JENYNS' CORONATION CUP.

FIRST ROUND.

BOTTISHAM v. SWAFFHAM PRIOR.
This tie was played at Bottisham on Saturday last. The home team, winning the toss, elected to bat, and made a most disastrous start, quickly losing six wickets for 18 runs and nine for 32. At that total T. Cornwell, the last man, joined O. Howlett, who was batting very carefully, and these two men changed the aspect of affairs, piling up runs till a heavy shower drove the players from the field. On the resumption runs came faster, and a total of 111 was reached, 79 having been added for the last wicket. In justice to the Swaffham bowlers, it should be said that they were handicapped by the greasy turf and wet ball. Swaffham gave a poor display, being all out for 25, and on following on

were dismissed for 46, the only batsman being able to cope with the bowling being C. Aves, an old Bottisham cricketer. Scores:

SPORTING NOTES.

THURSDAY.

In the death of Dan Hayward at the age of 77 one of the few remaining links with the famous cricketers of the 'sixties is snapped. For several weeks Dan had been seriously ill, so seriously, indeed, that Tom Hayward had thought it wiser to remain at home than to play for Surrey. The Oval men have in the interval sadly missed their famous first-wicket man. Surrey without Tom Hayward has indeed been making a poor show. I have heard some gossip to the effect that now his father has gone to join the great majority Tom will be seen no more in first-class cricket. I hope, however, that such a report may be "slightly exaggerated," as Mark Twain wired to a newspaper which had announced his premature demise.

The passing of Dan Hayward has brought to my notice the fact that there is still alive and hearty in Cambridge a member of the famous Cambs. county team of the early 'sixties. Those were the days when Cambs. was a county to be reckoned with, and now that Dan has gone Mr. Fred Pryor, of Chesterton, is, I believe, the sole remaining member. It will sound strange to hear Cambs. spoken of as a county that put up a good game and sometimes fairly walloped such famous teams as Surrey, Yorkshire and Kent. Such, however, is the case. Owing to the kindness of Mr. Pryor, I have been permitted to make some extracts from a book of newspaper cuttings he has made relating to the cricket of those days. Then, it must be remembered, it was the fashion to play cricket in top hats, the pitch was only cut with a scythe, and the bowling was deadly stuff. One can imagine faintly what sort of game cricket was half a century ago. It seems, from what I can gather, to have been a sporting affair in the proper sense of the word. A batsman leaving the tent for the wicket, must, I fancy, often have felt inclined to bid farewell for ever to his comrades he was leaving behind. It was no light task in those days to face a fast bowler. The only wonder is that any of the famous cricketers ever lived long enough to become famous.

The following lament from Mr. Pryor's book, written about 1864, I believe, is delightful:—

"Formerly Cambridge possessed but one ground, and now the town can boast of six, namely, Parker's Piece, Fenner's, Trinity, St. John's, Jesus and Corpus; and rumour says that a field is about to be prepared for Clare College. Certainly cricket has undergone considerable transformation. View the game from the angle of twenty years ago and plenty of new features become apparent, those worthy of commendation being the comparative elegance of equipments used, the great improvements of wickets, or rather, the ground between them; the unlimited licence given to bowlers as to style of delivery, and the remarkable modification of dress. Fourteen or fifteen seasons since a black or white 'chimney pot' was considered to be the proper 'department' for a man's head; but were a player to appear nowadays in a hat similar to the one worn by that fine old bat, John Bouing, irreverent persons would soon make rude allusions to the 'bee-skip' and immediately denounce the article as 'long-sleeved.' Speaking of Cambridge celebrities, how prone are many to look about for faces conspicuous for their absence!

"In the matter of past players old greybeard is exceedingly garrulous and very conservative. One professes to miss the lithe and lissome limbs of Charley Pryor as he bounded like a roe from cover-point or long-leg. Many equals has he had, but few superiors. Another looks in vain for the stately form of Frank Fenner, around whom a posse of college dons would always congregate to hear his manly and generous deductions. Where, too, is the happy face of the dapper Mr. James Martin, ex-tobacconist, comedian, and reporter? Who that knew him can fail to picture his faultlessly fitting coat, illustrated with a geranium? Who can forget his scrupulously white inexpressibles, supplemented by boots of the blackest polish, as 'Jemmy' stood, havannah and pencil in hand, depicting a match in all integrity. Compare his, or Frank's, genial effusions with the drowsical rigmarole of some of your modern scribes, to say nothing of the wretched verbiage of your down-at-heel and dirty-shirted penny-a-liner hailing from nowhere, and bound for the same place. Now and then the members of the 'fourth estate' grumble at the 'cold shoulder' they receive from high quarters, but what can the Press expect if it is represented by men of no social status whatever? And will our readers deny that many cricketers are newspaper made? Are not professionals feasted with flattery till they become bilious with pride? and the runs of the field look as nothing to the notches of the printing office, especially if they are brought out in strong relief."

What the gentleman who wrote the above slashing paragraph would say of some of our even more modern scribes of to-day, "of no social status whatever," is more than will bear thinking about. What a world it is to be sure! One can at any rate thank one's stars that to-day we are rid, in a very large degree, of such canting hypocrisy and snobbery. It seems almost incredible, however, that such views were perfectly common only fifty years ago. And the splendid thing is that the charming

gentleman—for he had the real genteel touch which made him write "inexpressibles" instead of "trousers"—really does regret the absence of the reporter "illustrated with a geranium." That paragraph takes one back to the sentiment and stupid respectability of the 'fifties more than anything I have come across for a very long time. One thing I should like to whisper in the ear of the ghost of the past: "Were you really so moral and chivalrous and genteel as you made yourselves out to be; and if you were, how on earth did you reconcile such perfect behaviour with your undeniable beastly black-guardism when in your cups?"

The names of famous cricketers of those days include Tom Hayward, uncle of the present Tom; Bob Carpenter, a famous Cambridge cricketer, born on Mill-road; Alfred Mynn, Fuller Pilch, Parr, Tarrant, Lillywhite, and Wisden. To these must be added Dan Hayward, who died only on Monday last, for Dan seems to have been a sound cricketer. He was, of course, never so notable a figure in the cricket world as his elder brother Tom, but he figures in several of the matches recorded in Mr. Pryor's book. In 1866, at Fenner's, Cambs. fairly took the measure of the Surrey bowling, for the scores were: Cambs. 325 (T. Hayward 112 and R. Carpenter 57), Surrey 252. Then, again, in the same year, on Parker's Piece, versus Yorkshire, Cambs. scored 144 and 125 to Yorkshire's 114 and 152. For Cambs. T. Hayward scored 39 and 10, F. Pryor 0 and 64, R. Carpenter not out 44, and Dan Hayward 1 and 3. Twenty years earlier than this there is a record of Cambridge (with Box and Hillier) playing England on Parker's Piece. The report says of the English team: "Kent furnished her lions 'Alfred the Great' (referring to Mynn), the renowned Fuller Pilch, and the incomparable Hillyer. Sussex sent forth her nonpareil Taylor; Box, the prince of wicket-keepers, and the hard-working, ever-tough yet madeable Jemmy Dean." The result of the famous match was that Cambs. won by one wicket. T. Hayward scored not out 4, and was bowled by Mynn for 17 in the second innings. Pryor was b Mynn 1 and run out 5. Another interesting match was Surrey v. Cambs. in 1862. Surrey scored 88 and 294, and Cambs. replied with 309 and 74 for 4 wickets. For Cambs. R. Carpenter played a fine innings of 80 at the "first knock," but only got 2 in the second innings. T. Hayward, however, scored 35 and 25 not out.

Other matches of importance included Kent v. Cambs., at New Brompton, "when owing to the fine bowling of Tarrant and the splendid batting of 'the wonder' R. Carpenter, Cambs. won by 9 wickets." T. Hayward got 21 in this match and R. Carpenter 67 and 63. Finally, I have a note of a match between "Three of Stockton v. T. Hayward and R. Carpenter," which was played at Sheffield in September, 1861. The two famous cricketers won quite easily, the scores being R. Carpenter 3 and 21, and T. Hayward 39 and 52; the "Three of Stockton" were twice dismissed by Hayward and Carpenter for 60. In 1864 the Cambs. batting averages were as follows:—

	Inns.	Runs.	inns.	not out.	Avg.
R. Carpenter..	4	125	44	1	31.3
F. Pryor.....	6	129	64	0	25.3
T. Hayward...	6	149	44	0	24.5
G. Tarrant....	6	100	57	0	16.4
Dan Hayward..	6	63	37	0	10.2

One of the most valuable relics in Mr. Pryor's book is the letter addressed to him in the handwriting of the famous John Wisden, which is as follows:

January 23, 1867.

Dear Sir,—I am directed to write and ask if you will engage to play in all the United All England Eleven matches this season. An early reply will oblige.—Yours truly, JOHN WISDEN.

