## Sponsors' Address

March 2019

I am incredibly proud to once again be writing this message in the League Handbook as the long-term league sponsor, welcoming the start of a new cricket season.

As a life-long cricket fan and champion of the close ties between business and sport, supporting the league and driving the community forward is a real honour.

The past three years as sponsor have been a pleasure, watching the cricket league thrive – win, lose or draw. And, as we move into the new season, it is now time to build on those successes of the past, to learn from the mistakes of last season and to move forward with focus and belief.

So, with that in mind, all that remains for me to do is to wish all players, family and friends the very best for the season ahead, from myself and everyone at UKFast.

Best of British,  
Lawrence Jones MBE

## Chairman's Foreword

The poor weather at the start of the 2018 season and the Football World Cup later in the summer proved to be very challenging for the UKFast League with the reorganisation of many games and cooperation between clubs being put to the test. As a League we value the honesty and integrity of all Clubs and these challenges provided fewer than expected issues and we are grateful to all our members for the manner in which they conducted themselves through these difficult times and their support in embracing the changes we are making to support grass roots cricket.

Stockport Georgians 1st X1, Champions of Div 1 and Congleton as Runners Up were promoted to The Cheshire County League along with Hale Barns 2nd X1 who were Champions of Div A. Our best wishes to all three for a successful year. Our thoughts to Port Sunlight who were unable to take their place in The County League after finishing runners up in Div A.

Congratulations to all The Winners and Promoted Clubs from Div 2, 3, and 4, Div B and C's we wish you the best of luck for the coming season.

A Warm welcome to Hawk Green to The UKFast League, Runcorn and Weaverham to Div 1, Northwich 2nds to Div A, Caldby and Burton to C. We wish them all a successful 2019 season in the League.

Brian Davenport has been a Stalwart of Cheshire Cricket for many many years and his passing in 2018 was deeply felt across The County and beyond. As a mark of respect to his great work and dedication to Cheshire Cricket, the UK Fast Div 1 Championship trophy has been renamed in his honour.

Cricket in Cheshire is healthy and it is our quest to ensure that future of our game is safe in the knowledge that we will always aim to provide Healthy Competition for all levels of Cricket within our structure for all our Clubs by seeking to forge closer ties within The 4C's by adopting a mutually beneficial process based on mutual respect and democratic discussion between The two Cheshire Leagues. With this cooperation the long term union of both Leagues can work successfully together within the framework of the 4c's and its equal governance to all the diverse aspects relevant to both Leagues with guaranteed autonomy and acceptance.

I would like to express my gratitude to UKFast for their Sponsorship of our League and wish them every success in the coming years for their wonderful social and business ethos in the market place which is seen as a shining light to other company's striving to achieve progress.

All league executive Members work tirelessly on a voluntary basis for the good of all Clubs without prejudice. I would like to thank all of them for the hard work and perseverance over the past year. A special thank you to Richard White for all his years of service to the league and our best wishes for a long and happy retirement from the exec.

My best wishes go to all the Clubs for a successful 2019 Season.

### 1st & 2nd XI Divisional League Championship

c) **Division C Only**

In all League matches bowlers are restricted to a maximum of 25% of the number of overs available to the fielding side at the start of an innings. The maximum number of overs per bowler can be calculated as follows:

Available Overs / 4 = xx.yy e.g. 39 overs/4 = 9.75, xx=9 and yy=75

if yy=75: 3 bowlers (XX+1) overs, 1 bowler (xx) overs

if yy=50: 2 bowlers (XX+1) overs, 2 bowlers (xx) overs

if yy=25: 1 bowler (XX+1) overs, 3 bowlers (xx) overs

if yy=00: 4 bowlers (xx) overs

e.g. 39 overs/4 = 9.75, xx=9 and yy=75

3 bowlers (xx+1 = 9+1 = 10) and 1 bowler (xx = 9)

d) **Divisions 1-4, A and B**

In all League matches bowlers are restricted as follows based on the overs of play at the start

81-90 over match maximum 14 per bowler

71-80 over match maximum 12 per bowler

61-70 over match maximum 10 per bowler

51-60 over match maximum 8 per bowler

e) **All Divisions 1-4, A,B and C**

Allowances are not subsequently reduced in matches impacted by weather after play has started. The responsibility for ensuring compliance with these restrictions and the Fast Bowling restrictions for young players lies with the fielding side captain. Failure to observe these restrictions **will** result in a 2 point penalty for each excess over bowled and may lead to disciplinary action being taken against the fielding side captain.

4. The League shall organise annually a bulk purchase of 'Grade A' cricket balls of a make to be decided by the Executive Committee. Clubs shall purchase these balls from the League for use in all Championship matches and shall bowl with their own ball. In 1st XI cricket balls must be new at the start of an innings. A team that breaks this rule will suffer a deduction of 5 points.
5. In all matches played under the auspices of the League players must appear in traditional, predominantly white, clothing. All such clothing and all club kit must be in a clean and presentable condition.

In addition, the start time of any match may be moved forward up to one hour with the agreement of **BOTH** sides. Such changes must be notified to the Fixture Secretary and the Umpires Appointments Secretary a minimum of 7 days prior to the match.
7. This rule **DOES NOT** apply to Division C Win/Lose cricket!  
If the innings of the side batting first is completed before the limit on that innings is reached the side batting second shall be entitled to receive the balance of the number of overs making up the game. However, if, for any reasons, a bowler is unable to complete an over, that over shall be completed by another player. This player shall not have bowled the previous over and may not bowl the following over. Any over commenced and not completed for any reason at the end of an innings shall be deemed to have been completed.
9. During both innings the scoreboard shall show the number of overs that have elapsed.
- 10.a) If either competing team is not ready to commence at the scheduled time of commencement (vide Rule 6) or after any interval or stoppage of play (vide Rules 12 and 14) they may be reported to the Executive Committee. The Umpires should inform the captains if they intend to make a report.

Such incidents must be reported to the Executive Committee for investigation and ratification of the points awarded. The Executive Committee shall have the power to deduct points for persistent offenders in respect of timekeeping.

#### - For 90 Over Draw Cricket (Divisions 1-4, A and B)

- f) After a match has commenced the limit on overs for the first innings cannot be reduced.
- g) In the event of stoppages for inclement conditions in either innings after play has commenced the first aggregated 15 minutes of stoppage, less any minutes of delay at the start of the match (see 14a above) shall not result in any reduction of overs. Thereafter, one over shall be deducted from the second innings for every 3.5 minutes of stoppage.

#### - For 80 Over Win/Lose Cricket (Divisions C)

- h) For Win/Lose cricket after the game has commenced subsequent stoppages reduce the innings by one over per side for each 7 mins lost. At the interval between innings Duckworth-Lewis-Stern method is used to determine the par score for a tie and the par score plus one run for the win. If there are further stoppages then before the commencement of play a new par score is calculated. If the team batting second does not get to continue their innings and each side has batted a minimum of 20 overs then DLS is used to decide the result.
  - i) The UKFast Cheshire Cricket League has adopted the play-cricket scorer app to calculate the DLS par score. This app is free to use and can be downloaded from your device's store. The DLS portion of the App does not require login and can be used offline. - Where appropriate, points may be deducted by the Executive Committee acting on such information provided by the umpires on the result sheet. One point may be deducted from the points awarded for the match for each over not completed in the allotted time and calculated at the rate of 17 over per hour.

