Field. Pemberley was subsequently used as the Head Master's residence, and it was eventually purchased by the Harpur Trust to allow of an extension to the School Field. The site of the School Chapel was at one time the orchard of Pemberley.—Bedfordshire Times and Standard.

### SPORT OF THE WEEK

## MR. H. R. ORR, O.B.

## A Bedfordshire Cricket Stalwart

Fifty years ago this work Mr. H. R. Orr. O.B., was selected to play for Cambridge University against Yorkshire. He did so, and also represented the University against the Gentlemen of England in the same season. Since that time Mr. Orr has played the game in two other countries and given stalwart service to Bedfordshire cricket as a player, captain, and committee-man. His interest in the sport and in the county side remains undiminished, and with his great friend and fellow cricketing enthusiast, Mr. R. W. Rice, the old Gloucestershire and Bedfordshire player, he is a familiar and popular figure at the Bedford School and Goldington Road grounds. It is entertaining to sit with Mr. Orr and Mr. Rice and their friends and to hear their stories of the giants and the games of a past generation. These are no old men's rambling reminiscences, but vitally alive, pointed, often humorous stories of a grand game and the outstanding personalities who have peopled the famous theatres of the sport. But to persuade Mr. Orr to speak of his own record and to get him relating stories of others are two different things. However, I can give a few brief particulars of his playing career which illustrate his great experience and his devotion to Bedford-shire cricket. He was at Bedford School from 1876 to 1884, and was a member of the School Eleven. He recalls with pleasure that he was awarded his colours by the late Bishop of Oxford (the Rt. Rev. Dr. Burge) who was then captain.

FIRST COUNTY MATCH

that he was awarded his colours by the late Bishop of Oxford (the Rt. Rev. Dr. Burge) who was then captain.

FIRST COUNTY MATCH

It was while at Bedford School, in 1832, that Mr. Orr played his first game for Bedfordshire. The county side at that time included Messrs. H. G. Tylecote, T. C. Brown, W. E. Gilder, A. Polhill-Turner, W. P. Godfrey, H. L. Talbot, G. Long, and C. Brown. Mr. Orr then went to Cambridge, where he just missed getting his Blue for cricket. On leaving the University he went to Australia. His ability with both, bat and ball was soon recognized, and he played for the Melbourne Club under the captaincy of Mr. J. Mc. Blackham, the Australian wicket-keeper. He also captained the first West Australian team in 1892.

Mr. Orr returned to England in 1899 and renewed his association with the Bedfordshire side. He was captain for thirteen seasons until 1912, and his colleagues during that period included Mr. R. W. Rice, Dr. A. F. Morcom, Mr. B. L. Peel, Mr. L. G. Stileman-Gibbard, Mr. E. Apthorpe, Mr. Warmby, Mr. P. Brown, Mr. W. E. King, Messrs. F. G. Brooks, H. Grierson, and P. A. Foy, then at Bedford School, Messrs. N. D. T. Oliver and F. C. W. Newman (who now plays for Sir Julien Cahn's XI), then at the Modern School, and Messrs. L. Parbury, A. Holmes-Brown, and W. E. G. Southwell, who were at Elstow School, to mention a few well-known players. In 1912 he resigned the captaincy in view of his impending departure for British Columbia. Steps were at once taken to open a subscription list to make a presentation to Mr. Orr as a mark of appreciation of his services. Mr. Orr's good work and popularity may be judged by the fact that no fewer than 234 people subscribed, including 124 members of the Bedford and District League.

HIS RECORD

A presentation dinner was held at the Central Restaurant in October 1912 and was presided over by Mr. R. E. Prothero. Many fine tributes were paid to Mr. Orr, who was presented with a watch and a cheque, and carnest hopes were expressed that he would soon return to Bedfordshire. It was stated that during his thirteen seasons as captain he made 4,043 runs with an average of 23.5 per innings, and took 190 wickets at a cost of 19.16 runs per wicket. When he reached British Columbia he became a member of the Vancouver Island Club, and was elected captain in 1913. On his return to England he played club cricket in Norfolk until he was sixty-five. Bedford again claimed his interest and to-day he resides in Pemberley Avenue and is a member of the County Club Selection

Committee. He thinks that there is every promise of a good season for the County Eleven, and says that the team should do very well when the full side can be got together in August.