Camden had an annoying experience last week at Newmarket, and their ill-fortune may serve as a lesson to other Cambridge teams not to hold the jockeys too cheaply on their own ground. On the previous Saturday, on Parker's Piece, the Crown had made mince-meat of Newmarket, dismissing them for 141, and then knocking off the runs for the loss of only a couple of wickets. The Camden, therefore, apparently thought they had a sufficient lead when they scored 188 for 6 wickets, and at this they declared. The jockeys, however, showed very much better form on their own ground than against the Crown, and knocked off the runs within five minutes of the time fixed for stump-drawing. It was a rare treat of a sporting finish. The Camden captain, it might be suggested, was guilty of an error of judgment, but on the other hand he has the justification of having made a sporting declaration. This is cricket in the proper sense of the word. A draw when neither side can win outright is not cricket at all; it is a confession of your own disbelief in the abilities of your team. I congratulate the Camden captain most heartily on his action, for although he lost the match he did not adopt the milk-and-water attitude of preventing the other side from playing cricket. I hope we may have some more of this sort of thing; there is far too much playing for points and forgetting the game in our cricket to-day. After all, is it quite cricket to allow the opposing team time to get out but not time to knock off the runs? In my opinion its only tip-and-run, and pretty tame at that.

The Press continued their innings against a score of 223 by Cherryhinton on Fenner's. They had lost a couple of wickets for 23, and the not outs were Rooke (17) and Phypers (2). They made a good stand. The fifth wicket fell for 117. The Press won after an exciting finish by three runs. Phypers played a brilliant innings for his 114 not out. Scores:

ISLEHAM v. CHEVELEY.

This match, in the Newmarket and District League, postponed from its usual place on Saturday at Isleham in fine but rather cold weather. Isleham batted first, and ran up the moderate total of 49. The individual scores were close together, only one player making a "duck," and only one just reaching double figures. F. Cockerton was the most destructive bowler, taking six wickets for 32 runs, G. F. Rolfe took two for 1, and W. Hitch two for 11. Cheveley followed, and W. Hitch and G. F. Rolfe won the match with the scores of 41 and 24. The other batsmen only added 13 runs. Scores:—

BOTTISHAM v. EXNING.

The return match between these teams was played at Bottisham on Saturday on a slow wicket. The homesters had their revenge for their defeat earlier in the season by beating the visitors in most decisive fashion. This was mainly due to the excellent bowling of Reeve, who was responsible for 7 wickets at a cost of only 9 runs. Jarvis captured 2 for 5. Reeve opened the game in sensational fashion by bowling White with his first ball. Scores:—

SPORTING NOTES.

THURSDAY.

Although the weather last Thursday was not nearly so nice as we could have wished, we were thankful, after recent experiences for the small mercies received. The clouds threatened rain, but fortunately it held off until late in the evening. Gleams of sunshine on Saturday cheered our hearts, although fielders were glad of the warmth afforded by their sweaters. At the time of writing, however, the sun is shining brightly, and we all hope it may continue for many days to come. During the week-end five League games were played. The two on Thursday resulted in each team getting a point, but in contrast to this, all three of Saturday's fixtures had definite conclusions. The Albert, by their performance, maintained the leadership of the League, with a total of 10 points for the seven matches played—a very good record. The table this week reads as follows:—

Team	P.	W.	D.	L.	Tot.
Albert Institute	7	4	1	0	10
Newmarket	5	3	1	3	7
Camden	4	2	2	0	8
Crown	5	1	1	4	3
U.S. Y.M.S.	0	1	3	2	4
Rodney	5	0	0	5	0

The Camden narrowly escaped defeat at the hands of the Albert Institute. Gray was still out of the team on account of an injury to his hand, and undoubtedly the loss of his bowling abilities have had a lot to do with the fact that his team are only half-way up the table. Fred French and Bocoek were the bowlers, and the former, whose delivery is not at all unlike Gray's, although he puts more pace on, was fairly successful, getting five wickets. Hunt and Hart commenced the innings, and made a notable stand, putting on 90 before the former was out under very unlucky circumstances. His colleague returned one straight to the other wicket, and French, who bowled the ball, turned it on to the stumps, Hunt being just outside the crease. Hart made a capital 66 and Tom Phillips hit up 36. The Albert, declared at the fall of the eighth wicket for 219. The Camden could do little else but play for a draw, but owing to the persistent attack of the Albert Institute trundlers, they narrowly escaped defeat. Collier and King started well, the former giving a good exhibition for his 58. Rowley came out cheaply, and then a rot set in. P. A. French undoubtedly saved his side by getting 23 and taking his time over it. The next six batsmen only added 17 between them.

Newmarket came over to Cambridge and played the "Church" on Corpus ground. The "Church" lost their first four wickets cheaply, and without Thomas and the Rev. R. L. Wormald they would have been in a bad way. Thomas played his best innings of the season, his 72 not out being a meritorious score. Wormald made 25. R. Fenton, the last man in, offered a sturdy resistance, and made 18 by some capital strokes before he placed a ball in Shieldrick's hands. Newmarket were given a good start by Guy Robins and Rivers, but, with the exception of Rolfe, the other five men were not in very good form. Their score totalled 107 for six wickets when stumps were pulled up, so that the visitors were in danger of defeat had time permitted the match to be played out.

The Albert v. Newmarket match at Newmarket on Saturday provided some excitement, the visitors, who numbered ten, winning with only ten minutes to go. The Albert batsmen were in such fine fettle that at the fall of the fifth wicket they were able to declare with a score of 199. Newmarket failed dismally, H. Holland, the veteran cricketer, with 30, and G. Robins, 18, being the only men to accomplish anything at all. The last wicket fell with the total a couple below the century.

Considerable interest was evinced in the Crown v. Camden match on the Piece. The Crown batted steadily, and amassed the respectable total of 157, of which Walton knocked up 33, Woolston 26, and C. Williams 24 not out. The Camden started disastrously, King and Rowley being quickly dismissed, but when Collier and Bryan came together some delightful cricket was seen. Collier left with 55 to his credit. Bryan and P. A. French knocked off the runs without further loss, the match concluding about ten minutes to seven. Bryan made 78 without being beaten. He played brilliant cricket, hitting finely all round the wicket, and his display was almost without a blemish. Camden won with seven wickets to spare.

The Rodney seem to be going from bad to worse, for the "Church" without a strong team, beat them hands down. The cup holders lost their first wicket for nine, but T. Brown and Darby made a good stand, and carried the score to 32. The fifth wicket fell for 66. Frank Hayward played well for his 33 not out, but I wonder what he thought as he watched the last five men of the side come to the wickets and all troop back without getting a run? Really, it was most disheartening. Tabbutt was in great form with the ball, getting half the wickets at an average of two runs a-piece. W. Watts got two for 29 and Curzon two for 36.

The "Church" started even worse, Missen being got rid of with only five runs on the book. Tabbutt and Watts then came together, and were allowed to knock off the runs—I say "allowed," because both should have been caught, Tabbutt, in particular, having a large slice of luck.

There were some exciting scenes on Fanner's on Saturday, when the Junior Cup match between the University Press and Cherrington was concluded. Cherrington had made the big score of 223, and the Press had lost a couple of wickets for 26, so that they appeared to be in a sorry position. They, however, made no secret of the fact that they were going to play for all they were worth, and undoubtedly it was this spirit which eventually won them the game. Phipers and Rooke were the not out, and they made a capital stand, runs coming surely, although slowly. They took the score to 72, when Rooke, who had made 50, was caught out. The next two batsmen did not stay long, but when Murfit came in there was another brilliant partnership, which yielded 80 runs. Phipers had just then got his century, and he was given a good cheering to encourage him in his great efforts to win the match. Millman helped him to carry the score to what was thought to be 223, the same score as their opponents. The Cherrington men, who had been playing finely in the field, squared their shoulders, determined to live to fight another day if possible. Hagan went in. He missed the first ball, but the next from Pratt clean bowled him.

One man to go in to get one run! Will he do it! was the question asked with bated breath. Impey came out of the pavilion with a look in his eye which boded no quarter for his opponents. Phipers had the ball and hit it to cover point. Both men were very anxious, for they both commenced to run. The ball, however, was smartly returned. Impey made a desperate struggle to get back, but the wicket was broken, and he was given out. Everybody thought the match was a drawn one, but when the scores were cast up, it was found that the Press had won by three runs. Of Phipers one could not possibly speak too highly. He won the match by skilful play, and the fact that he is rowing this year, and consequently has had little practice, makes the performance all the more creditable. His colleagues were proud of him, and justly so. They ran on the field and gave him a "free ride" to the pavilion. His 114 not out, included a five and fifteen 4's.

CAMBS. JUNIOR CUP.
SECOND ROUND.

UNIVERSITY PRESS v. ST. ANDREW-THE-GREAT.

This match was played on Fenner's on Saturday in glorious weather, before a good crowd of spectators. The Press batted first on a splendid wicket. Allen and Hall made a good start putting on 36 for the first wicket. Allen was stumped by Taylor after making a capital 63, the fifth wicket falling for 118. The innings closed for 175. Taylor and Harrison made a fine stand for the first wicket, putting on 58, when Harrison was smartly caught behind the wickets. Taylor continued to play good cricket, and made 63, when he was caught. The sixth wicket fell for 134, so that 42 were required for a win. The finish was most exciting. St. Andrew-the-Great winning by one wicket. Scores—

SPORTING NOTES.

THURSDAY.

There were two Senior League matches on Saturday and three Junior Cup competitions. Newmarket lose their second place in the Senior League table as a result of St. Giles' beating Rodney. Camden still hold fourth place, and "Church" come next with a total of five points. Crown have lost one place, and Rodney are still at the foot of the table.