7. For all rounds the League Umpires Association shall where possible appoint umpires to matches. Participating teams must pay these umpires prior to the match at the current rate for match expenses. In the later rounds the League may repay these expenses at the discretion of the Executive Committee. In all matches each team must appoint a scorer for the match. Failure to do so will incur whatever penalty the Executive Committee have agreed for the season.
8. All rounds up to the semi-finals of the competitions shall be regionalised. The Executive Committee shall set the dates on which each Round shall be played and will notify all participating Clubs of the dates at the start of the season. However, in the case of semi-final ties the participating Clubs shall be allowed by mutual agreement to rearrange the tie(s) for the Sunday before, or the Sunday after, the scheduled date but on no alternative date(s). The League must be informed on any re-arrangements and in the case of any dispute between the Clubs concerned the match shall be played on the set date. If any match other than the final cannot be played on the set date due to inclement weather the Clubs concerned may by mutual agreement play the tie on any date up to seven days before the date set for the following round. If agreement cannot be reached the tie shall, without exception, be played seven days after the original set date. If any tie is not completed (subject to conditions in Rule 16) seven days before the following round the winner shall be decided by the toss of a coin or by a bowl out (ECB rules will apply) with all players and umpires being present. In the case of inclement weather the **FINAL** shall be rearranged by mutual agreement as many times as is necessary to ensure a game under the conditions in Rule 16.
9. The final tie of each Competition shall be played on the same day on a ground chosen by the Executive Committee.
10. Club Secretaries shall be responsible for:-
  - a) Receiving notification of the initial draw for the Competitions and the scheduled dates for the playing of each tie.
  - b) If drawn with home advantage, arranging the starting times for each tie with their opponents. (No later than 6.15 p.m. in the case of evening matches).
  - c) If successful in any tie, ascertaining and then notifying their next round opponents, with 48 hours of the completed match in order that arrangements can be made for the subsequent tie to be played.
11. The draw for the Competitions rounds and 1st X1 group stage shall be made at the commencement of the season by the Executive Committee. The draws shall then be circulated to Club Secretaries together with the scheduled dates.

### 1st & 2nd XI League KnockOut

- a) The 1st XI group stage will be determined by defining groups of 4 or 3 teams that require the minimal amount of travelling. Each team will play each other earning 4 points for a win, 2 points for a tie and 2 points for an abandoned game. There are no reserve dates for the group stage.
  - b) The Winner of each group will go forward into the knockout competition to play as detailed in the fixtures. The runner-up in each group shall go forward to play in the Plate competition as detailed in the fixtures.
  - c) In the 1st XI group stage if the top two placed teams are tied on the same points, the result of the group stage match between the two teams will be used to decide placings. If 3 or more teams finish on the same points, or 2 teams cannot be separated then Net Run Rate will be used to decide the final placings based on all group games. If this still fails to determine first and second place then a draw will be held by the League Executive committee to determine the placings.
12. Subject to special conditions incorporated in these rules, all matches must be played under the 'Laws of Cricket' as laid down by the M.C.C. at the time. In addition, the League has, for all matches played under its auspices, adopted the ECB Fast Bowling Directive, the ECB Safety Guidance on the Wearing of Cricket Helmets by Young Players and ECB Guidelines for Junior Players in Open Age Cricket.
  13. All matches in the competition to be 20 overs each side, unless bowled out earlier. Bowlers may bowl a maximum of four overs. In the event of a bowler breaking down and being unable to complete an over, the remaining balls shall be bowled by another bowler. Such parts of an over shall count as a full over only in as far as the bowlers' limits are concerned. In a reduced overs match, or an innings that has been reduced, the number of overs to be bowled by each bowler shall be reduced accordingly. In the event of an innings being reduced after the start, the bowling limits shall remain the same as when the innings commenced. A chart shall be produced to aid umpires and captains.
  14. Matches to start at 6.15 p.m. or at agreed earlier time. If, in the umpires opinion, either team is not ready to start at the agreed time the opposing captain shall have the choice of batting or bowling. In the event of a late start, the number of overs remaining shall be calculated as specified in Rule 17. The interval between innings shall be no more than 10 minutes. The umpires shall be the sole judges of the fitness of light for play.

## UKFast Cheshire Cricket League Match Rules

### 1st & 2nd XI League KnockOut

15. If the team bowling first do not complete their 20 overs within the stipulated time of 75 minutes, the innings shall be completed but they will forfeit from their reply the number of overs not completed at the cut-off time. Any over in progress when the limit time is reached shall count as completed for calculation purposes. This rule applies in matches with reduced overs. A chart outlining the cut-off times will be produced to aid umpires and captains.
16. If the team bowling second do not complete their 20 overs within the same stipulated time of 75 minutes, 10 runs shall be added to the total of the team batting second for every over not completed at the cut-off time. Any over in progress when the limit time is reached shall count as completed for calculation purposes.
17. In matches where the start of play is delayed, a match of shorter duration may be played but not less than 12 overs per side. The match must be reduced by one over per side for every 7 minutes of delay and the cut-off times determined with reference to Chart 2.
18. In matches where play is suspended the following rules shall apply:
  - a) Where the innings of the side batting first is suspended they shall be entitled to bat for the full number of overs available at the start of the innings.
  - b) If, owing to suspension(s) of play it is not possible for the side batting second to have the opportunity to bat for the same number of overs as the side batting first, they will bat for as many overs as are deemed possible by the umpires provided the minimum of 12 overs are bowled in the innings. For the purposes of this calculation umpires will deduct one over for every 3.5 minutes of delay and adjust the time allowed with reference to Chart 2.
  - c) In matches curtailed by this rule and providing a result has not been achieved the winners shall be the team with the higher overall scoring rate throughout their innings.
19. The winners of a match not curtailed by suspensions in play shall be the team scoring the higher number of runs or, if the scores are level, the team that has taken most wickets. If the sides still cannot be separated the winners shall be the team striking the most boundaries (4s and 6s) or if still equal the side hitting most 6s or if still equal the side conceding fewest extras (excluding leg byes) shall be the winners.