CROQU'ET CHAMPIONS

Congratulations to the Bedfordshire croquet team—Miss D. D. Steel (English champion), Mr. E. L. Ward-Petley, Mr. Alan Wood, Mr. H. L. Walling, Miss C. Attenborough, and the Rev. S. E. Sears—on winning the Inter-County Championship at Hurlingham last week. It is the first success gained by Bedfordshire in this competition since it was inaugurated thirty years ago. Some years ago Bedfordshire ited for first place, but lost on the play-off. Some of the younger generation are apt to laugh at croquet as an old woman's game, but by laughing they are displaying a lamentable ignorance of the game. It is a sport which calls for great skill and a careful study of tactics. It has rightly been described as "billiards on the grass", and all will agree that billiards calls for much proficiency. For instance, the croquet hoop is only 3½in, wide and the ball is 3½in, in circumference. There is little margin for effor.

circumference. There is little margin for error.

ALL-WEATHER GAME

I was surprised to find play in full swing at the Bredford Club in Kimbolton Road on Tuesday when it was raining heavily, and I learned that croquet is about the only green game played independently of the weather. Now you bowlers, cricketers, and tennis players who scurry for shelter at the first sign of rain! As Mr. Claude Clark said to me, "Rain or snow, we have to go on playing or scratch the game. If a programme is arranged for a week it has to be adhered to or it is disturbed and the tournament is incompleted."

The Bedford lawns are delightfully situated and the Club is in a flourishing condition. New members will be welcomed. This week the annual tournament is being held, reference to which will be found in another column.

Whitehead, the Modern School master and international runner, was unfortunate to pull a muscle in the steeplechase. This mishap prevented him taking part in the invitation mile event, and unless he makes a quick recovery may spoil his chances of going to the Olympic Games. Mr. A. B. Mr. Wignall has been invited to judge at the A.A.A. championships at the White City next month.

Rugby Cuthbert's Hall on Friday evening in succession to Mr. S. R. Wells, M.P., who resigned.

The Mayor (Mr. H. R. Neate) presided over a small attendance and was supported by Mr. H. W. Finlinson (Chairman of the Committee), Mr. Arthur Marshall (hon. secretary), Mr. B. Edgington (hon. treasurer), and members of the Committee.

Mr. Finlinson moved the adoption of the annual report and statement of accounts (which have been published in our columns), and in doing so referred to the recommended alteration of the rules to provide for the appointment of an assistant lion, secretary and the appointment of an assistant lion, secretary, and hon, treasurer by the Committee instead of by the annual meeting. The report and alteration of rules were passed without discussion.

When it came to the election of President Mr. Finlinson read a letter from Mr. Wells resigning from the position, and Lord Luke was elected.

Vice-presidents were re-elected with five additions, including Mr. H. A. Deacon, who has been made a life member. As there were no new nominations for the positions of hon, secretary, hon, match secretary, and hon, treasurer, the retiring officials were declared re-elected, as were the retiring members of the Committee, Messrs, S. A. Crawley, A. Fensoane, and L. H. Nicholson, Mr. F. Kingston (hon, anditor), and Messrs, McPherson, Timmins, and Ednie (Chartered Accountants) were also re-elected.

ons butterfly we shall think of Herbert Orr. (Applause).

Mr. W. W. Marks, in supporting the toast, said that he would say "ditto" to everything that Mr. Prothere had said, and his "ditto" was a very useful "ditto," because with regard to county cricket no one knew more about what Mr. Orr had done than he did. He did not think anyone who had been on the Committee or was at present on the Committee but had had the opportunity of appreciating the work Mr. Orr had done. He believed that during the whole of the thirteen years of his captaincy there had nover been a day, and few nights, when county cricket had not been in his mind. He had done more than any man who had been on the Committee to get new members for the club, and even after the season was over, when most skippers felt justified in resting until they were wanted to skipper again, he was always busy loking after the interests of the club. He could not say how deeply he regretted Mr. Orr's going, and he hoped that the thousands of miles between them would not cause him to lose touch with the club. It would be the greatest grief to him (Mr. Orr) if Bedfordshire County Cricket went down when he had gone. The excellent tone of their Bedfordshire side for the past thirteen years had been entirely due to the sporting instincts of their skipper. (Applause).

Mr. Orr's health was then drunk with musical honours.