The Senior League match between Crown and Church resulted in a draw. For the Crown Webb made a splendid stand, and his 73 was the best of some fine individual scores made in the match. Woolston made 57, Staples 42, and Roberts 31. The Crown soon accumulated the very creditable scores of 252, and were able to declare with a wicket in reserve. Watts' playing was the feature of the "Church" innings. His half-century included a brilliant drive for six. Next came Brooks with 38. When four wickets had fallen, the "Church" had scored 120, so that had the match been played out there is no doubt that the finish would have been a close and exciting one.

In the match between St. Giles' and Rodney the only century of the week by a local player was reached by E. Whybro, who made 102 by clever, daring play. Other creditable scores were made, including Richardson's 49 and Jenkins' 43. St. Giles' are to be congratulated on being in a position to declare with only three wickets down, their score then being 208. Subsequent events proved they need have had no hesitation, for the Rodney only made 162, thus leaving St. Giles' winners by seven wickets and 46 runs.

SPORTS AND PASTIMES. Notes by "Vigilant".

The League table undergoes very little alteration this week. Only two matches were down for decision...

When I heard what had happened to the "Church" v. Camden match I was not at all surprised, for the system of scoring by many clubs is so lax that it is a wonder more mistakes do not occur...

Camden batted first and made 215. Then the "Church" went in and obtained a similar number of runs for nine wickets. Now comes the fun, and it needs close attention to unravel the rhye and whereabouts of the ensuing mistake...

The Crown v. St. Giles' match provided a fairly exciting finish, the "Saints" eventually winning just on time. Going in first, the Crown had up 133, for which they had to thank W. Webb, F. Walton, Woolston, Tabraham and A. Thurley...

Four matches were decided in the Junior Cup, and thus brought the second round to a close. The next round, by the way, has to be played off before August 13th.

Albert II. went under to Harston, losing by two wickets and six runs. A. Judd, with 26, and Jackson, not out 14, were the only men to make any stand for the Albert, who finished their innings with 77 to their credit.

Saturday was quite a day out for St. Giles' II., who were drawn to meet Trumpington. The "Saints" played havoc with the villagers' bowling, getting 169 before they were dismissed.

Scoring in the Sutton v. Bottisham match was remarkably low, although the game was a most interesting one. Sutton are a keen lot, particularly in the bowling and fielding.

Going in first, he left when the score had reached 85 for five, having made the top score of the day—50. P.C. Berry bowled with good effect, taking six wickets for 27. Scores:—

MISS LAVILLE'S (BEDFORD) XI. v. II. A. C. BLACKER'S (CAMBRIDGE) XI.

This third annual fixture took place on the Chesterton Recreation Ground on Thursday, when the visitors were again successful. The feature of the game was the magnificent hard-hitting innings of Miss Hunt for the home team; her 53 included 7 4's and two 3's. The gentlemen batted, bowled and fielded left-handed, and the victory of the visitors was due to a marked superiority in the last department. The Bedfordians batted first, and put together a total of 195 runs. The home team were dismissed just on time for 124. Scores:—

SPORTING NOTES.

THURSDAY.

There is only one alteration in the League table this week, but it is an important one, and rather significant. St. Giles' bagged a brace of points at the expense of the Crown on the St. John's Ground on Saturday, and they now head the list with 11 points. They displace the Albert, who are a match ahead and a point behind. Camden and Newmarket have an equal number of points, although the former have a match in hand. The table now reads:

	P.	W.	D.	L.	Pts.
St. Giles'	7	4	3	0	11
Albert Institute.....	8	4	3	1	10
Camden	6	4	2	1	8
Newmarket	7	3	2	2	8
C.E.Y.M.S.	7	3	3	1	7
Crown	9	1	3	5	6
Rodney	8	0	3	5	3

The game between the "Church" and Camden on Thursday had a curious ending, and a difficulty arose in regard to the scoring, which was eventually settled by the Association, who decided that the match shall be replayed. It appears that Camden had set the "Church" 215 to get to win, and there was an exciting race against time on the part of the "Church" players. The last over was being bowled, and the "Church" were under the impression that only three runs were wanted to win. Two out of the three were hit off, and before the last ball was bowled the C.E.Y.M.S. supporters shouted to Sayle, who was batting, to encourage him to get what they believed would be the winning hit. He got the run all right, and everybody thought that the "Church" had just managed to pull the match out of the fire, but when the scores came to be added up a second time it was discovered that the total was two short of 215, and in that case the match would have been a draw. I am informed that a correction was made in one player's score, and that one book showed one leg bye and the other four. All efforts to solve the puzzle and discover how and where the errors had occurred proved unavailing, and it was decided to place the matter before the Association, who met and decided to cancel the match, and order the teams to meet again. I am afraid, from what I hear, that there is room for improvement in the scoring arrangements in connection with some of the matches. It would certainly seem desirable that, failing two independent scorers, the scores should be kept by other than playing members of the sides actually engaged. It may be all very well for a schoolboy match, but it seems rather unsatisfactory for a League contest for players to have anything to do with the score sheets of a match in which they are playing.

St. Giles' went to the head of the table by defeating the Crown, but they did it with only a few minutes to spare. The Crown batted first, and made 138. They would have had a very small total indeed but for a spirited 38 by Thurley nearly at the end of the innings. St. Giles' commenced very badly. Fromant made 23, but the next five batsmen could only put on 16 between them. Manning, however, played well for 35, and Doig (20 not out) and Barker (37 not out) knocked off the runs, their team winning by a couple of wickets.

Matters are going on apace in the Junior Cup Competition, and the second round has now been completed. Four matches have been decided. Cobon put up a good show against New Chesterton Institute, making 147, against a score of 161 by a much better team. The Albert second string went under to Harston by a couple of wickets. Wilkin played well for his 49 out of 83, and Jude (26) and Jackson (14 not out) were the chief run-getters for the losers. St. Giles' II. gave Trumpington a rare trouncing. After putting on 169, which included 57 not out by H. Dubois and 22 not out by S. R. Dennis, they got their opponents out for the meagre total of 47. A remarkably low-scoring game between Bottisham and Sutton, at Sutton, was won by the latter, who made 28, and then got rid of Bottisham for 14, G. Knight making hayoc among their wickets.

CAPTAIN.

SPORTS AND PASTIMES

Notes by "Vigilant"

The past week has seen only two matches decided in the Senior League. One match has been scratched, and the other has had two points deducted from the total for playing unqualified men.

The Senior League table to date is as follows:

Table with columns: P., W., D., L., Pts. and rows for St. Giles, Albert Institute, Camden, Newmarket, U.M.F.C., Rodney, and Crown.

Two points have been deducted for playing unqualified men v. Albert on July 31st.

Most disappointing indeed was the display given by the Albert Institute last Thursday against St. Giles. They have to thank the rain for saving them from a poorer finish than six for 24.

The "Church" were booked to meet the Crown on the same ground, but the latter scratched and forfeited the brace of points.

Congratulations to Rodney on their first win of the season! As winners of the League last year, their play this season has been, to say the least, extremely disappointing.

Histon Institute on Saturday qualified for the semi-final of the Junior Cup on Saturday by beating Burwell.

I do not hear so much of the Milton and District League as I should like. It is, apparently, still going strong, and the contest, judging by the appended table, seems to lie between Willingham and Histon and Impington.

Table with columns: P., W., L., D., Pts. and rows for Willingham, Histon & Impington, Eastham, Histon Institute, Waterbeach, Romingshoe, and Milton & Landbeach.

The following letter has been sent to the Press: "Sir, On several occasions this season I have noticed the name of D. L. A. Jephson as batting in the Sawston Institute XI, and I have often wondered if it could be the famous Light Blue, who a few years back performed so brilliantly with both bat and ball for his 'Varsity, Surrey, and the Gentlemen of England, I gather from to-day's 'Sportman' (August 8th) that he is the identical gentleman.

May I respectfully call the County Club Committee's attention to that fact, if that has not already been done, with a view (should his residential qualification be satisfactory) to his services being sought for the county of his adoption.—Yours, etc., A.E.C."

Things are very slow on the river just now, most of the men being away on their holidays, while those who remain in the town seldom put in an appearance at the boathouses. Next week, however, should see a little more life on the river, when intending competitors will be out training for the regatta on September 1st.

Just over a fortnight, and we shall see the commencement of the football season. I notice that the Cambridge United F.C. commenced practising this week, and in our next week's notes I hope to be able to write something about their prospects, together with those of other clubs.

The dates of the Suffolk Cup (A.F.A.) competitions for 1910-11 have been arranged as follows:

Senior Cup.—First round, January 28th; second round, February 18th (semi-final), March 11th; final, Greater Monday, April 17th, 1911. Junior Cup.—First round, November 26th; second round, December 17th; third round, January 7th; fourth round, February 4th; semi-finals, February 25th; final, April 17th, 1911. The last day to enter is September 30th.

I am asked to announce that the Cambridge Town F.C. will commence practice to-morrow (Saturday) afternoon. The season's fixture list is not quite complete yet, but there is no doubt that it will be as attractive as in previous years.

THE BEATTY CHALLENGE CUP. BEDFORD COTTAGE AGAIN VICTORS.

