MATCH DRAWN (LOST ON FIRST INNINGS)

**CRICKET.**

**Minor Counties' Championship.**

**Glamorgan v. Wiltshire.**

This match was started at Cardiff on Monday before a good holiday crowd. Each side had an innings apiece, Glamorgan scoring 91, and Wiltshire 131, the latter thus securing a lead of 40. Glamorgan wiped this deficit off for the loss of five wickets, and at the close of play were 69 ahead with five wickets to fall.

It was impossible to resume play in the match on Tuesday on account of the weather and the state of the wicket. The match was consequently abandoned as a draw with the first innings' score in favour of Wiltshire. This is the first game this season in the Minor Counties' Championship in which the Welsh county has given away points, but it is not likely that their position at the head of the table will be appreciably affected. NORTHANTS v. DERBYSHIRE.

Played at Northampton on August 13, 15 and 16.

WEEK-END CRICKET.

Northamptonshire won by six wickets.

The wet state of the wicket prevented a start being made in this match until 10 minutes past one on Saturday. Derbyshire, going in upon winning the toss, lost Morton in the first over and Needham at 15. Humphries batted well for 100 minutes, and Cadman stayed with him whilst 52 were added. The innings closed, however, for 151—a poor total in the circumstances. Vials and Hawtin gave Northants a good start by making 88 together. The former hit eight 4's and did not give a chance, but the latter was very lucky. At the end of the day Northants were only 45 runs behind with nine wickets in hand. On Monday Hawtin increased his score to 80, batting altogether for 165 minutes and hitting three fours. Thompson and Haywood also were seen to advantage, and the home side gained a lead of 135 on the innings. Cadman, bowling well, obtained six wickets for 80. In their second innings, Derbyshire had four men out for 74, but subsequently Chapman stayed with Morton whilst 32 were added for the fifth wicket and Forester was in whilst 57 more were put on without loss for the sixth. When play ceased with five wickets down for 108, Morton carried out his bat for 70 and Forester his for 31. On Tuesday the sixth wicket did not fall until it had put on 80 in 90 minutes. Then Forester was bowled, and 17 later Morton, whose innings was a most valuable one, was caught at slip in trying to avoid a rising ball: he batted for three hours and three-quarters without a mistake, and hit only two 4's. After his dismissal, the end soon came, leaving Northants 97 to win. That number, thanks to Hawtin and Smith, they made for four wickets. Score and analysis:—

SATURDAY STARTS.

There has been a rumour that the Northants and Lancashire match at Northampton next summer will be commenced on a Saturday, remarks the Athletic News, but however much this idea may have found favour in the Eastern Midlands, Lancashire are strongly opposed to Saturday starts. It may be taken for granted that the game will begin as usual—either on a Monday or a Thursday.

The Finance sub-Committee of the Advisory County Cricket Committee entrusted with the problem of considering the question of first-class county cricket finance came to the conclusion, as we have already stated, that they could not make any recommendations, for they felt that the executives of the Counties were the best judges of what was practicable. Most of the evidence given was in favour of county matches beginning on Saturdays—though not sufficient to justify the change. But Lord Hawke refused to bind his Committee to such an experiment, while Mr. H. T. Hewett stated that Somerset were strongly opposed to such an idea. Neither Kent nor Lancashire signed the report of the Finance sub-Committee. But Kent are utterly at variance with such an idea, and it is acknowledged that Saturday is the worst day for gates in all Kent. Lancashire, too, have not a particle of sympathy with the movement in that direction, both in the interests of their own players and of club cricket. The Lancashire captain, A. H. Hornby, is of opinion that if Saturday starts were made the rule, amateurs would so speedily withdraw from county cricket of the first-class that there would soon be none of them left, and they are a most attractive section of the players. Amateurs who appear regularly with a county which meets all the other shires see very little of home during a summer as it is now, and with Saturday starts they would be in a worse plight than ever. But in the general interests of club cricket we hope that such an innovation will never be introduced. Saturday is a day which provides many counter-attractions both for sportsmen and for family life.

In this match the method in vogue in the Associated Cricket Clubs Cup was employed; each team was given two hours in which to bat in their first innings and the remaining time was divided evenly between the two sides.