### 1st & 2nd XI League KnockOut

20. **NO BALL:** In the event of a no ball a free hit shall be awarded for the next delivery. If a no ball is bowled or wide called during the delivery of the free hit, one run shall be added to the total for the no ball or wide and another free hit shall be bowled next delivery. A batsman may only be out off a free hit in the same ways as off a no ball even if the free hit is called a wide. Field changes are not permitted for free hit deliveries unless there is a change of striker or the No Bass was the result of a field restriction breach in which case the field may be changed to the extent of correcting the breach.
21. **WIDE BALL:** All deliveries passing wide of the leg stump, and outside the line of the batsman's body, that do not come into contact with the bat or any part of the batsman's person, with the batsman standing in, and using his normal batting stance, regardless of where the ball pitches shall be called WIDE. Off side wide markings shall be painted between the popping crease and the bowling crease as follows.
- The inner-edge of each line: 17 inches (43.2 cm) inside each return crease i.e. 35 inches (89 cm) on each side of the imaginary Centre-line.  
If a ball passes outside the Off-side Wide-line the Bowlers end Umpire must call and signal Wide.
22. **FIELDING CIRCLES:** Normal fielding circles at a radius of 30 yards centred on the two middle stumps must be clearly marked out prior to the match. At the instant of delivery, a minimum of four fielders plus the bowler and wicket keeper must be within the fielding circle. In the event of an infringement the striker's end umpire shall call and signal no ball.
23. For the first six overs of each innings only two fielders are permitted to be outside the fielding circle at the time of delivery. See Chart 3 in the event of a reduced overs match.

#### **CHART 3: FIELDING RESTRICTION OVERS (FRO)**

In circumstances when the number of overs of the batting team is reduced, the number of Fielding Restriction Overs (FRO) will be reduced as set out below. This applies to both first and second innings of the match.

Overs in innings is:

12 – 13; FRO = 3.

14 – 16; FRO = 4;

17 – 19; FRO = 5.

Following the FRO and for the remainder of the innings, at the instant of delivery, a minimum of four fielders plus the bowler and wicket-keeper must be within the fielding circle. In the event of any infringement to these restrictions, the striker's end Umpire shall call and signal no ball.

24. Incoming and outgoing batsmen must cross on the field of play.

Five players from each side will bowl two overarm deliveries each at a wicket (conforming to Law 8) from a wicket pitched at a distance of 22 yards with, if practicable, bowling, popping and return creases marked (conforming to Law 9). The side, which bowls down the wicket (as defined in Law 28.1a) the most times, shall be the winner. If the scores are equal, the same players will bowl one ball each alternately to achieve a on a 'sudden death' basis.

The following shall also apply in respect of bowl-outs:

- The same suitably acceptable ball (not a new one) will be used by both teams. If this ball becomes wet, it may be changed subject to the umpires' approval.
- If a bowler bowls a No Ball it will count as one of the two deliveries but will not count towards the score of the team.

## **Cheshire County Cricket League Ground Criteria**

THE following list of Grounds Criteria should be strictly applied by all Cheshire County League clubs for their main grounds during the 2019 season. Panel umpires, 2nd XI and 3rd XI captains will take these criteria into account when making their match reports.

### **1. SQUARE**

Should be well-maintained and in good condition. The entire square should be cut prior to each game, the wicket clearly identified from the remainder of the square and fully-prepared for positive cricket.

### **2. PITCH**

The objective is that the whole pitch should be firm, dry and true, providing good carry and consistent bounce with no excessive seam movement throughout. In all cases, pitches will be judged on how they play and not whether they are dry and what colour they look. Pitches should be marked out to comply with current regulations (see Handbook diagram). Creases should always be re- marked between innings.

### **3. OUTFIELD**

Should be flat, even and well-maintained with good drainage, closely-mown weekly below three-quarters of an inch or 20 millimetres, with no grass cuttings left about. The ball should be able to run truly.

### **4. PLAYING AREA**

Should be ideally be a minimum width of 120 yards and a length of 120 yards.

### **5. BOUNDARY**

Should be clearly marked with a rope or white lines, plus boundary flag- markers every 20 yards. The boundary should be a minimum distance of 50 yards from the playing area for all 1st XI matches and a minimum of 40 yards for 2nd and 3rd XI games.

### **6. SIGHT-SCREENS**

The structure of all sight-screens, painted with non-gloss paint, should be in good condition and of adequate size for each individual ground. Boarding must be available to delineate the boundary if placed within the playing area. Two sight-screens are required at each end.

### **7. BELL**

A fixed bell should be provided for use by the umpires to signal the imminence of the start of each session of play.

## **Cheshire County Cricket League Ground Criteria**

### **8. SCOREBOX**

The scorers should be totally under cover. The box should be purpose-built of an acceptable standard and maintained inside and outside in good condition. Ideally, the fascia board should be clearly visible from the pavilion and throughout the field of play. Adequate-sized numbering should be provided for the running total, wickets lost, individual batsmen's scores, last batsman out, overs used and the total of the team batting first. Whether the home or away team is batting should be indicated. Paintwork of the numbers and scoreboard should be in good condition. Automatic numbering for the total and overs is expected. Electronic numbers should be adequate for the size of the ground and be clear for all spectators and players to see. Scorers are urged to indicate the number of overs of the team batting second in descending - not ascending- order to be of assistance to newly-arrived spectators. Scoreboxes in the Premier League should be properly equipped in accordance with electronic requirements. ALL clubs are urged towards having mains electricity laid on as Computer Scoring becomes the norm.

### **9. COVERS**

Mobile frame covers must be provided. The minimum total size should be 24 yards long by 10 feet wide. Covers should be used to protect the pitch and in the preparation of the pitch in the days preceding the game – especially on Friday and Saturday nights – as well as on match days. Clubs are encouraged to use sheets to protect the bowlers' run ups. It is emphasised that these sheets should be used to complement the mobile covers, and not as a substitute for them.

### **10. MOPPING-UP & ROLLING EQUIPMENT**

Clubs must provide adequate mopping-up equipment for use during wet weather. The minimum equipment recommended is a Strike Rolo Mop. This work should be done under the supervision of the umpires. A choice of light or heavy roller should be made available for use prior to and during all matches.

### **11. BAD WEATHER PROVISIONS**

It is expected that the home team will ensure full access to all equipment needed to clean up in the event of adverse weather and to use it as soon as rain has ceased, or as directed by the umpires. Clubs are also expected to make all efforts possible to ensure that grounds are fit to play in the event of bad weather. This requirement should take precedence over other activities, such as warm-ups etc.

### **12. GROUND SURROUNDS**

Surrounding areas should be regularly cut and neatly maintained. All paintwork should be in good condition. Suitable measures should be taken to ensure that lost ball time is minimised. It is highly recommended that adequate seating is provided around the ground to encourage and accommodate spectators.

## Should We Be Playing ?

*The following are the guidelines issued to all panel umpires at the beginning of each season. They are reproduced here to enable captains and players to appreciate the difficulties involved when rain threatens a cricket match. They should also form the basis of decisions on fitness for play when no panel umpires are appointed, including Second XI matches.*

### Principles

- 1) It is recognised that many players and umpires look forward to a competitive game of cricket on a Saturday afternoon and that, whenever possible, the game should take place – in a meaningful form.
- 2) It must be recognised that when there is, or has been, rain, the safety of those taking part is of paramount importance.
- 3) It must be recognised that when play continues in light rain or drizzle, there will come a point when, however plentiful the towels and drying facilities, the ball will become greasy and soapy, the bowlers thereby losing their grip and control it, there will be problems for fieldsmen in trying to stop and field the ball and batsmen will have difficulty in turning or stopping.
- 4) It is recognised, above all, that what is required of umpires in such circumstances is consistency. The state of the game, or for that matter the importance of the game, is immaterial and it is the consistent application of the Rules across all matches to which umpires should aspire.