The final contest for the Beatty Challenge Cup was held between Bedford Cottage (Major Beatty's establishment) and Stanley House, that of the Hon. G. Lambton, on Monday last, on the Town Ground, Newmarket. Stanley House, going in first, knocked up the poor score of 58, Bedford Cottage were little better, and gained a lead of 4 only, so on commencing the second innings the game was still an open one. Stanley House, batting the second time, managed to make the more respectable score of 100, the majority of which was due to W. Whetton's fine innings. He made his 40 runs in just over 50 minutes. The innings of Bedford Cottage opened disastrously as the first wicket fell at the third ball. A good stand then, however, was made by C. May and F. Halliwell, and 60 runs were scored before May was out at point off Kentfield's bowling. He had scored 31 in good style without giving a chance. W. Johnson and F. Halliwell then knocked off the remainder of the runs, playing very confident cricket. Bedford Cottage thus won the match by 8 wickets. It is the second year in succession that they have won the cup. THE BEATTY CHALLENGE CUP.

BEDFORD COTTAGE AGAIN VICTORS.
The final contest for the Beatty Challenge Cup was held between Bedford Cottage (Major Beatty's establishment) and Stanley House, that of the Hon. G. Lambton, on Monday last, on the Town Ground, Newmarket. Stanley House, going in first, knocked up the poor score of 56. Bedford Cottage were little better, and gained a lead of 4 only, so on commencing the second innings the game was still an open one. Stanley House, batting the second time, managed to make the more respectable score of 100, the majority of which was due to W. Wheaton's fine innings. He made his 60 runs in just over 40 minutes. The innings of Bedford Cottage opened disastrously, as the first wicket fell at the third ball. A good stand then, however, was made by C. May and F. Halliwell, and 60 runs were scored before May was out at point off Kentfield's bowling. He had scored 33 in good style without giving a chance. W. Johnson and F. Halliwell then knocked off the remainder of the runs, playing very confident cricket. Bedford Cottage thus won the match by 8 wickets. It is the second year in succession that they have won the cup. At a meeting of the Council of the Cricket Association on Friday night it was decided that the two points obtained by the C.R.Y.M.S. against the Albert be transferred to the latter team, as A. S. Ling, who played for the Church, was not qualified. The match between the Crown and the "Church," which should have been played on Thursday last, was scratched by the Crown, and the Council gave the two points to the "Church," and fined the Crown 10s for not fulfilling the engagement. The match between Camden and the "Church," in which the score books did not agree, was ordered to be re-played.

SPORTING NOTES.

THURSDAY.

The Senior League table reveals the competition in an extremely interesting position. Although St. Giles' still holds the lead, there is no telling what may happen, and it is quite probable that before long we shall have one more demonstration of the glorious uncertainty of the game. The Saints were certainly unlucky in not making their position much stronger at the expense of the Albert, but against this we had the surprise of the season, Rodney giving the Albert the most severe trouncing they have had for a long time. The Albert are only a point behind, although, of course, we must take into account the fact that they are a couple of matches to the good. The Camden come next with the excellent total of eight points for six matches. This is the club which is likely to create a surprise. They have been considerably handicapped owing to the absence of Gray, but I am told that his hand is now well, and that we shall see him in the team again very shortly. Gray is the man to get the wickets, and his return will greatly strengthen the team, which without him lacks a good slow bowler, although Fred French was a fairly good substitute.

Newmarket are a match ahead of the Camden and have the same number of points. The "Church" have had a couple of points deducted for playing an unqualified man, but they get them back through the Crown scratching last Thursday. In accordance with the rules, the Crown were fined half-a-crown. The Crown seem to be going from bad to worse: they have lost six out of the ten matches played. They relieve the Rodney of their unenviable position at the bottom of the table. The cup holders have at last won a League game, and are to be congratulated on their fine performance on Saturday. They are a lot of capable batsmen, but they lack good bowlers. Brown and Stubbing, however, showed good form, so we may hope for better things in the future. The table this week reads:—

Table with 5 columns: Team name, P, W, D, L, %s. Lists teams like St. Giles', Albert Institute, Camden, etc.

*Two points have been deducted for playing unqualified man v. Albert on July 25th.

In consequence of the Crown scratching to the "Church," there was only one League game on Thursday last. This was between the leaders, and the fixture, which was played on the Piece, naturally excited a good deal of interest. It was only a very heavy shower of rain soon after five o'clock that saved the Albert from an inglorious defeat. St. Giles' had the first innings, but started badly, losing a couple of wickets for 22 runs, Haigh getting both men out for obstruction. When Whybro and Holt came together a different complexion was put upon the game. They made a brilliant stand and scored at a rapid pace, the century being telegraphed after 40 minutes play. The bowling was treated freely, even contemptuously, particularly Haigh's slowness. With the score at 118 Holt was caught by Hunt, after having made an admirable 45. Whybro continued to play stylish and almost faultless cricket, until, with his total at 75, he gave Hunt a catch, which was nicely taken. Laurie got 20 pretty quickly, but after this play lapsed into mediocrity, and the innings closed for 202, a very fine score.

The Albert collapsed in a manner almost unaccountable, for they had a strong team out. It was nothing but a procession to and from the wickets, and six men were out for 24. Then the rain came on and put an end to play, so that the team had a merciful deliverance from defeat. E. Fromant and Harold Barker had very fine bowling analyses. They divided the wickets that fell, the former getting his for 10 and the latter his for 14.

The victory of the Rodney over the Albert on Saturday must have been gratifying to their numerous supporters. They had only nine batsmen, but the Rodney are a fine batting team. With one exception all the members of the team got a score. F. Stubbing played bright, attractive cricket for his 54, some of his leg strokes being very pretty to watch. Frank Hayward was again the top scorer of the side, and his innings of 64 so low down was an extremely creditable performance. He commenced slowly, but having got set, he played in delightful style. He hit hard at times, and his contribution included nine hits to the boundary.

The Albert commenced their innings about five o'clock, so that as stumps are drawn at 6.30 this month, there was little chance of their getting the 212 required for a win. Their display, however, was a miserable one. They seemed to play in a half-hearted fashion. Brown soon got three wickets, and misfortune so early seemed to upset the incoming men. Wickets fell like ninepins, and the last batsman came to the tent just as the clock was striking six. Hunt was the only man to get anything like a score (his contribution being 35). J. Haigh got 17, but no other member of the side got into double figures. Tom Brown seemed at last to have found his old form with the ball. He kept a really good length, and hit the sticks five times out of the six wickets he captured at a cost of 38. Stubbing was also very persistent in attack, and accounted for three wickets at a cost of 10 runs apiece.

CAMBS. SENIOR LEAGUE.
CAMDEN v. NEWMARKET.

This match was played on Parker's Piece on Thursday. Camden batted first, Nicholls and King going in together. King could not stand the bowling of Sheldrick for long, and left after making 3. When the score had reached 16 Collier next partner, Nicholls, and between them they took the score up to 94. Misfortune befell Camden at this juncture. Collier, who was playing well, received two nasty knocks—one on the hand and another on the head—from Sheldrick's bowling, which necessitated his retirement after making a useful 25. Bryan filled the gap, but shortly after Nicholls was caught in the slips by E. J. Robins after making 64, which included seven 4's. Gray left before breaking his duck, getting dismissed in the following over. French and Phillips came together, but the latter did not advance the score much, getting caught by Parish at mid-on. Vigorous batting by French and Campbell quickly brought the score to 150. Boundaries were a common occurrence with both men. When Campbell had made 17 Holland missed an easy cut of his bat. He left five runs later, when six wickets were down for 183. The 200 was reached by 4.20. A few minutes later Camden declared with the excellent total of 208 for 6 wickets.

Newmarket started very badly. The first wicket fell for 13, and two other men were dismissed with the score still unaltered. This was chiefly due to Bryan's bowling, who took the first three wickets in five overs. Then Rolfe and Rivers came together, and took the score up to 107. The latter was caught, after making the second best score of the innings, by Gray in the slips. Parish and Holland left within a few minutes of each other, six wickets being down for 107. Richard Robins was twice missed in the slips before being caught by Phillips, the score being unaltered. J. and Roger Robins came together then. Their stay was productive of 12 more runs before J. Robins left. Sheldrick was the last man in, but had a poor partner in Roger Robins. Newmarket tried to play for a draw, but Roger was stumped just before time. Scores:—

ELY 2nd XI. v. STOW AND DISTRICT.

This match was played at Ely on Saturday. Owing to some misunderstanding the Ely Club arranged the match as a 2nd XI. fixture, whilst Stow had taken the opposite course. The visitors, who began batting first, soon showed their superiority at all points of the game, and it was generally realised that the match should have been a 1st XI. fixture. The 2nd XI. made the best fight they could under the circumstances, and even then they were badly beaten. The visitors played good, stylish cricket, and succeeded in amassing a total of 180 runs. The Ely players were all disposed of for 49. Scores:—

THIRD ROUND.

HARSTON v. SUTTON.

