Overs and maidens exceed published averages for Edwards even with an innings missing from the match with Oxon (h). In that innings he took two for 68. Taking away this figure for excess of runs conceded (11) almost balances the runs understated for Hazelton. For Edwards the missing overs, maidens, runs and wickets (2) have all been left out of his published total. The figures shown above are deficient overs and maidens for the Oxon (h) match.