### LAWS AND RULES

“... the umpires shall be the sole judges of the fitness of the ground, weather and light for play.”

## Application of the Principles and Laws/Rules

It is appreciated that the application of the principles and laws/rules mentioned above will be extremely difficult. It is possible here to give a number of specific guidelines but at the same time there is always to be an element that must be left to the umpire's judgement, bearing in mind the facts before him. It is, and must be, appreciated that some conditions will be governed by circumstances, e.g. Umpires wearing spectacles. However, the following points should be noted:

**Under no circumstances should play commence, either at the start of the match or after an interval, when rain is falling.** In this instance, play must not begin in light rain or drizzle and should not commence simply because conditions are no worse than before the break took place. This is a situation where judgement is not required and consistency should be paramount.

Once play has commenced it is the individual judgement of the umpires when to actually suspend play but the following guidelines are suggested:

Play can continue in light rain or drizzle but Principle 3 indicated above should be noted. Even if the rain becomes no heavier there may become a point where play should be suspended if the conditions indicated in Principle 3 become prevalent.

In the case of steady rain it will depend on the circumstances. If the weather has "closed in" and there is no sign of a break it is advisable to wait to the end of the over and then suspend play. However, if the rain is showery in nature it may be advisable to wait for say two overs before suspending play, particularly if the rain may clear after a short time.

In the case of a heavy downpour, play should be suspended immediately.

In the event of a thunderstorm it is again the judgment of the umpires when to suspend play although it is quite often useful to attempt to do this before the storm actually arrives in order that the pitch can be covered. However, umpires must be extremely careful not to suspend play until they are satisfied that the storm will "hit" the cricket ground itself.

### CONSISTENCY

It is imperative that we make every attempt to be consistent, in particular in respect of starting play when there is any rain whatsoever falling on the ground. The criteria is not what is reasonable in the terms of one match but what is reasonable bearing in mind the need to adopt a consistent approach over the whole League programme.

## Application of the Principles and Laws/Rules

Finally, when there is a suspension of play due to rain, it is imperative that the umpires monitor the weather and are seen to be doing this on a regular basis in order that play can commence, or an inspection of the pitch can be made, as soon as the rain ceases.

### Blood Injuries

The Executive Committee has considered the question of “blood injuries” on the field and has resolved that the following course of action should be followed:

- <sup>1</sup> If a player sustains a minor cut or graze which can be adequately treated quickly by the use of plaster, play should be suspended briefly to allow such treatment.
- <sup>2</sup> If a player is bleeding freely he will be instructed to leave the field of play for treatment.
- <sup>3</sup> In the case of a fielder he will be entitled to have a substitute at all times.
- <sup>4</sup> In the case of a batsman he will retire hurt and return at the fall of a later wicket or retirement of a later batsman. If he is one of the last batsmen at the wicket 10 minutes will be allowed for treatment, after which the innings will be deemed closed.

## ECB Young Player Directives

### Fast Bowling Match Directives

This Directive as per ECB Website, March 2019. For any subsequent changes visit [www.play-cricket.com](http://www.play-cricket.com)

Age	Max.overs per spell	Max.overs per day
Up to 13	5	10
U14, U15	6	12
U16, U17, U18, U19	7	18

*For the purpose of these Directives a fast bowler is defined as a bowler to whom a wicket keeper in the same age group would in normal circumstances stand back to take the ball.*

Having completed a spell the bowler cannot bowl again, from either end, until the equivalent number of overs to the length of his\* spell have been bowled from the same end. A bowler can change ends without ending his current spell provided that he bowls the next over that he legally can from the other end. If this does not happen his spell is deemed to be concluded. If play is interrupted, for any reason, for less than 40 minutes any spell in progress at the time of the interruption can be continued after the interruption up to the maximum number of overs per spell for the appropriate age group. If the spell is not continued after the interruption the bowler cannot bowl again, from either end, until the equivalent number of overs to the length of his spell before the interruption have been bowled from the same end. If the interruption is of 40 minutes or more, whether scheduled or not, the bowler can commence a new spell immediately.

In matches of 20 overs or less per team where the competition regulations only allow bowlers to bowl less than or equal to the number of overs specified as the maximum in a spell in the Directives the provisions requiring an equivalent number of overs from the same 24 Fast Bowling Match Directives 206 end to have elapsed before a subsequent spell can commence shall not apply (e.g. in any age group competition where a maximum of 4 overs per bowler is allowed these may be bowled at any time in the innings irrespective of the number of spells bowled).

Once a bowler covered by these Directives has bowled in a match he cannot exceed the maximum number overs per day for his age group even if he subsequently bowls spin. He can exceed the maximum overs per spell if bowling spin, but cannot then revert to bowling fast until an equivalent number of overs to the length of his spell have been bowled from the same end.

## ECB Young Player Directives

If he bowls spin without exceeding the maximum number of overs in a spell the maximum will apply as soon as he reverts to bowling fast. Captains, Team Managers and Umpires are asked to ensure that these Directives are followed at all times.

**For guidance it is recommended that in any 7 day period a fast bowler should not bowl more than 4 days in that period and for a maximum of 2 days in a row.**

Age groups are based on the age of the player at midnight on 31st August in the year preceding the current season.

*\*Any reference to he/his should be interpreted to include she/her.*

## Safety Guidance on the Wearing of Cricket Helmets by Young Players

In February 2015 the England and Wales Cricket Board (ECB) issued updated safety guidance on the wearing of helmets by young players up to the age of 18. In brief, the guidance recommends that:

- helmets with a faceguard or grille must be worn when batting against a hard cricket ball in matches and in practice sessions
- young players should regard a helmet with a faceguard as a normal item of protective equipment when batting, together with pads, gloves and, for boys, an abdominal protector (box)
- young wicket keepers must wear a helmet with a faceguard, or a wicketkeeper face protector when standing up to the stumps.

With the assistance of schools, cricket clubs and leagues, the wearing of helmets by young players is now standard practice in cricket throughout England and Wales. Helmets are widely available and are covered by an updated British Standard (BS7928:2013). A face protector represents an alternative head protection system for young wicket keepers. Wicketkeeper Face Protectors are covered by a new British Standard (BS 7928 – 2 :2009). The ECB strongly recommends that wherever possible junior players use head protectors that have been tested against junior sized cricket balls.

Parental or guardian written consent allowing a young player not to wear a helmet should not be accepted in any form of cricket.

This guidance applies to all players up to the age of 18, both in adult cricket and in all junior cricket played with a hard cricket ball.

The guidance also applies during all practice sessions. Any individual taking responsibility for players should take all reasonable steps to ensure that this guidance is followed at all times.