Harston team qualified to take part in the semi-final stages of the competition by beating Sutton at Harston on Friday. The winners batted first, but started very badly, losing five wickets for 15 runs. The "clerics" then came together, and their brilliant stand went a long way towards victory for their side. After getting set they played attractive cricket, carrying the score to 79, when the Rev. Swann-Mason was caught off his gloves. His colleague did not stay much longer, being finely caught in the slips. The visitors made a good attempt to get the runs. Fletcher and Hall batted brightly, but the bowling of Cooto and Ellis was too good for them, and they lost by just fifty runs. Ellis, who was not put on until fairly late in the innings, got four wickets for 10, and Cooto five for 34. Scores:—

NEWMARKET AND DISTRICT LEAGUE.
EXNING v. CHEVELEY.

EXNING WIN FOR NEWMARKET.

This crucial match in the league was played at Exning Park on Saturday last, when Exning won by 12 runs. The home team batted first, and compiled the not very large total of 54 runs. On these figures the match looked a good thing for Cheveley, but they failed in the task that was set them. As a result of Cheveley's defeat, Newmarket now leads them by one point in the league. For the losers, G. F. Rolfe did best with the ball, taking six wickets for 17 runs. W. Hitch took two for 7, R. T. Robins one for 15, and F. Cockerton 1 for 8. Scores:—

NEWMARKET v. BURWELL.

This match was played on the Newmarket Town Ground on Thursday, when Newmarket won very easily. The villagers very kindly played on, giving Newmarket the benefit of an innings in the delightful summer afternoon. Parish's slow, breaking balls proved very destructive, taking seven wickets for 21, while Quick took the other two for 10 runs. Burwell played a man short. The Burwell innings only lasted 23 overs. MR. E. NORTHFIELD'S XI. v. MAGDALENE COLLEGE SERVANTS.

An interesting match was played on the Amalgamation Ground on Saturday between these sides. The servants on winning the toss began batting, but with the exception of Hammond and Murrell, fared badly against the bowling of Gawthroppe and "A. N. Other," and were eventually dismissed for 78. On the scratch side going to the wicket, the brothers Rickwood soon put their side in a winning position, and later in the innings Bennett did well. Mr. Northfield's side gained the victory by 53 runs. Hobson bowled well for the losers. Scores:—

SPORTS AND PASTIMES.

Notes by "Vigilant."

The Senior League table this week shows no change in the position of the teams, with the exception of the last two. St. Giles' still remain top of the poll, having advanced one point. Albert Institute have been having a rest, and Camden's one win and one draw have left them unaffected. Newmarket lost the chance of a lifetime in not beating the weak team which the Crown sent down; they only succeeded in dividing the spoils with the visitors. The Church are in their old position, but the Rodney drop back again to the bottom. The table this week is as follows:—

	P.	W.	D.	L.	Pts.
St. Giles'	8	4	0	0	15
Camden	8	1	1	1	11
Albert Institute	10	0	0	0	11
Newmarket	8	0	0	0	0
S. G. M. S.	8	0	0	0	0
Crown	11	1	4	0	0
Rodney	0	1	0	0	0

*Two points have been deducted for playing unqualified men v. Albert on July 23rd.

Camden have done very well during this last week, having secured three out of the four available points in the two matches they played. They made short work of the Church on Thursday last, fairly beating them by six wickets and 11 runs. The Church ran up 101, F. J. Missen getting 65 out of the bag and H. Thomas 42 not out. Against this the Camden put up 172 for four wickets, and their victory was due to the splendid performances of P. Nicholls and S. S. Rowley, the former getting 63 and the latter 85, while P. A. French handled the leather in good style. Two days later the Camden drew with St. Giles'. The Saints started in a manner that boded no good to themselves. Three wickets fell for four runs, but when Fromant and Barker came together the luck was changed. Fromant was eventually stumped for 88, and Barker was caught by King for 25. The innings at length reached 150 for nine wickets. Camden commenced better than their opponents, the first three wickets being productive of 50 runs. They had, however, less than an hour to play, so that time came with only three wickets down.

If the Crown could take seven men to Newmarket and get 159 for five wickets against their opponents' 163 for 10, as they did on Saturday, it is certain that if they had had out a full team the home club would have had a severe drubbing. Crown had to make up their eleven by getting substitutes on the field. Newmarket got together 103, W. Rivers and J. Robins distinguishing themselves. Then the gallant seven went in, and at the call of time the score book showed that they were only five short of a win. They certainly deserved their rise in the table for this display.

The third round of the Junior Cup has now been brought to an end. St. Andrew's the Great met and defeated New Chesterton Institute on Thursday, and on Saturday Haddenham gave the coup de grace to St. Giles'. H. Hall and C. T. Betteridge were the "star" performers for the Saints, who won by 15 runs. Either Haddenham are too modest about their win, or St. Giles' II. are a bit upset about it, for the full scores of the match have not reached me, and all I can learn is that the villagers simply romped home. It was a case of the "biter bit," for St. Giles' took out a team that included several men such as Bushe-Fox, Gregory, etc., whom they had been keeping in readiness for this particular match.

Three out of the four teams left in the semi-final haul from the country—Haddenham, Histon, and Harston—and to St. Andrew's the Great is left the privilege of upholding the honour of the town clubs. Haddenham and Histon meet on Fenner's to-morrow (Saturday), and on Thursday next, the 25th, St. Andrew's the Great play Harston on the same ground. The date for the final has been provisionally fixed for September 1st and 2nd.

The county eleven are having their usual luck—that of being defeated. Last week they were badly beaten by Norfolk, an innings and 131 runs separating the two totals. In this match Cambs. were particularly weak in bowling, while the batting left a lot to be desired. They put up a better fight against Suffolk. The finish was an exciting one, Suffolk winning with three minutes to spare. Cambs. continuous defeats may be largely attributed to bad luck. On their eastern tour the best batting performances were by Frank Hayward, Tebbutt, C. H. Pigg, Boccock and Hunt, but taking the two matches, the majority of the wickets which their opponents obtained were lucky ones. The bowling they had to oppose was good, but Rose and Coulson will easily compare with any two bowlers met so far.

NEWMARKET WEEKLY NEWS: FRIDAY 19 AUGUST 1910-4

CAMBS. SENIOR LEAGUE.

CAMDEN v. NEWMARKET.

This match was played on Parker's Piece on Thursday. Camden batted first, Nicholls and King going in together. King could not stand the bowling of Sheldrick for long, and left after making 3. When the score had reached 16 Collier next partnered Nicholls, and between them they took the score up to 94. Misfortune befell Camden at this juncture. Collier, who was playing well, received two nasty knocks—one on the hand and another on the head—from Sheldrick's bowling, which necessitated his retirement after making a useful 25. Bryan filled the gap, but shortly after Nicholls was caught in the slips by E. J. Robins after making 45, which included seven 4's. Gray left before breaking his duck, getting dismissed in the following over. French and Phillips came together, but the latter did not advance the score much, getting caught by Parish at mid on. Vigorous batting by French and Campbell quickly brought the score to 150. Boundaries were a common occurrence with both men. When Campbell had made 17 Holland missed an easy catch off his bat. He left five runs later, when six wickets were down for 183. The 200 was reached by 4.20. A few minutes later Camden declared, with the excellent total of 209 for 6 wickets.

Newmarket started very badly. The first wicket fell for 22, and two other men were dismissed with the score still unaltered. This was chiefly due to Bryan's bowling, who took the first three wickets in five overs. Then Rolfe and Rivers came together, and took the score up to 107. The latter was caught, after making the second best score of the innings, by Gray in the slips. Parish and Holland left within a few minutes of each other, six wickets being down for 107. Rivers and Robins were twice missed in the slips before being caught by Phillips, the score being unaltered. J. and Roger Robins came together then. Their stay was productive of 12 more runs before J. Robins left. Sheldrick was the last man in, but had a poor partner in Roger Robins. Newmarket tried to play for a draw, but Roger was stumped just before time. Scores:—

Newmarket scored 153, a respectable total, but the visitors put on 159 for five wickets, and at the call of time they only wanted five runs to win. For Newmarket P. CAMBS. JUNIOR CUP.

THIRD ROUND.

HARSTON v. SUTTON.

Harston team qualified to take part in the semi-final stages of the competition by beating Sutton at Harston on Friday. The winners batted first, but started very badly, losing five wickets for 15 runs. The "clerics" then came together, and their brilliant stand went a long way towards victory for their side. After getting set they played attractive cricket, carrying the score to 79, when the Rev. Swann-Mason was caught off his gloves. His colleague did not stay much longer, being finely caught in the slips. The visitors made good attempts to get the runs. Fletcher and Hall batted brightly, but the bowling of Coots and Ellis was too good for them, and they lost by just fifty runs. Ellis, who was not put on until fairly late in the innings, got four wickets for 10, and Coots five for 34. Scores:—

EXNING v. CHEVELEY.

This crucial match in the League was played at Exning Park on Saturday last, when Exning won by 12 runs. The home team batted first, and compiled the not very large total of 54 runs. On these figures the match looked a good thing for Cheveley, but they failed in the task that was set them. As a result of Cheveley's defeat, Newmarket now leads them by one point in the League. For the losers, G. F. Rolfe did best with the ball, taking six wickets for 17 runs. W. Hitch took two for 7, R. T. Robins one for 15, and F. Cockerton 1 for 8. Scores:—

MR. E. NORTHFIELD'S XI. v. MAGDALENE COLLEGE SERVANTS.