Mr. Stockburn stated that the total number of subscribers to Mr. Orr's testimenial fund was 234, of whom he was pleased to say 124 were members of the Bedford and District Cricket League, and the total receipts were £84 10s. Id. The expenses amounted to £2 6s., leaving a balance of £82 4s., and since the list was closed he had received a further 14s.

Mr. Prothero then, on behalf of the subscribers, presented to Mr. Orr the gold watch and sixty guineas. Inside the watch was inscribed the following: "Presented to H. R. Orr, Esqr., by the cricketing public of Bedfordshire, together with a purse of gold in recognition of his invaluable services during the past 13 years, as captain of the Mr. Stockburn stated that the total num

Mr. Orr, who, upon rising, was loudly cheered, said: I confess that I would sooner cheered, said: I confess that I would sooner be at the crease on a sticky wicket than on my legs here to-night. I really feel that I can't reply in adequate terms to the very kind words which Mr. Prothero and Mr. Marks have said about me. As you all know I have had the interest of county cricket, by which I mean all sorts of cricket in the county, at heart. We are not a hole and corner club, but include school and Leaguy cricket, and I am only teo pleased to see League supporters here to-night. I really count thany you enough for this aplendid testimonial and for rolling up in such goodly numbers. This beautiful watch I shall treasure more than I can say. I only hope that counct thany you enough for this splendid testimonial and for rolling up in such goodly numbers. This beautiful watch I shall treasure more than I can say. I only hope that it will not only go up to British Columbia, but come back, and that I shall be wearing it again, in the pavilion, maybe, or at least not far from a county match, if there is one going on when I come back. (Cheers.) I should like to refer back to the birth of the new county club. I shall never forget on my roturn from Australia, in 1899, how pleased I was to hear that there was a movement on foot to restart the club. I had played for the County Club as far back as 1882, and I knew what difficulties there were in the way of getting the thing going. No one knows better than I that the Bedfordshire County Club would not be in existence, would not have been re-started, but for two men, and those two men are Mr. Allen and Mr. Marks. (Applause.) I never attended more dull, apathetic meetings than the first three or four on my return, and it was absolutely due to their zeal, business methods, and tenacity, that the ship got launched. After the ship was launched it rested solely upon the players to keep it affoat. I was told in those early days that the club might struggle on for two or three years, but it would azzle out. It has been a great pleasure to me to feel that, after the phirteen scanons during which I have been skipper, I am not leaving a sinking boat. (Applause.) Now it is very hard for me to tell you what I think of the players I have had under ne all those years. I have been given credit for being a good sportsman; well, I hope I am; but I should just like to say that I don't think it has been altogether due to the

empper that we have got that good name for sportsmanchip, because I have nover had any trouble with my players at all, amateurs or professionals.

professionals.

Among other incidents, Mr. Orr recounted an amusing little experience of Pestell, another member of the club. "Pestell," he said, "left Elstow village and went up north. He turned up on a ground somewhere neur Liverpool, and someone said 'Well, young man, where do you come from! 'Elstow.' Where's Elstow!' 'Don't know Elstow! Why, its where John Bunyan came from.' 'Benyan! Who did he play for!' '(Loud laughter.)

The Rev. C. F. The invaluable services which have been rendered by Mr. H. R. Orr to cricket in Bedfordshire during the thirteen years of his captaincy and in the cause of sport generally were publicly recognised on Monday evening, when a farowell dinner was given in his honour at the Central Restaurant, Righstreet. Mr. Orr was also presented with a testimonial in the form of an inscribed gold watch and a purse of sixty guineas, in token of the great feeling of admiration and respect which the cricketing public have for him.

An excellent dinner, catered for by Messaz. Dudonoy and Johnston was provided.

The loyal toast having been duly homoured, Mr. Stockburn read a telegram from Mr. A. Mortison, regretting his inability to be present and wishing Mr. Orr every good wish, and letters to the same effect from Mr. C. Ritson and the Mayor (Mr. W. Roff).