## ECB Young Player Directives

The ECB asks that the guidance is communicated to the parents or guardians of all young players through clubs and schools, and that young players are not allowed to bat or stand up to the stumps when keeping wicket against a hard ball without wearing appropriate protection.

### Guidelines for Junior Players in Open Age Cricket

The ECB has issued guidance covering the selection and participation of young players in open age group cricket. This is to help clubs decide when to select young players in open age group cricket and how best to help their cricketing development when they play within open age groups. The guidance applies to boys and girls. The ECB keeps these guidelines under review and, following feedback from clubs and leagues, has revised these guidelines from the 2014 season. The ECB will continue to monitor the impact of these guidelines and you are invited to feedback your thoughts and comments in writing to the ECB Non-First Class Cricket Department.

#### The guidance is as follows:

##### General

- Making the step up from junior to open age group cricket is a significant event in any player's cricket experience. Ensure the player's safety, personal development needs and overall cricket experience are considered.
- Clubs, squad coaches and managers must take into account the requirements on age detailed in this guidance.
- Each case is to be determined on an individual basis, depending on the player's ability and stage of cognitive and emotional maturity to take part at this level. However, the minimum age guidance provided below must be adhered to.
- Juniors should be involved in all aspects of the game wherever possible i.e. socialising, team talks, practice, decision making and so on, so they feel part of the team.
- Children will often feel more comfortable and able to perform if they have a family member or friend also playing in the side.
- Remember, children's early experiences will remain with them always and will often determine whether they want to remain playing the game or give up and do something else.
- Provide an opportunity for players to show their talents in an appropriate way. Children who are just used as fielders will not fully experience the game.
- Be supportive, at all times, for all forms of effort even when children are not successful. Try and put them in situations where they will experience some success (however small) and ensure plenty of praise and encouragement.

## ECB Young Player Directives

- The captain should inform the Umpires of under 18s in the side.

### Restrictions

ECB Helmets, Fast Bowling Directives and Fielding Regulations should always be adhered to for junior players in Open age group cricket.

### Minimum Age

Players who are selected in a County U12 squad in spring for a summer squad or in another squad deemed by ECB Performance Managers to be of a standard above 'district level' for that season are eligible to play open age cricket.

This is providing they are at least 11 years old, are in School Year 7 on 1st September in the year preceding the season, and have written parental consent to play. In allowing these players to play in open age cricket it is essential clubs and coaches recognise the 'duty of care' obligations they have towards these young players.

This means boys and girls who are county squad and area squad players, are able to play open age group cricket if they are in an U12 age group and are a minimum of 11 years old on 1st September of the year preceding the season.

# Cheshire Cricket League Disciplinary Regulations

## AIMS AND JURISDICTION

- The England & Wales Cricket Board (ECB) is committed to maintaining the highest standards of behaviour and conduct. The Leagues, including the UKFast Cheshire Cricket League, (the League), which operate within the jurisdiction of the ECB, share this commitment.
- To this end, these discipline regulations, incorporating major parts of the ECB Model Code of Conduct, the new MCC Laws and The Spirit of Cricket, have been adopted by all the Leagues.
- The regulations shall be complied with by all those who participate under the jurisdiction of any of the Leagues' Management Committees. The regulations shall apply to any player at any club, at any level, under the auspices of any of the listed Leagues.
- The regulations are intended to provide assistance and uniformity to all clubs in dealing with any alleged breach of the Code of Conduct, the new MCC Laws and The Spirit of Cricket and are aligned to ECB Non-First Class cricket procedures.
- Any club which fails to take all reasonable steps to ensure the proper conduct of its players, officials and/or members in all matters for which the club or its committee is responsible, or acts in any way which is prejudicial or detrimental to the interests or reputation of the League, breaches this Code of Conduct.
- There is nothing in this Code preventing or discouraging clubs from applying additional or stronger sanctions against offenders than those appearing within the Code, whether or not they are the subject of a discipline report. To this end, it is important that clubs have their own code of conduct and disciplinary procedures in place.
- For the purposes of these regulations, the expression 'player' shall throughout this document be deemed to mean and include not only any player, whether professional or otherwise, but also any member or official of any club in any incident of alleged misconduct occurring on any part of a cricket ground or building and not merely the field of play.
- In the event that any incident or other matter occurs which is not provided for by the Discipline Regulations ( whether it relates to conduct, jurisdiction, procedure or penalty) then the Chairman of the Discipline and Standards Committee or Deputy or Chairman of the Appeals Panel may take such action as considered appropriate in the circumstances and the principles of natural justice and fairness.
- Any disciplinary action taken under these regulations must be fair , proportionate and adopt the Rules of Natural Justice.

## Cheshire Cricket League Disciplinary Regulations

- Each participant shall be deemed to have agreed for the purposes of data protection legislation, that their personal data may be processed and disclosed in accordance with, and for the purposes of the implementation of the Disciplinary Regulations.
- All disciplinary proceedings which take place under the Disciplinary Regulations shall be confidential and shall take place in private.
- The League and the ECB shall have the right to publish any written decision of a Disciplinary Panel or Appeal Panel including ( but not necessarily limited to ) publication on their websites, and Participants shall be deemed to have consented to such publication.

### 1. CODE OF CONDUCT AND SPIRIT OF CRICKET

#### 1.1 Code of Conduct

- 1.1.1 The Leagues are committed to maintaining the highest standards of behaviour and conduct at cricket matches both on and off the field. All clubs and players, by virtue of their registration with their respective League, explicitly agree to abide by this Code of Conduct, which incorporates the Spirit of Cricket, and are bound by the provisions in these Regulations.
- 1.1.2 The major responsibility for ensuring fair play rests with the captains, but extends to all players, umpires and coaches.
- 1.1.3 Players and club officials must at all times accept the umpire's decision. Players and club officials must show self-discipline, even when things go against them. This means not showing dissent at the umpire's decision or reacting in a provocative or disapproving manner towards another player or a spectator.
- 1.1.4 Players and club officials shall not intimidate assault or attempt to intimidate or assault an umpire, another player, a club official or a spectator.

## Cheshire Cricket League Disciplinary Regulations

- 1.1.5 Players and club officials shall not use crude and/or abusive language (known as “sledging”), nor make offensive gestures or hand signals, nor deliberately distract an opponent.
- 1.1.6 Players and club officials shall not use language or gestures that offend, insult, humiliate, intimidate, threaten, disparage or vilify another person on the basis of that person’s race, religion, sexual orientation, colour, descent or national or ethnic origin.
- 1.1.7 Players and club officials shall not use or in any way be concerned in the use or distribution of illegal drugs.
- 1.1.8 Players and club officials shall not make any public or media comment which is detrimental to the League, clubs, umpires or the game in general. In this instance, media shall include press, radio, television, external websites, club websites, social networking sites and club match programmes.
- 1.1.9 Players and club officials shall not disclose or comment upon any alleged breach of this Code.
- 1.1.10 Clubs must take adequate steps to ensure the good behaviour of their players, officials, members and supporters.