An interesting match was played on the Amalgamation Ground on Saturday between these sides. The servants on winning the toss began batting, but with the exception of Hammond and Murrell, fired "badly" against the bowling of Gawthrop and "N. Other," and were eventually dismissed for 78. On the scratch side going to the wicket, the brothers Richardson soon put their side in a winning position and later in the innings Bennett did well. Mr. Northfield's side gained the victory by 53 runs. Hobson bowled well for the losers. Scores:—

ELY 2nd XI. v. STOW AND DISTRICT.
 This match was played at Ely on Saturday. Owing to some misunderstanding the Ely Club arranged the match as a 2nd XI. fixture, whilst Stow had taken the opposite course. The visitors, who began batting first, soon showed their superiority at all points of the game, and it was generally realised that the match should have been a 1st XI. fixture. The 2nd XI. made the best fight they could under the circumstances, and even then they were badly beaten. The visitors played good, stylish cricket, and succeeded in amassing a total of 150 runs. The Ely players were all disposed of for 49. Scores:—

SPORTING NOTES.

THURSDAY.
St. Giles are still at the head of the Senior League table, but this week the Camden outfit the Albert Institute from second place. They have an equal number of points, but the Camden come second because they have played two matches less than the Institute. The Camden beat the C.E.Y.M.S. last Thursday, and drew on Saturday, Newmarket v. Crown, was drawn, so that on points the latter vacates the undesirable position of being at the bottom of the table for the Rodney. The table reads as follows:

Club	P.	W.	D.	L.	Pts.
St. Giles	9	4	5	0	19
Camden	6	4	3	1	11
Albert Institute	10	3	2	1	11
Newmarket	8	3	3	0	9
C.E.Y.M.S.	9	3	4	2	7
Crown	11	1	3	6	6
Rodney	0	0	0	0	0

*Two points have been deducted for playing unqualified man v. Albert on July 24th.

The Camden beat the C.E.Y.M.S. in very decisive fashion. The "Church" performed extremely well in running up the splendid score of 161. Four of the first batsmen were largely responsible for this, and two of them, F. J. Miesien (85) and H. Tomson (46) played very fine cricket. The last five men, however, failed completely. Two of them were sent back without scoring, and the other three only put on 17 runs between them. Peter French bowled very finely, and captured six of the wickets.

Nicholls and King opened the innings of the Camden, but King was out after he had scored a dozen. St. S. Rowley then joined Nicholls, and the pair made a brilliant stand. Both batted with confidence, and treated the crowd to a delightful exhibition. Nicholls got 63, and the Histonian was caught in the last few minutes of the game, after playing one of his best innings for 85. Camden won by six wickets.

Only seven men representing the Crown made the journey to Newmarket, but they came very near to winning the game. Substitutes were found to make up the team. The homesters won the toss, and scored 163, the chief contributors being W. Rivers, who played good cricket for 58, J. Robins 37, and J. Edmondson 21. The six men who batted for the Crown got together 159 for five wickets, so that on the call of time they had their last wicket to fall, and only wanted five runs to win. Roberts and Thurlay got 43 each, and Nichols 42.

The game between St. Giles' and Camden on St. John's provided some interesting cricket. St. Giles' went to the wickets first, but fared disastrously, three wickets being down with only four runs on the telegraph. Richardson and Stanford were bowled by Gray, and Whybro was run out rather unluckily. He attempted what seemed to be a fairly easy run. Just before reaching his crease he pulled up, which apparently thinking the ball, which was apparently returned, would hit him. To his surprise it hit his wicket instead. Fromant and Barker stopped the rot, and had carried the score to 53 when Barker was caught. Scoring after this was very slow indeed. Fromant continued to play well, but the other members of the side failed to do anything very striking. Fromant was stumped by French late in the innings after scoring 86. The innings was then declared at nearly half-past five.

There was little chance of the Camden getting the runs. The score was kept down by Fromant, who bowled very well, only 22 runs being scored off his dozen overs. Of the 58 scored for the loss of three wickets Collier claimed a large share, getting 36 by sound, skilful cricket.

The Junior Cup Competition is now rapidly drawing to a close, and soon we shall have the semi-finals and finals. The clubs to compete in the semi-final stages are: St. Andrew's-the-Great, Haddenham, Harston, and Histon. The match between Harston and Sutton on Friday provided some excitement. Harston, whose team, by the bye, contained four of the members of the Barrington team, which won the cup last year, went in to bat first. They started very disastrously. With one or two exceptions the Sutton players showed themselves to be as fine a fielding team as any in this respect, and some good bowling by Knight caused five wickets to fall for less than 20 runs. The Revs. J. E. Gardiner and Swann-Mason then came together, and made a good stand, putting on 64 runs between them. Both were out to catches. The total reached 126. G. Knight got six wickets for 22, and H. Fletcher two for 43. Sutton were beaten by 50 runs. They made 76 of which Pate and Fletcher got 14 each, Hall 18 and R. Knights a dozen. Hall bowled extremely well for Harston, getting four wickets for 16, and Coots got five for 34.

I have received a strongly worded protest against the inclusion in the Harston team of an old county player and an M.C.C. man. There seems to be some justification for the complaint. The player in question is, I understand, qualified to play for Harston, and had he played regularly for the team there would be of course no objection for joining for objection to him. On the other hand, if he was included merely for the purpose of getting the team into the semi-final stages, or for winning the cup, the action of the club certainly smacks of pot-hunting, and is not in accord with the true

SPORTS AND PASTIMES

NOTES BY ENTHUSIAST.

As to Cambs. this year, it is one of the worst seasons they have had for some time, for they have not won a single match, and have not got a single point. They can only console themselves in two or three very close finishes, but that is all. It seems very strange that we cannot get a good team, for when one goes on to Parker's Piece, and see the large number of nets all occupied, and the number of men constantly practising, one cannot help thinking that out of all those a good eleven could be picked. I myself think that those nets really do more harm than good to players, for when they are playing in the nets, they, as a rule, forget to play carefully and learn to keep the ball down, they simply go in to see how hard they can hit, because they know that if they get out it does not matter, with the result that when they play against good bowling, they try to do the same, and forget they have a field of men round them, consequently they very soon get out. It is my opinion that if men were to take more care with their practice, they would profit by it considerably. I think there is a good illustration of that fact in the person of Jack Hobbs. All the local cricketers remember him playing on Parker's Piece, and at that time he was a good local cricketer, but nothing more. Directly he was taken in hand by experienced players, and coached with good bowling, and made to take care with his play, what happened? He soon developed into a fine cricketer, and now he has become one of the best bats in England.

One of the crews which was to have rowed in the C.E.Y.M.S. Fours, had a ducking on Monday evening. As the crew were rowing down to the starting point, the bow oar snapped. The sudden jerk sent the bow man completely off his seat, and put the other oarsmen out of time. Before bow could recover his balance, the boat was upset and its occupants were splashing and spluttering in the Cam. Some members of the Amateur Rowing Club, who witnessed the scene dived into the water, and with their assistance, the boat and oars were got to the bank. None of the crew were the worse for the ducking. The crew were:—H. G. Gates (bow), T. W. Gray (2), A. F. Clarke (3), F. N. D. Digby (stroke), and A. Barlow (cox).

"Enthusiast" would be greatly obliged if secretaries of the Town and County Football Clubs would favour him, as early as possible, with preliminary lists of the season's fixtures. Should any alteration in the place of Secretary have taken place, a line to that effect would be appreciated. Particulars concerning the likely strength of teams would also be welcomed.

CAMBS. JUNIOR CUP.

SEMI-FINAL.

HISTON INSTITUTE v. HADDENHAM

Histon, on Saturday, qualified for the final stage of the Cup, by defeating Haddenham, on Finner's by 45 runs. Going in first, Histon started very badly, losing 4 wickets for 8 runs, but J W Peck and P J Mowlam made a useful stand, and the innings realised 139. Haddenham started just as badly as their opponents, five of their wickets going down for 42. The tail end added exactly the same number of runs, so the innings closed for 84. The scores were:—

C.E.Y.M.S. v. NEWMARKET.

Yesterday C.E.Y.M.S. brought a team of only nine men over to play Newmarket in the Cambs. Senior League. The visitors scored 89 for 8 wickets, and the home team, very curiously, only beat this total by a single run, all their ten wickets falling.

CAMBS. JUNIOR CUP. Semi-Final.

ST. ANDREW'S-THE-GREAT v. HARSTON. Harston met St. Andrew's-the-Great on Fenner's yesterday in the semi-final of the Junior Cup competition. Harston won the toss and decided to bat first.

quick succession. The first took the score to 124, and the second added nothing at all. W. G. Newall and W. Cote for some time played on together, and Cote, now that the edge had been taken off the bowling, managed to get 12 runs before he was bowled by Hall.

A. Taylor and W. G. Murkin opened the innings for St. Andrew's-the-Great, and Murkin, after vainly attempting to touch the first four balls of Cote's second over, nicked the fifth into the slips and was caught. J. E. H. Betteridge and A. Taylor then formed a useful partnership, the former playing very stylish cricket, and the latter a solid but slow-scoring game.