The Chairman, in submitting the toast of Our Guest," said "Our guest" is always to chief toast on these occasions, but "Our juest" is not always asked for the same reason. Sometimes "Our guest" is asked on fromotion. In the profession in which Mr. Marks and I, and other guests to night follow, a barrister, for instance, becomes a judge; he becomes at the same time "Our guest," and while he is recounting his early struggles at the bar, we are occupying our brains with the thought that as he is giving up his practice same of it may come our way, and that if we catch his eye we may on the earliest opportunity be made revising barrister. We, in fact, in commercial English, which I see they teach—do they not, Mr. Hockliffe, in the Evening Institution!—"thank you in anticipation." (Laughter). Sometimes, of course, a man is "Our guest' because he holds some coveted position which we think we could occupy better than he, and while he is assuring us that no man over had more loyal colleagues, we are hoping that at the close of his speech he will announce his impending resignation. (Laughter). I think that kind of "Our guest" is rather dying out. Experience shows that while it is certain that he, humanly speaking, will eat his dinner, it is not quite so certain that he will not be too human to resign. Then there are a variety of other kinds of "Our guest." Of course, the after dinner customs of foreign nations differ from our own, but in all cases there is one purpose that runs through these of match girls—I believe Colonel Weller will confirm that. (Laughter). In aucient Roma—of course Mr. Rice is more con

they were more intelligent and more patriotic than their opponents. Sometimes, of course, we have as our guest a great stateaman, and he stuffs us with the flattering idea that we are going to hear from him some important political pronouncement, which would give us the pleasant feeling that we knew a piece of news at least eight hours before our next-door neighbour will read it in the newspapers. In those cases it seems to me that we are able to gratify our appetites, and at the same time think that we are improving our minds. "Oour guest" is in fact just like one of those tablets that gentlemen who ought not to drink champagne and do-gentlemen who have not got the gastric vigour to digest it or the moral vigour to refuse it-put into their champagne in order to digest it. And that purpose is served by "Our guest" at that sort of political banquet. Then again that same object—easy digestion—is sometimes quite barely and without any disguiss aimed at, as when a man is invited to be "Our guest" at some dinner for a purpose with which he is wholly unconnected. He is well-known as a fluent and excellent after-dinner speaker, and he is asked because he will amuse us and keep us awake while we recover from a hearty meal. And I believe from that point of view, as a "devilled biscuit" Mr. Marks is in great request in the town of Bedford—(loud laughter)—and Mr. Farrar as a "digestive pickle." (Loud laughter).

Now, gentlemen, "Our guest" to-night need not be in the least afraid that we think that he is a divestive relish continued Mr.

cuit" Mr. Marks is in great request in the town of Bedford—(loud laughter)—and Mr. Farrar as a "digestive pickle." (Loud laughter).

Now, gentlemen, "Our guest" to night need not be in the least afraid that we think that he is a digestive relish, continued Mr. Prothero. Neither do we think that he is likely with oil-flask and scraper in hand to proceed to massage us. Neither have we any idea that if we sit next to him we shall be put on to bowl first or go in first. Neither, speaking of course strictly for myself, are we at all likely to confuse him with a nautch girl. But he is here to night on quite a different ground. Why is he our guest? He is our guest first and foremost, I think, because we are his personal friends—(hear, hear)—and we one and all wish him to carry away a pleasant recollection of our friendly gathering here to night. There are very few men to whom we wish "Good-bye" with a keener regret, or wish "Good-bye" with a keener special with the sace of cricket time that and with the ball, but he has played it conspicuously well also on the moral side, by the display of all those qualities of pluck, keenness, good

plane).

I wonder if any of you ever collect butter-flies, Mr. Prothero continued. I do. (Laughter). Well, there is a certain butterfly which is very common in one of the woods of North Bedfordshire, and it is always associated in my mind with Mr. Orr. You may know the butterfly to which I allude. It is called the Grisly Skipper. (Laughter). I am sure that

#### Bedfordshire Cricket Captain Leaving England.

Cricketers in town and county will hear with great regret the intimation that Mr. H. R. Orr, who for 15 years has controlled the destinies of Bedferchnire cricket; or the field of play at least, is to leave England at the close of the cricket season, for British Columbis, where he is taking up fruit growing with some friends. Mr. Orr was educated at Bedford Grammar School and Jesus College, Cambridge, where he missed his Blue by a pure accident. After a period in Australia he returned to England and took up the duties of Games Master at Elizhow School. There he has organized all the School games for many years and has had under his care many a cricketer and footbeller who have made names for themselves in a bigger field than Bedford or Bedfordshire elseven 13 years years ago he immediately succeeded Mr. L. C. B. Thring in the captaincy and has since been a continuous member of the team. No bet has made so many runs for the county during recent years—we have had more brilliant men, perhaps, with us for brief periods—but for consistency and general sounds Mr. Orr has laver been surpassed. At the present time, after all these years of hard service, he is rightly looked upon as one of the most productive batemen in the county. A hard hitting bat, he yet maintains the soundest of defences, and is an extremely difficult man to dislodge once it gets going. Many changes has Mr. Orr seen and through many troublous periods has he steered his team but now he has the satisfaction of leaving it in as sound a position as it has ever been—with the prospect of a prosperous time ahead. Through the difficulties he has been called upon to face Mr. Orr has never lost his wonderful popularity throughout the county, where his whole-hearted and practical enthusiasm for the game has not failed to be appreciated. Bedfordshire cricket will lose a capital sportsman, an accomplished bateman, and a thorough good fellow when Mr. Orr goes to British Columbia.