### 1.2 Spirit of Cricket

Cricket owes much of its appeal and enjoyment to the fact that it should be played not only according to the Laws, but also within the Spirit of Cricket. Any action which is seen to abuse this spirit causes injury to the game itself. The major responsibility for ensuring fair play rests with the captains, but extends to all players, umpires and, especially in junior cricket, teachers, coaches and parents. Cricket is an exciting game that encourages leadership, friendship and teamwork, which brings together people from different nationalities, cultures and religions, especially when played within the Spirit of Cricket

## Cheshire Cricket League Disciplinary Regulations

1.2.1 There are Laws which place the responsibility for the team's conduct firmly on the captain.

### **Responsibility of Captains**

The captains are responsible at all times for ensuring that play is conducted within the Spirit of the Game as well as within the Laws.

### **Players' Conduct**

In the event of any player failing to comply with the laws relating to Player Conduct or Unfair Play the umpires shall summon and inform the offending player's captain that an offence has occurred and will request that they take appropriate action.

### **Players**

Captains and umpires together set the tone for the conduct of a cricket match. Every player is expected to make an important contribution to this.

### 1.2.2 **Unfair Play**

According to the Laws, the umpires shall be the sole judges of fair and unfair play. If either umpire considers an action, not covered by the Laws, to be unfair he/she shall intervene without appeal and, if the ball is in play, call and signal dead ball and implement the procedure as required.

### 1.2.3 **The umpires are authorised to intervene in cases of:**

- Damaging the ball
- Distracting the batsman
- Unfair bowling
- Time wasting
- Damaging the pitch
- Non striker leaving the ground early
- Penalty runs

Any other action that they consider to be unfair

## Cheshire Cricket League Disciplinary Regulations

### 1.2.4 **Respect is central to the Spirit of Cricket.**

- Respect the captain, team-mates, opponents and the authority of the umpires.
- Play hard and play fair.
- Accept the umpire's decision.
- Create a positive atmosphere by your own conduct, and encourage others to do likewise.
- Show self-discipline, even when things go against you.
- Congratulate the opposition on their successes, and enjoy those of your own team.
- Thank the officials and your opposition at the end of the match, whatever the result.

Cricket is an exciting game that encourages leadership, friendship and teamwork, which brings together people from different nationalities, cultures and religions, especially when played within the Spirit of Cricket.

### 1.2.5 **Violence**

There is no place for any act of violence on the field of play and if reported and guilty this act will be dealt with as a Level 4 offence.

- 1.3 Failure to comply with the provisions of the Code of Conduct may lead to disciplinary action, irrespective of a proven breach being related to a match not under the jurisdiction of the League.

## 2. BREACHES

2.1 A breach of the disciplinary regulations occurs when:

- Any player in the course of, or in connection with a match, offends against the Code of Conduct or acts at any time to prejudice the good name or interests of the Leagues.
- Any club fails to properly control or discipline its players or acts in a manner prejudicial to the good name or interests of the Leagues.

2.2 Any player or club committing such a breach shall be liable to penalties in the manner prescribed in this document.

2.3 A breach of the Code of Conduct will normally be categorised as Level 1, 2, 3 or 4, as set out in Appendix 1.

### 2.4 **Reporting of Breaches**

- 2.4.1 For a first offence of a Level 1 breach of the Code of Conduct in a match, the umpire (s) should issue a first and final warning which shall apply to all members of the team for the remainder of the match.

## Cheshire Cricket League Disciplinary Regulations

- 2.4.2 If the Level 1 offence follows an offence, at any Level, by that team, the umpire shall award 5 Penalty runs to the opposing team and will report the occurrence as soon as possible after the match to the Executive of the offending player's team and to the league responsible for the match, who shall take such further action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.
- 2.4.3 Should the umpire(s) consider that the first offence of a Level 1 breach is sufficiently serious, they have the authority to decide to submit a formal report without having previously issued any warning. The player and his captain should be advised accordingly.
- 2.4.4 In all instances of a Level 1, 2, 3 or 4 breach, the umpire(s) must complete a formal report.

### 3. PROCEDURE

- 3.1 Notification that a report is to be submitted following any alleged breach of the Code of Conduct must, unless there are exceptional circumstances preventing so, first be advised, by the umpire(s), to the player and his captain or an executive of the player's club, on the day of the alleged offence, prior to leaving the ground.
- 3.2 Any such alleged breach of the Code of Conduct subject to a report (to be known as 'an initial complaint'), will then be notified by the complainant to the Chairman of the Discipline and Standards Committee, or nominated deputy within 24 hours of the end of the match. The written completed report should be sent, to the Chair of the Discipline and Standards Committee or nominated deputy and be received within 72 hours of the end of the match.
- 3.3 The Chairman of the Discipline and Standards Committee or nominated deputy, shall, as soon as reasonably practicable, inform the Chairman/Secretary of the club against whom the complaint has been made.

## Cheshire Cricket League Disciplinary Regulations

- 3.4 It is intended that any breach of the Code of Conduct shall in the first instance be dealt with by the participant's club. The club of its own volition and without any need for the receipt of a written complaint or other prompting shall, where any alleged breach of the code of conduct, or otherwise as the club may think fit, forthwith convene an Internal Club Enquiry. The purpose of the Internal Club Enquiry shall be to establish the facts and, where appropriate, to take the necessary disciplinary action so as to ensure that the club does not fail properly to control or discipline its player or players and to ensure that the club acts in a manner designed to protect the good name of the club and of cricket generally. Any player requested to attend such an Internal Club Enquiry, or any Appeal there from, shall be entitled to be accompanied at the Enquiry by a friend or other representative. The Club shall notify the Chairman of the Discipline and Standards Committee within 48 hours of any action taken by the club, or which it proposes to take. In the case of Level 1 and Level 2 breaches this shall, as an indicator be at the minimum tariff as set out at Para 5.1 to be served with immediate effect.
- 3.5 Within 48 hours of receipt of the written complaint, the Chairman of the Discipline and Standards Committee or the nominated deputy shall consider the complaint and resolve either:
- To take no action other than to record the complaint and notify the club or,
  - To endorse any action taken by the club and confirm that no further action is required or,
  - To refer the matter for a full Disciplinary Hearing.
- Level 1 and 2 complaints subject to a full discipline hearing will be conducted under the auspices of the UKFast CCL Discipline and Standards Committee.
- Level 3 or 4 complaints will automatically be subject to a full Disciplinary Hearing held under the auspices of the Cheshire Cricket Discipline Committee.
- 3.6 Any sanctions imposed by the club under paragraph 3.5 above, shall be advised in writing to the Chairman of the Discipline and Standards Committee. Players should understand that suspensions will normally apply to all cricket played under the auspices of ECB.
- 3.7 In the case of an incident involving a player under the age of 18 years old, the County Board Welfare Officer will immediately be informed. In such circumstances, the incident may be regarded as:
- A welfare and child protection case or
  - An outright disciplinary case. If the incident is being investigated by another organisation (e.g. the Police, ECB Safeguarding Department) the League will await the outcome of that investigation.