The fifth wicket did not fall till the score had reached a hundred, when A. G. Fuller was bowled by Newall. J. Hall and H. E. Gray then formed an extremely useful partnership, and together knocked off the rest of the runs in excellent style.

CAMBS. SENIOR LEAGUE REPLAYS. The following matches in the Cambs. Senior League are to be played:- C.E.Y.M.S. v. Camden, Thursday, September 1st. It will be remembered that in this match there was a dispute about the score. The C.A.A. has ordered a replay.

CAMBS. JUNIOR CUP. Semi-Final.

HISTON INSTITUTE v. HADDENHAM. Histon Institute on Saturday met Haddenham in the semi-final of the Junior Cup on Fenner's. Histon won the toss, and elected to bat. A. Warrington and H. Christmas made a disastrous start. The former was bowled in the first over by Day before he had scored a run.

The first Haddenham wicket fell for 4, and two others quickly followed. S. Lack and H. Starkey then made a short stand, but 8 wickets were down for 42. The next wicket added 11 more runs only. Day being caught in the slips by Wilson of Christmas, Miles and Howard played steadily until the former played one of Doncaster's on to the wicket, the score when he left being 63, and Howard shortly followed him, being caught at cover-point.

SPORTS AND PASTIMES.

Notes by "Vigilant"

The Amers in the League are nearly at an end, and the next few days or a fortnight should see the conclusion of the League. In the meantime the table shows very little alteration. St. Giles still retain the leadership, this week by one point, Camden coming second. The latter team also have the advantage of a match in hand, and should they win the rest of their fixtures, will take premier honours in the League by one point. Albert Institute remain as they were as do Newmarket. The "Church," Crown and Rodney are also stationary, though by drawing with St. Giles on Saturday Rodney are level on points with the Crown. If they are fortunate in these next two matches the result will be that the Crown take the wooden spoon. Appended is the table corrected up to date:—

Team	P.	W.	D.	L.	Pts.
St. Giles	10	1	0	0	11
Camden	9	1	0	0	10
Albert Institute	10	0	0	0	11
Newmarket	9	0	0	0	10
C.C. v. M.S.	9	0	0	0	10
Crown	9	0	0	0	10
Rodney	9	0	0	0	10

*Two points have been deducted for playing unqualified men v. Albert on July 31st.

Camden easily won the match with Newmarket last Thursday. Their start was not very promising, but Nicholls saved the situation. Then, a good foundation having been laid, French, Collier, and Campbell made useful additions, enabling Camden to declare with six wickets down for 200. Newmarket made a similarly bad start from which they never recovered, and had it not been for the rainings of Rivers and Bole, the score would have been considerably less than it was.

St. Giles are to thank the rain on Saturday for giving them half of the brace of points. Rodney led first, and capital displays by Salibee, Darby, Brown, Hayward and Stubbing enabled them to declare at 203 for nine. W. Freeman did his best with the ball, and was successful in taking six wickets for 30. St. Giles were left with an hour and a half in which to wipe out the score against them. Just as the first two men went to the wicket, however, the rain pattered down. It caused a cessation of play for about 20 minutes, and then came on again. By this time about 45 minutes were left for the "Saints" to play. They realised that it was hopeless, and stumps were drawn.

Interest on Saturday naturally centred in the first of the two semi-finals of the Junior Cup. This was between Haddenham and Histon, and in view of the latter's victory there are many who consider it certain that the cup this year will find a resting-place at Histon. When they commenced betting on Saturday, however, such anticipations did not seem likely to be realised. Four wickets down for eight is not the way to win cups. It was left to Peck and Mowlam to brighten things up, and they did it to good effect. The bowling of Haddenham was not at all suitable to a pitch like Fenner's, and was punished accordingly. A margin of 46 runs separated the two teams at the close of the game, and this despite the fact that Haddenham were quite as good as their opponents in the batting and fielding departments. Histon scored heavily in the bowling, and possess a good man in Doncaster, who finished with six for 22 to his credit.

The All-Jack that had defailed Cambs. earlier in the season did not desert them last week, when they lost both their home matches, which relegated them to the bottom of the table. Against Bedford they made an exceedingly good recovery, being beaten with only half an hour to spare. They came a "cropper" against Norfolk on Thursday and Friday, although last year Cambs. beat this county by 230 runs. This year Norfolk were by far the better eleven, especially in the batting. Perhaps Cambs. would do better if they were better supported. Fenner's is a large ground, and there are seats for hundreds but it is disheartening when the number of spectators can be counted upon the fingers of two hands. Half of that number, too, is comprised of Freshmen and schoolers. I suppose the reason is that sport is so cheap in Cambridge that people do not care to pay to see cricket.

A useful man in the county team has been Archie Ling, the Brentford goalkeeper. A native of Grantchester, he has done well in both cricket and football. He has qualified for Middlesex next season. In addition to playing for Cambs., Ling has rendered excellent service to Boston Park. His average, however, is not so good as last season, when several of his innings were productive of three-figure scores.

CAMBS. JUNIOR CUP.

Semi-Final.

HISTON INSTITUTE v. HADDENHAM.

Histon Institute on Saturday met Haddenham in the semi-final of the Junior Cup on Fenner's. Histon won the toss, and elected to bat. A. Warrington and H. Christmas made a disastrous start. The former was bowled in the first over by Day before he had scored a run. In the next over Christmas was bowled, also for a "duck," by Green. S. Doncaster was caught in the slips off Green's bowling, and a few balls later the same fate befell J. F. Peck. Four wickets were down for 3 runs. J. W. Peck and P. J. Mowlam, however, stopped the "rot" and saved their side from utter ruin. They took the score to 43, both playing good cricket. Mowlam was then clean bowled by Day with 17 to his credit. J. S. Mansfield came in, and batted steadily. J. W. Peck was playing an extremely solid game, punishing all loose balls. When he had scored 30, however, he was bowled by Taylor. He played an excellent innings, not giving a single chance, and hit six 4's. Mansfield, after scoring 30, was caught in the slips. The score for seven wickets was 116. Wilson was dismissed by Day, and Smith was caught at point a few minutes later off Lack's bowling with 15 to his credit. The last wicket fell to Day, Foster being clean bowled, the total of the innings being 139. Day took 5 wickets for 40 runs, Green 3 for 10, Taylor 1 for 21, and Lack 1 for 42.

The first Haddenham wicket fell for 4, and two others quickly followed. S. Lack and H. Starkey then made a short stand, but 5 wickets were down for 42. The next wicket added if more runs only. Day being caught in the slips by Wilson off Christmas. Miles and Howard played steadily until the former played one of Doncaster's on to the wicket, the score when he left being 62, and Howard shortly followed him, being caught at cover-point. The last wicket but one fell to Doncaster, and the last made a stand in the rain, but Taylor eventually succumbed to Doncaster. The Histon Institute thus won by 45.

NEWMARKET WEEKLY NEWS: FRIDAY 26 AUGUST 1910-4.

CAMBS. SENIOR LEAGUE.

ALBERT INSTITUTE v. CAMDEN.
A good crowd watched this match on Parker's Piece yesterday. Camden started exceedingly well. The first wicket (King's) fell after about an hour's play, and by four o'clock they had obtained 175 runs for three wickets. At a quarter past four, shortly after Collier obtained his century, which included 18 4's, Camden declared.

With two hours left for play, Albert started fairly well, but just failed to make the required number of runs. Camden won an exciting match just on the call of time by 17 runs.

C.E.Y.M.S. v. NEWMARKET.

Yesterday C.E.Y.M.S. brought a team of only nine men over to play Newmarket in the Cambs. Senior League. The visitors scored 89 for 8 wickets, and the home team, very curiously, only beat this total by a single run, all their ten wickets falling. Had the visitors brought a full team, they must have taken the points back to Cambridge. For Newmarket, H. Holland and C. E. Parish each took three wickets for 15 runs. C. CAMBS. JUNIOR CUP.

Semi-Final.

ST. ANDREW'S-THE-GREAT v. HARSTON.

Harston met St. Andrew's-the-Great on Fenner's yesterday in the semi-final of the Junior Cup competition. Harston won the toss and decided to bat first. A. J. Bevis and P. Joseph going in first. Joseph, however, did not stay long, being bowled by Hall in the third over. He was replaced by A. Wilkin. Before the next wicket fell 33 was on the board. Bevis played a leg ball on to his wicket after he had scored seven runs. Watson was the next victim. He was caught off Gray's bowling after scoring a miserable two. A. Wilkin and the Rev. Gardiner then formed an extremely useful partnership. Together they took the score from 35 to 110, Wilkin having good fortune in being missed three times, but the Rev. Gardiner played very solid cricket. He was eventually bowled, his score being 30, and the same fate befel Wilkin soon after he had placed 65 to his credit. Two more wickets followed in quick succession. The first took the score to 124, and the second added nothing at all. W. G. Newall and W. Coote for some time played on together, and Coote, now that the edge had been taken off the bowling, managed to get 12 runs before he was bowled by Hall. The next ball after W. Runham had taken his place at the wicket saw the end of the innings. He was lb.w. to Hall. Newall was not out for a well-placed 18. The total was 153. J. Hall bowled extremely well throughout the innings, taking six wickets for 45. T. Gray took three for 45, and J. Biggs one for 16.