We hope that his intention of "making the most of the present season" will be carr

#### THE LATE MR. F. R. ORR

MEMBER OF WELL-KNOWN BEDFORD FAMILY

The death took place on 1st January at "Pemberly", Kimbolton Road, Bedford, of Mr. Rowland Frederick Augustus Orr after an illness of only two days. Mr. Orr was aged 63, and death followed a heart attack. He was the youngest son of the late Mr. and Mrs. Henry Adair Orr, and came of a family closely associated with Bedford School, where he was educated. As a lad he lived at the "Pemberly" which subsequently was used as the residence of the Head Master and which was eventually purchased by the Harper Trust and pulled down to allow of an extension to the School field. The site of the School Chapel was at one time an orchard attached to Pemberly House.

The late Mr. Orr's brother, Mr. Herbert R. Orr, was formerly a well-known cricketer at the School and was for many years captain of the Bedfordshire County Cricket XI. A sister, Miss Florence Orr, who died in July, 1924, w. s known in the town for her manifold charitable activities and particularly for her work in connexion with Hospital Week, of which she was president.

In his day the late Mr. Orr was a well-known figure in local sports circles. He was a member of the School XI for four years (1828-5), succeeding his brother, Mr. Herbert Orr, in the captaincy in his last senson. An accomplished bat and a prolific scorer, after leaving School, he played for Kensington Park, a well-known London Club in those days, and for his native county. For Bedfordshire he played under the captaincy of Mr. L. C. R. Thining, Head Master of Dunstable School, and of his brother, Mr. H. R. Orr. He was a brilliant cover-point. Mr. Orr was also an enthusiastic Rugby player, and was one of the School's three-quarters in the 1834-5 season.

Mr. Rowland Orr was a member of the banking profession. For nearly forty years he was with Lloyds Bank in the Strand, in later years as cashier. On his retirement he returned to Bedford and lived with his sister at "Pemberly", where he found great heaving for fine and wissorr; Ethel Macdonald; The Staff Chloyds Bank (London); Mr. and Mrs. H. Such a project, so carried out, costs a great deal of money—£5,500 is the latest figure mentioned if we want the latest improvements. To meet this a we want the latest improvements. To meet this a loan will be negotiated which it is important to reduce as far as possible by contributions; and we print elsewhere the letter which has been addressed by the Head Master to the parents of boys now at the School, and to the Governors of the Harrer Trust together with a list of the of the Harper Trust, together with a list of sub-scribers up to date. It will be seen that while subscriptions have been extremely generous, they have not been very numerous; and it is hoped that all those appealed to will send what they can afford, with the assurance that sums large or small will be most gratefully received. Otherwise we may fall so far short of the projected

£1,500 as to endanger the whole scheme.

It will be noticed that no direct appeal is being addressed to Old Bedfordians: it is felt that many calls have already been made upon them by the School, to which they have made a most generous School, to which they have made a most generous response. But the idea of building a Swimming Bath is one which many of them have long been urging, and we believe that the present scheme will entirely commend itself to them; so that there may well be some of them who will feel that they can afford to contribute to it, and would really like to do so. If, in that case, they will send their cheques to the Head Master, they will be conferring an important benefit upon the School be conferring an important benefit upon the School,

me conferring an important benefit upon the School, and are assured of our great gratitude.

Meanwhile, the many arrangements that have to be made before beginning to build are almost all successfully concluded; and we owe much already to the good will and co-operation of the Harper Trust and the Town Council. We are encouraged to hope that the building will be started before long, and that the Bath will be opened in the Summer Term.