## Cheshire Cricket League Disciplinary Regulations

- 3.8 Any allegation of a breach of the Code of Conduct by a participant made against another participant which arises from an incident during the course of the match or on the field of play should be reported by a team's captain to the umpire(s). Any allegation of a breach of the Code of Conduct by a participant made against another participant which does not arise from an incident during the course of the match or on the field of play or is alleged to have occurred in a match in the absence of appointed umpires, should ideally be notified in writing to the Chairman of the Discipline and Standards Committee promptly after the incident giving rise to the allegation. Subject to any direction by the Chairman of the Discipline and Standards Committee, a written report should be produced which would allow (i) the Chairman to understand the background of the alleged incident, (ii) why a breach of the code is alleged and (iii) the level of breach alleged.
- 3.9 The Chairman of the Discipline and Standards Committee shall have an overriding discretion to accept or decline reports submitted under paragraph 3.8. Save for exceptional circumstances, such reports shall not be accepted relating to any alleged breaches of the Code of Conduct which have been, or could have been, reported to an umpire (s) for an observation/views on the allegations or the contents of the report, or where there has been an undue delay in making a notification or report
- 3.10 Any complaint submitted under paragraph 3.8. must be made in good faith. The submission of a report which is trivial, vexatious, made for tactical reasons or otherwise improper may itself be treated as a breach of the Code of Conduct.

### 4. DISCIPLINARY HEARINGS

- 4.1 In any case which is referred for a Disciplinary Hearing, the Chairman of the League Discipline and Standards Committee, shall convene the hearing within 14 days of the decision to refer. Any delay may only be granted at the discretion of the Chairman of the Disciplinary Hearing.
- 4.2 Where a charge against a player is referred to a Disciplinary Hearing, his/her captain and club may be charged separately under their responsibilities as set out in the Code of Conduct.
- 4.3 At least seven days' notice in writing of the hearing shall be given to the player via his/her club Secretary. In the case of a club, its Secretary shall be so notified. The notice shall specify the alleged breach(es) of the Code of Conduct.

## Cheshire Cricket League Disciplinary Regulations

- 4.4 The accused player or club shall be entitled:
- To submit written statements ahead of the hearing
  - To attend the hearing
  - To state their case (in the case of a club, by its Secretary or other official)
  - To be supported by a colleague and to call witnesses.
- 4.5 If the player or club is to have representation present at the hearing then the details of that representation must be given to the Discipline Chairman not less than 48 hours before the date of the hearing.
- 4.6 The Hearing shall be conducted by a Disciplinary Panel appointed by the Discipline Chairman and shall consist of not less than three persons and not more than five persons drawn from a list approved by the League's Management Committee. None of the Panel should be connected with the player, the club or their opponents at the time of the alleged breach, or a club which might directly benefit from any disciplinary action.
- 4.7 A club or player involved in disciplinary proceedings will be solely responsible for meeting such costs or expenses as it or they may incur, including the cost of any legal or other representation.
- 4.8 The standard of proof shall be on the 'balance of probabilities' rather than the criminal standard of 'beyond reasonable doubt'.

## 5. PENALTIES

- 5.1 As a guideline, the following indicative penalties should be expected to be imposed for any complaint referred and, if appropriate, proved at a disciplinary hearing. The higher end of the tariff band is most likely to be reserved for serial offences/offenders:
- Level 1: (Level One Discipline Offence- 'LIDO') Automatic 2 week suspension on third LIDO in two seasons.
  - Level 1: (Non- LIDO) 1 to 6 weeks suspension.
  - Level 2: 2 to 8 weeks suspension.
  - Level 3: 4 to 10 weeks suspension.
  - Level 4: A minimum of 10 weeks suspension.
- These sanctions apply to all cricket played under the auspices of ECB. Suspensions will be imposed in weeks (seven days) commencing midnight Friday to midnight Friday.
- 5.2 Where applicable, penalties will be carried over to apply in the following season.
- 5.3 Where the complaint is not referred to a Disciplinary Hearing, repeated infringements, listed on umpires reports, by an individual player or by a Club may still result in additional penalties as laid out in 5.4 below.

## Cheshire Cricket League Disciplinary Regulations

- 5.4 If at a hearing a breach of the Code of Conduct is proven, the Disciplinary Panel shall have the power to impose one or more of the following penalties, together with such order as to costs as it deems appropriate:  
In the case of a player:
- To require the player to submit appropriate letter(s) of apology within a specified time.
  - To record a reprimand and to give a warning as to future conduct.
  - To impose a fine
  - To impose a LIDO Notice.
  - To suspend the player for one or more matches, or for a stated period of time.
  - To deduct League points from the player's team.
  - To expel the player from the League.
- In the case of a club:
- To require the club to submit appropriate letter(s) of apology within a specified time.
  - To record a reprimand and to give a warning as to future conduct.
  - To impose a fine.
  - To deduct League points from the club's team.
  - To expel the club from any competition of the league.
  - To relegate to any lower division of the League or to a 'linked' league.
- 5.5 Panels will take the following factors into account when determining the penalties to be imposed:
- If the accused player/club has pleaded guilty.
  - The player's previous disciplinary record.
  - If the player is also the captain.
  - The conduct of the player subsequent to him being warned and told that he will be reported.
  - If an appeal is considered to be spurious.
- 5.6 In addition, where an individual behaves inappropriately or fails to respect the formality at any level during a Disciplinary hearing, the Disciplinary Panel assumes the right to impose further corrective actions or penalties as appropriate.
- 5.6.1 Where a representative and/or witness(es) behaves inappropriately or fails to respect the formality at any level during a Disciplinary hearing this can be dealt with under the code by having a separate hearing.
- 5.7 The Disciplinary Panel shall have the power to suspend the operation of any part, or all, of the penalty it imposes for such period and subject to such terms and conditions it deems appropriate.

## Cheshire Cricket League Disciplinary Regulations

- 5.8 Decisions of the Disciplinary Panel (a finding that a complaint is proved or not proved or a decision on penalty) shall be by majority vote; where necessary the Disciplinary Panel Chairman shall have a casting vote.
- 5.9 The League may report suspensions in writing to the relevant club's County Board for national circulation. Players should understand that suspensions will normally apply to all cricket played under the auspices of ECB. The ECB Premier Leagues will also recognise suspensions from other Leagues.