A. Taylor and W. G. Murkin opened the innings for St. Andrew's-the-Great, and Murkin, after vainly attempting to touch the first four balls of Coote's second over, nicked the fifth into the slips and was caught. J. E. H. Betteridge and A. Taylor then formed a useful partnership, the former playing very stylish cricket, and the latter a solid but slow-scoring game. Betteridge scored a 4 and a 6 off Coote's bowling, but the next over he was bowled by Jude, the underarm bowler. C. D. Betteridge took the place of his brother at the wicket, and he and Taylor took the score to 56, when Taylor fluked one up into the air and was caught. He had played an excellent innings, though he scored only 21 runs. C. D. Betteridge was caught in attempting to make a hard hit at mid-off, his score being the unlucky 13.

The fifth wicket did not fall till the score had reached a hundred, when A. G. Fuller was bowled by Newall. J. Hall and H. E. Gray then formed an extremely useful partnership, and together knocked off the rest of the runs in excellent style.

CAMBS. SENIOR LEAGUE REPLAYS.

The following matches in the Cambs. Senior League are to be replayed in the Cambs. Senior C.E.Y.M.S. v. Camden, Thursday, September 1st. It will be remembered that in this match there was a dispute about the score. The C.A.A. has ordered a replay.
Rodney v. Camden, on Parker's Piece, Saturday, September 3rd. The previous fixture, June 25th, was abandoned because of rain.

SPORTING NOTES.

THURSDAY.

Their win over Newmarket on Parker's Piece on Thursday week enabled Camden to draw level for the time being with St. Giles' as the head of the Senior League table. St. Giles' regained the lead on Saturday, but only by a single point, the Rodney batsmen and the weather being responsible for the addition of another to their already lengthy list of draws. The weather did Rodney a rather unkind turn. They had been hoping for a change of luck to lift them from the bottom of the table, and had done their best to take the upward step by putting together 205 for nine wickets. They had a formidable task in hand to beat such a strong side as St. Giles', but they had hopes of doing it. Whatever chances they may have had, however, were destroyed by the rain, which set in shortly after they had declared and put their rivals in. Play had to be stopped for about 20 minutes, and although the game was then resumed, another shower soon afterwards put the extinguisher on, and stumps had to be drawn about three-quarters of an hour before time.

Thus St. Giles' retain their position at the head of the table, but their lead has been reduced to a single point, while Camden have a game in hand. Rodney's one point brings their total level with that of the Crown, and they have still a match in hand. The table reads as follows:—

	P.	W.	D.	L.	Pts.
St. Giles'	10	6	0	0	14
Camden	9	5	3	1	13
Albert Institute	10	4	3	3	11
Newmarket	9	3	3	3	9
C.E.Y.M.S.	9	3	4	3	7
Crown	11	1	4	5	5
Rodney	10	1	4	5	5

*Two points have been deducted for playing unqualified man v. Albert on July 21st.

The Camden team left no doubt as to their superiority over Newmarket on the previous Thursday. Nicholls and French batted finely, and the latter took out his bat. Both players hit hard, the former's score including seven 4's, and French also made a good many boundary hits. Collier was unlucky in having to retire when he looked to be well set. He received two nasty blows from the ball, one on the hand and another on the head, and had to leave his innings of 25 unfinished. After making 208 for six Camden declared, and Bryan, Nicholls and Simpson bowled so well for them, and were so well supported in the field, that the visitors were, despite their efforts to secure a draw, all out just before the call of time for 122. Bryan took the first three wickets in five overs. Then Rivers and Rolfe got together, and put a much better complexion on the game, taking the score to 107 before they were separated. They received very little support from the rest of the team, however, Edmondson and J. Robins being the only batsmen to make any show at all.

It was a capital performance on the part of Rodney, to score 205 against the St. Giles' bowlers, and Messrs. Stibben, Darby, Brown, Hayward and E. E. Stubbings are to be congratulated upon their excellent batting. Better than they scored 178. The rest of the team, however, did next to nothing, five batsmen only scoring 10 between them. W. Fromant bowled well for St. Giles', taking six wickets for 40 runs. In the short time they were at the wicket St. Giles' scored 25 without loss. The position leaves it open to the supporters of both teams to sympathise with their favourites, and speculate on what they might have done had the weather remained fine. Meantime Camden's chances of the championship are improved, for St. Giles' have lost a point, or rather—for I

suppose they could not lose what they never possessed—have a point less than they might have had.

There was some sensational cricket at Fenner's in the Junior Cup semi-final between Histon Institute and Haddenham on Saturday. Histon, who batted first, made a disastrous start, Warrington and Christmas, who opened their innings, being sent back without scoring, and J. F. Peck and Doncaster being dismissed for four and three respectively. Green and Day were between them responsible for the dismissal of the four Histon men, Day bowling Warrington, Green bowling Christmas, and Day catching Peck and Doncaster off Green's bowling. Things looked very black for Histon until J. W. Peck came in and, with Mowlam and Mansfield, stayed the tide of disaster. Peck played sound cricket, showing excellent defence, and punishing all loose balls, and he was well supported by Mowlam and Mansfield. His score of 50 was made without giving a chance, and included six 4's. Later on Wilson and Smith also rendered useful aid, the innings, which started so unpromisingly, realising 139. Haddenham never looked like accomplishing the task that was set them, Doncaster and Christmas proving very deadly with the ball. They bowled unchanged throughout the innings, and dismissed the Haddenham men for 84. It was chiefly due to their superior bowling that Histon won.

The University and College Servants have had a very successful season. The cricket club finished up their local season's fixtures on Monday last, when they played Mr. G. H. Hardy's XI, the game ending in a draw very much in their favour. They got 184 for eight, and then declared, and got eight of their rivals out for 73. Darby took out his bat for 78, and Lattie captured five of the wickets. They have played all the college long vacation teams, playing 14 matches, and winning eight, drawing three and losing three. They also claim St. Giles' C.C. among their victims.

The sands of summer are rapidly running out, and King Cricket has but a short time longer to reign. The footballer is beginning to get his house in order for the coming season, and just now club annual meetings are all the go. In a week or two we shall be in the thick of the winter game again, and there is every prospect of a remarkably busy season so far as local teams are concerned. I shall be glad to receive copies of club fixture cards for the ensuing season.

ELY CRICKET CLUB.

The Season's Record.

The 1910 season of the Ely City Cricket Club has come to an end, and the result, considering everything, is very satisfactory. The weather, although bleak, did not interfere with cricket so greatly as in some previous years, and the fixtures, with few exceptions, were played as arranged. There were 30 matches in all, of which 16 were won, 6 lost, and 8 drawn.

The record of the 1st XI. shows that of the matches played, 9 were won, 5 lost, and 5 drawn. Mr. O. Hart, with 7 catches and one 100 not out, heads the batting list, his average being 33.83; Mr. F. Roberson, who played 13 innings, secures second place with an average of 27.36; and Toss-will ("pro.") has an average of 25.08.

In the bowling, Mr. O. M. Turner holds the premier position with an average of 2.8.

There were 13 2nd XI. matches played, of which 7 were won, 3 lost, and 3 drawn. Mr. H. Goodin is at the top of the batting averages with 26.6, Mr. R. Matthews being next on the list with an average of 22.33. Mr. J. W. Slater leads the bowling averages with 3.66.

CAMBRIDGE SCHOOLBOYS' LEAGUE.
THE QUALITY OF THE LEAGUE.
 This match, between the champions of the Cambridge Schoolboys' Cricket League, the Higher Grade School, and the Rest of the League, was played on Parker's Piece on Saturday last. It attracted a large and interested crowd. The Rest won the toss, and sent the School in to bat. The start was not very promising, as only six runs were scored when the first wicket fell. However, Taylor II, and Poulter carried the total to 40 for the fourth wicket, and although nine wickets were down for 54, some excellent batting by Taylor I, Southgate, and Hawkins brought the total to 93. The Rest opened in very promising fashion, Lilley hitting heavily before being run out with the score at 30. The bowlers then gained the upper hand, and the innings was finished off for 25. Taylor II, bowled superbly, taking seven wickets for eight runs besides making three excellent catches. Manning for the Rest, and Taylor II, for the School, each did the "hat-trick." Scores:—

It is with some surprise that I hear of a partial abandonment of Mr. Tom Hayward's annual charity match. The match will come off as usual this year, but no collection will be made for any charity. While regretting this, we must not let our surprise be greater than our thanks to Mr. Hayward for providing us with a good game to close the season, and for doing a good turn for numerous Cambridge charities. The reason he has not seen his way to making a collection this year is that he has only just returned to the town, and time has been too short to make all the arrangements. The match will be played next Saturday on Parker's Piece, commencing at 12.30, and the teams will be chosen from the following:—
 Mr. Tom Hayward (captain), J. R. Hagan, J. W. Hirst, W. J. Smith, D. L. G. Popham, H. E. Street, J. C. Faulkner, H. E. Stubbing, J. J. Swan, F. Dalton, and J. G. Hagan (captain), F. E. Collier, H. Colman, O. J. Edmond, F. Brabbling, G. Wain, K. C. Popham, F. Sawyer, F. W. Gray, W. C. Hunt, R. Hayward, A. H. Fitzhugh, E. Darby, F. Bryan, and E. Phillips.