### 6. APPEALS

- 6.1 Appeals shall only be allowed against a suspension imposed for a Level 1 or 2 offence on the grounds of mistaken identity, misrepresentation or failure of the umpires to follow the procedures in Paragraph 2 above.
- 6.2 Where a breach of the Code of Conduct has been proved at a Disciplinary Hearing, a player or club shall have the right of appeal. Where a player and his club are appealing in relation to the same incident, they must do so separately.
- 6.3 A notice of appeal setting out the grounds must be given in writing to the Discipline Chairman within seven days of the decision of the Disciplinary Panel, together with a deposit of £100 if the appeal is by a player or £250 if the appeal is by a club.
- 6.4 If a notice of appeal is given, the penalty shall not take effect pending the hearing of the Appeal, which shall take place as soon as is practicable and in any event within 14 days of receipt of notice of the appeal.
- 6.5 The Appeal shall be by way of a new hearing before a different Panel. The Appeal Panel shall be appointed by the Discipline Chairman and shall consist of not less than three persons and not more than five persons drawn from a list approved by the League's Management Committee. None of the Panel should be connected with the individual or the club or their opponents, or a club which might directly benefit from any disciplinary action or have been a member of the original Disciplinary Panel.
- 6.6 The player or club shall have the same entitlements as set out in Paragraph 4.4.
- 6.7 If the player or club is to have representation present at the hearing then the details of that representation must be given to the Discipline Chairman not less than 7 days before the date of the hearing.
- 6.8 Non-attendance at a hearing of the Appeals Panel by the club or person that submitted the appeal without good and valid reason for such non-attendance will automatically result in forfeiture of their right of appeal.

## Cheshire Cricket League Disciplinary Regulations

- 6.9 The Appeals Panel may confirm, vary or reverse the decision of the Disciplinary Panel and it shall have the power to increase the penalty and award costs of the Appeal hearing and forfeit the whole or part of the deposit. Decisions of the Appeal Panel shall be by majority vote; where necessary, the Chairman shall have a casting vote.
- 6.10 The decision of the Appeals Panel or, if no appeal, of the Disciplinary Panel, shall be final and binding.

### 7. NON PAYMENT OF FINES

- 7.1 Any fine levied under these procedures or imposed for the breach of any match rule must be paid to the Treasurer of the League within twenty-eight days of the Club being notified of such fine.
- 7.2 Any fines still outstanding at the end of that period shall be increased by 100% of the original fine, when the Secretary or Chairman of the offending Club shall be notified to the effect that the fine is outstanding. They will be given a reminder that if after a period of fourteen days from that reminder, the fine is still outstanding, a deduction of five points shall be made from the points gained by the side that received the fine.

## Cheshire Cricket League Umpires & Scorers Association

In the event of a match due to be covered by panel umpires being cancelled on Saturday morning, or before, it is the responsibility of the **HOME CLUB CAPTAIN** to telephone the appointed officials in order to prevent them travelling unnecessarily.

The match expenses for 2019 have been fixed at £40.00 per umpire, when acting as a pair and £60.00 if standing alone and either fee should be paid by both captains **AT THE PRE MATCH MEETING**. The 2019 match fee for the Twenty20 knock out matches are £28.00 per umpire or £40.00 if standing alone. These fees should also be paid by both captains **AT THE PRE MATCH MEETING**. The umpires reserve the right to delay the start of the match if they do not receive team sheets, match balls and expenses at the pre-match meeting. Any delay caused will count as time lost and may result in loss of overs.

### PRE MATCH MEETING

A pre match meeting will be held between captains and standing panel umpires at least 15 minutes before the scheduled or rescheduled start of play of any League or Twenty20 match at which the following should take place:

- Supervision of the toss, the result of which must be recorded on the sheet.
- A fully completed team card to be presented to the umpires duly signed on the reverse.
- Both match balls and any spares to be handed to the umpires.
- The payment of umpires' expenses for the match.
- Clarification of over rate regulations and any local rules.
- A clear statement of the umpires' expectations in respect of behaviour based on The Spirit of Cricket as enshrined in the laws of the game. Umpires will advise captains that they are primarily responsible for their team's behaviour and they will be reported along with any other individuals where it is felt necessary.
- Confirmation of the appointed scorers and their position. In the event of either side not having a designated scorer the batting side must ensure a minimum of 2 people to undertake scoring and updating the scoreboard throughout.
- The umpires to reserve the right to a brief post match meeting with the captains when felt necessary.
- Umpires are to advise captains that games will not begin until all the above points have been carried out to their satisfaction.

## Appraisal of Umpires for League Matches

### Appraisal of Umpires for League Matches

The captains must use the captain's form on the League website at <http://ukfastccl.pitchero.com/articles/forms-1287>.

Captains of both home and away teams must complete separate appraisal forms independently of each other, preferably on the day after the match and provided that a minimum of 25 overs play has taken place. It should be noted that appraisals will be between 4 (the highest) and 1 (the lowest). The mark for an acceptable performance without any particularly positive or negative incidents should be 3 (good). A mark of 4 (very good) should be reserved for umpires who have performed particularly well in the match and marks below 3 (average or below average) should only be used where umpires have fallen short of the required standard in any category or overall. If an umpire is given a mark of 1, 2 or 4 in any category, then the captain should provide reasons for his marks. Failure to submit the form within the specified time will in 3 points being deducted.

Captains should be objective when completing the report. It is designed so that the overall performance of the umpire can be assessed and not just the decision making. The information supplied helps with the development of umpires and improvement of their performance. Where umpires gain low marks in any category then this information may be used to provide further guidance or training. At the end of the season the marks are used to 'grade' umpires locally, are supplied to the ECB to assist in the further development of umpires and to make regional and national appointments.

### Communication – did the umpire?

- Communicate effectively with the captains, players, and his colleague throughout the match?
- Communicate effectively with the scorers and wait for response?
- Conduct a pre-match discussion prior to the toss?
- Obtain team sheets and match balls?
- With colleague, raise any issues related to the match with the captains including 'Spirit of Cricket'?
- Have a polite and appropriate attitude throughout the match?

### Control of the match – did the umpire?

- Ensure that the timings for the match and intervals were followed?
- Ensure covers were used, if required?
- Involve his colleague when it was necessary to speak to either captain?
- Interpret ground, weather and light issues effectively?

## Appraisal of Umpires for League Matches

- Have a confident and positive manner throughout the match?

### **Control of the players – did the umpire?**

- Deal effectively with any potential conflict situation?
- Use common sense when dealing with players?
- Allow the match to be played but have an appropriate level of intervention?
- Apply the Laws of the Game and Spirit of Cricket effectively?

### **Decision Making – did the umpire?**

- So far as you are aware, apply the Laws of Cricket correctly when making decisions?
- Consider appeals in a calm and confident manner?
- Make decisions consistently throughout the match?
- Consult his colleague where necessary?
- Have a consistent interpretation of wide balls, leg byes and no balls?
- Get into position, at either end, in order to make correct decisions for No balls, Run outs or Short runs?
- If utilised, manage a runner for an injured batsman effectively

Marks					

In the event of a 'spinner' not bowling in the match it is not possible to accurately score 'Category

– Turn'. Therefore, at the discretion of the umpire a mark of either 3 or 4 should be awarded to enable the calculation of the Total Pitch Score. This discretion can be applied on the basis of all other pitch characteristics an umpire has seen on the day. Abandoned or suspended matches

- If the match does not take place it shall NOT form part of the Total Pitch Score for the season.
- A minimum of 50% of the initially scheduled overs at the start of a days play must be bowled to be used in Total
